List program changes for curriculum revisions:

Change the program admission requirements from required minimum GRE scores of 900 and 1050 for non-thesis option students and thesis-option students, respectively, to “recommended minimum” GRE scores of 1000 for all students entering the M.S. in Human Nutrition.
List new courses required for the new or revised curriculum:
(Be aware that approval of the curriculum is dependent upon these courses successfully passing through
the Course Challenge list. If there are no new courses enter “None”)

None

Other affected units:
(List other departments affected by this new or revised curriculum. Attach permission from the affected
units. If no other unit is affected, enter “None”)

None

Rationale:
(Explain your reasons for creating, revising, or deleting the curriculum or program.)

Students often switch from non-thesis option to thesis option after entering the program. After
consideration, it seems to make sense to have a uniform standard for all entering students.

Program Requirements:
(Show the new or revised curriculum as it should appear in the Course Catalog. If this is a revision, be
sure to indicate the changes being made to the present curriculum.)
