Mixture and Solutions Activities Answer Sheet

(On the Web at http://www.udel.edu/sine/students/mixtures/)

Name:_____

As you move each item from the bulldozer to the analyzer, record its name and what it contains. After the analyzer reports back, put a check in the correct column to indicate if this is a mixture or solution.

Item	Contains	Mixture	Solution

Now that you have finished, what would you say is the difference between a mixture and a solution?

What could you see on the Junkyard Analysis game to tell you if you had made a mixture or a solution?
