Department of Behavioral Health and Nutrition

MINOR: PUBLIC HEALTH

Minimum Credits in the Minor: 18 (with an additional 3 co-requisite STAT credits)

Public Health is the scientific field of study focused on preventing disease, prolonging life, and promoting health. This is achieved through the conduct of scientific research, implementation of health education programs and the organized efforts and informed choices of society, communities and individuals. A joint program between the Department of Behavioral Health and Nutrition and the School of Public Policy and Administration, the Public Health minor provides an interdisciplinary opportunity to develop practical skills in program development and increase knowledge in the areas of social systems and policy as well as leadership. This minor offers a greater appreciation for the application of public health concepts to the student’s field of study.

The minor, available to students of all disciplines, requires 18 credit hours distributed as follows: Three required core courses (9 credits), and three elective courses (9 credits). At least six of the nine elective credits must be chosen from outside your major. All courses in the minor must be completed with a C- or better.

REQUIRED CORE COURSES: 9 credit hours (available fall and spring semesters):

- HLPR/UAPP211 Intro to Public Health
- HLPR/UAPP222 Intro to Epidemiology* (Coreq stat class options: STAT200, MATH201, MATH205, BHAN326, SOCI301, STAT408 or PSYC209)
- HLPR/UAPP233 Intro to Global Health

ELECTIVE COURSES: 9 credit hours: one 3-credit course from each of the following categories. One of the three electives may be taken from within student’s major.
