End of Chapter 32

Title of Journal: Big Bang Theory

1. Do you believe in the Big Bang Theory? Why or why not? Please provide evidence to support your argument either way. I would like at least full paragraph for this response (students may use their textbook or projects for this).
2. Please draw the H-R diagram, label all the parts, and include two interesting facts about it.
3. Write one paragraph about anything you like. It doesn't have to be about science – it can be whatever you want. Take it seriously. Be creative. Make sure you tell me exactly what you are writing and describing.
