

### AMALGAMATED AND CONDENSED CHEMISTS (1956)

FIRST ROW: Maurice LePera, Social Chairman, Jackie Baird, John J. Baldwin. SECOND ROW: Robert J. Wilson, Walter J. Lafferty, David P. Jordan, Glenn S. Skinner, Advisor.\*  
\*[Ed. Note: that's GSS, Jr.!]

This group of senior chemists was organized last spring to promote more social activity between chemistry majors. Although the club is unrecognized by the Dean and received no funds from the SGA, fellow "Amalgamates" manage to get together at least once a week to discuss important developments in the good old Boswellian fashion.
