

Have you had *a*  
*Stroke* and now have  
trouble walking?

In the Department of Physical Therapy, we are currently studying walking in people who have had a stroke.

The study consists of a series of evaluations and **up to 36 training sessions**.

### Who is eligible for the study?

We are looking for individuals 30 - 80 years old who meet the following criteria:

- Have had ***one*** stroke
- Weakness on ***one*** side
- Can walk ***without*** assistance from another person
- Can walk on a treadmill
- Do ***not*** take insulin for the control of diabetes
- Have ***no*** uncontrolled heart problems

## What is involved?

*If you are eligible and want to participate, the study includes:*

- Detailed clinical evaluations
- State of the art walking training

**All training is provided free of charge and compensation will be provided for participation in evaluation sessions**

## How can I get more information?

If you have questions, or are interested in participating, please contact Leigh Shrewsbury at **302-831-4615** or ***UDPTResearch@udel.edu***.
