

## **Department of Kinesiology & Applied Physiology Department Chair Position Announcement Appointment effective September 1, 2011**

The Department of Kinesiology and Applied Physiology at the University of Delaware invites nominations and applications for a department chair. We seek a visionary senior scientist with a vigorous research program and significant extramural funding who can provide strong, dynamic, and innovative leadership to advance excellence in research, teaching and service to the professional community. In addition to a proven record of funded research, the candidate must also possess a commitment to undergraduate and graduate education, as well as effective management and interpersonal skills. The candidate should have an earned doctorate in kinesiology or a related field with specialization in athletic training, biomechanics, exercise physiology, or motor control and be eligible for appointment at the rank of Associate Professor or Professor.

The Department of Kinesiology and Applied Physiology (<http://www.udel.edu/kaap>) is a thriving academic unit of 20 faculty, approximately 500 undergraduate students pursuing a B.S. in Exercise Science or Athletic Training, and 60 graduate students pursuing a M.S. in Exercise Science or Ph.D. in Applied Physiology or Biomechanics and Movement Science. The department is part of the College of Health Sciences, which also includes the departments of Behavioral Health and Nutrition, Medical Technology, and Physical Therapy, and the School of Nursing. The College is poised to establish an exciting new comprehensive clinical research complex on a recently acquired 272-acre tract of University property (<http://www.udel.edu/udaily/2010/nov/chrysler112309.html>) that is slated for joint development as a research and technology campus by the university and our health science alliance partners <http://www.delawarehsa.org/>.

Founded in 1743, the University of Delaware combines tradition and innovation, offering students a rich heritage along with the latest in instructional and research technology. Located in scenic Newark, Delaware, within 2 hours of New York, Philadelphia, Baltimore, and Washington, D.C., the University is a state-assisted, privately governed institution. One of the oldest land-grant institutions in the nation, one of 19 sea-grant institutions, and one of only 13 space-grant institutions, the University has nationally recognized research (Carnegie rated, very high research activity) and educational programs supported by state-of-the-art facilities and an expansive library. External funding at the University exceeds \$160 million. More information is available at [www.udel.edu](http://www.udel.edu).

Review of applications will begin on November 15, 2010. Nominations and applications will be accepted until the position is filled. Nominations and expressions of interest will be held in confidence, and references will not be contacted without a candidate's permission. Candidates should submit a letter of interest, a detailed resume, and the names and contact information for four references to: Debbie Sage, Dept. of Kinesiology & Applied Physiology, Rm. 148 Human Performance Laboratory, University of Delaware, Newark, DE 19716 ([dsage@udel.edu](mailto:dsage@udel.edu)). Questions may be addressed to: Professor Cole Galloway, Search Committee Chair, 320 McKinly Lab, University of Delaware, Newark, DE 19716, (302-831-3214 or [jacgallo@udel.edu](mailto:jacgallo@udel.edu)).

*The UNIVERSITY OF DELAWARE is an Equal Opportunity Employer and encourages applications from Minority Group Members and Women.*
