

**GROUP PROJECT—Alternative Energy Sources**

**Individual Grading Rubric**

Portion of the grade	3 point	5 points	7 points	8 pts	10 pts	Your score
Correct scientific information	Barely has any information about the energy source or sustainability, or most of it is incorrect.	The basic description is included, but not explained. No information on sustainability is included.	The basic description is included and sustainability is mentioned, but neither are explained.	The basic description and sustainability are included. One of the two is not fully explained	The basic description and sustainability are included and everything is accurate and correct	
Stakeholders' needs	You only thought about one person	You included the needs of only 2 stakeholders	Your choices keep 3 stakeholders in mind, but the choices are not clearly explained	Your choices keep 3 stakeholders in mind and your choices are clearly explained	Your choices are clear, all 4 stakeholders' needs are met or those whose needs are not met have clear explanations for why.	
Presentation to the class	The person presenting did not look up from note cards and did not provide enough information.	The ad was missing a lot of information, did not hold the audience's attention, and lacked creativity.	The ad covers the basics about the energy source, but it does not hold the audience's attention and is only somewhat creative.	The ad contained good information, but the details are not fully explained. It does hold the audience's attention and is creative.	The ad was wonderful—interesting, with good, accurate information, and everyone now understands the energy source well.	

Portion of the grade	2 point	3.5 points	5 points	Your score
Style and attractiveness of materials	It is messy and looks like you spent little or no time on it	It looks like high school level work, but is not attractive	The materials are well laid out and worthy of being hung on display in the hall	
Participation	You did little to nothing to help the team succeed.	You did some work, but did not perform at your best level to help your team succeed.	You were indispensable to your team—they could not have done it without you! NICE JOB!
