Academic Program Review (APR)

The Office of Institutional Research and Effectiveness (IRE) supports departmental Academic Program Review by providing the following department-specific information:

- Student enrollment data
  - Majors and minors by gender and ethnicity
  - Undergraduate and graduate student credit hours
- Entering freshmen by academic plan
- Undergraduate retention and graduation rate data
- Degrees granted based on IPEDS Completions Report
- Post-graduation activities based on the results of the annual Career Plans Survey [http://www.udel.edu/IR/reports/cplans.html]
- Employees by EEO category, gender and ethnicity
- Instructional costs and productivity based on the Delaware Study [Academic Benchmarking: https://www.udel.edu/IR/reports/benchmarking/index.html]
- Faculty Scholarly Productivity data from Academic Analytics© [http://www.academicanalytics.com/]*

Five-year trends are provided for many of the above data elements.

* The Office of Institutional Research and Effectiveness [irp@udel.edu; 302.831.2021] should be contacted to request access to Academic Analytics©, as well as to schedule a one-on-one information session about Academic Analytics or the Delaware Study Academic Benchmarking.

Additional information about APR may be found on the Office of the Provost website: http://provost.udel.edu/content/academic-program-review.
