Ensuring Resilience to Disasters

Goals

1. Mitigate hazards
2. Enhance preparedness
3. Ensure effective emergency response
4. Rapidly recover
Ensuring Resilience to Disasters

Goal 1--Mitigate Hazards: Strengthen capacity at all levels of society to withstand threats and hazards.

• **Reduce the vulnerability of individuals and families:** Improve individual and family capacity to reduce vulnerabilities and withstand disasters.

• **Mitigate risks to communities:** Improve community capacity to withstand disasters by mitigating known and anticipated hazards.
Ensuring Resilience to Disasters

Goal 2--Enhance Preparedness: Engage all levels and segments of society in improving preparedness.

- **Improve individual, family, and community preparedness**: Ensure individual, family, and community planning, readiness, and capacity-building for disasters.

- **Strengthen capabilities**: Enhance and sustain nationwide disaster preparedness capabilities, to include life safety, law enforcement, information sharing, mass evacuation and shelter-in-place, public health, mass care, and public works.
Ensuring Resilience to Disasters

Goal 3--Ensure Effective Emergency Response: Strengthen response capacity nationwide.

- **Provide timely and accurate information**: Establish and strengthen pathways for clear, reliable, and current emergency information, including effective use of new media.

- **Conduct effective disaster response operations**: Respond to disasters in an effective and unified manner.

- **Provide timely and appropriate disaster assistance**: Improve governmental, nongovernmental, and private sector delivery of disaster assistance.
Ensuring Resilience to Disasters

Goal 4--Rapidly Recover: Improve the Nation’s ability to adapt and rapidly recover.

- **Enhance recovery capabilities:** Establish and maintain nationwide capabilities for recovery from major disasters.

- **Ensure continuity of essential services and functions:** Improve capabilities of families, communities, private sector organizations, and government to sustain essential services and functions.
Ensuring Resilience to Disasters

Key Strategic Outcomes

1. A standard for general community hazard mitigation is collaboratively developed and adopted by all communities.

2. Individuals and families understand their responsibilities in the event of a community-disrupting event and have a plan to fulfill these responsibilities.

3. Preparedness standards for life safety, law enforcement, mass evacuation and shelter-in-place, public health, mass care, and public works capabilities, including capacity levels for catastrophic incidents, have been developed and are used by all jurisdictions.

4. Jurisdictions have agreements in place to participate in local, regional, and interstate mutual aid.

5. All organizations with incident management responsibilities utilize the National Incident Management System, including the Incident Command System, on a routine basis and for all federally declared disasters and emergencies.
Next Steps

- **DHS Bottom Up Review**
  - Based on the results of the QHSR, DHS is reviewing all existing activities and mapping them to QHSR goals, objectives and outcomes
  - Purpose is to link strategy to activities

- **Resource Allocation Plan**
  - Once activities are mapped to strategy, resource allocation decisions can be made
  - Through the resource allocation planning process, DHS will complete the linkage of strategy to activities to budget

- **FEMA Planning Process**
  - The Bottom Up Review and the Resource Allocation Plan will then be used by FEMA to develop programs, policies and budgets
