An exciting year lies ahead as you begin your educational career at the University of Delaware. *The New U: The 2003-04 Directory for New Students* is a valuable tool as you make new friends and adjust to life on the campus.

More than a keepsake, this publication will feature photos of and information about members of UD's Class of 2007, as well as transfer students, along with useful information about the University, details on campus organizations and web sites to watch and beautiful photos of the campus. A special focus of the publication is on student involvement, key to making the most of your college experience!

Sponsored by the Delaware Undergraduate Student Congress (DUSC), this soft-bound, 8 1/2-x-11-inch format book is being published by the University's Office of Public Relations. Copies will be available on the campus in September. Students will be notified by e-mail when and where copies may be picked up.
