Formidable Footprint Tabletop Exercise Overview

The Formidable Footprint series of disaster exercises serve as an opportunity for:

- Citizen Corps
- Community Emergency Response Teams
- Map Your Neighborhood Teams
- Neighborhood Associations
- Neighborhood Emergency Response Teams
- Neighborhood Watches

along with other community and neighborhood organizations to assess the ability of neighborhood residents to work together to prepare for, respond to and recover from a variety of natural disasters which can affect the lives of neighborhood residents.

ONX System

The **ONX** System is a secure internet application developed to allow for the design, facilitation and evaluation of HSEEP compliant exercises.

In utilizing the internet as a tool to deliver meaningful exercises participants can now experience the dynamics of an exercise while participating from their normal base of operations. Incorporating images, videos, interactive maps and much more the **ONX** System allows for an unlimited number of participants to partake simultaneously in a single exercise from locations across town or across the country.
