List new courses required for the new or revised curriculum. How do they support the
overall program objectives of the major/minor/concentrations)?
(Be aware that approval of the curriculum is dependent upon these courses successfully passing through the Course Challenge list. If there are no new courses enter “None”)

None

Supply support letter from the Library, Dean, and/or Department Chair if needed
(all new majors/minors will need a support letter from the appropriate administrator.)

N/A

Supply a resolution for all new majors/programs; name changes of colleges, departments, degrees; transfer of departments from one college to another; creation of new departments; requests for permanent status. See example of resolutions.

N/A

Explain, when appropriate, how this new/revised curriculum supports the 10 goals of undergraduate education: http://www.ugs.udel.edu/gened/

N/A

Identify other units affected by the proposed changes:
(Attach permission from the affected units. If no other unit is affected, enter “None”)

Copies of emails from the departments that offer the non-HDFS courses affected by the change are attached. MUED 390 Music in Early Childhood has been primarily for Early Childhood Education majors. It was formerly a required course for the major, but was changed to a Focused Elective, approved by the Music department for the 2011 catalog.

Describe the rationale for the proposed program change(s):
(Explain your reasons for creating, revising, or deleting the curriculum or program.)

Currently, the Early Childhood Education (ECE) major has a requirement called the Focused Elective, which is a three credit course chosen from a list housed in the Human Development and Families Studies (HDFS) Advisement Center and posted on the HDFS website. The Undergraduate Studies Committee for the Faculty Senate has requested that the approved courses be specified in the catalog. The purpose of Focused Elective is to allow ECE majors to choose a course that relates directly to the major, but that fits in with the students’ specific interests. The following courses were approved as appropriate Focused Elective choices, although ECE majors may also choose a course not on the list in consultation with an academic advisor:

- HDFS 230 Families and their Communities
- HDFS 270 Families and Developmental Disabilities
- HDFS 328 Introduction to the Research Process
- HDFS 416 Books for Early Childhood
- HDFS 427 Parenting through the Lifespan
- EDUC 258 Cultural Diversity, Schooling and the Teacher
- EDUC 395 Building Communities of Learners in Urban Contexts
- EDUC 440 Literacy Instruction for English Language Learners
- MUED 390 Music in Early Childhood
- NTDT 200 Nutrition Concepts

In addition to identifying specific Focused Electives, the catalog will now also reflect the Praxis tests required for endorsement for certification in the state of Delaware.
Program Requirements:
(Show the new or revised curriculum as it should appear in the Course Catalog. If this is a revision, be
sure to indicate the changes being made to the current curriculum and include a side-by-side comparison
of the credit distribution before and after the proposed change.) See example of side by side.

Hi Rena,

The SOE is pleased to support the inclusion of EDUC 258, 395, and 440 on the list of Focused Electives for ECE majors. We will submit a course revision proposal for EDUC 395 during the Fall 2015 course revision cycle so that ECE students are permitted to take the course. Next year the ECE students can take EDUC 395 with the permission of the instructor.

Subject: ECE Focused Elective Options

Hi Laura and Ralph,

HDFS has been asked by the Faculty Senate Undergraduate Studies Committee to obtain formal approval for courses for the Focused Elective requirement for the Early Childhood Education (ECE) major. The purpose of the Focused Elective is to give ECE majors an option to explore a content area that would be helpful for teachers of young children. Until now, we have been recommending certain courses, but for the fall 2015 catalog we will have a formally approved list. We would like to include the following courses on the list of approved Focused Electives for ECE majors from SOE:

- EDUC 258 Cultural Diversity, Schooling and the Teacher
- EDUC 395 Building Communities of Learners in Urban Contexts
- EDUC 440 Literacy Instruction for English Language Learners

We anticipate no more than five students at a time taking these courses. EDUC 395 currently is not open to ECE majors. It does not appear that the other courses have restrictions. Will you approve allowing ECE majors to choose these courses as part of their focused elective? Please let me know if you have any questions or concerns.
Thanks for your consideration.

Rena

Dear Dr. Hallam,

This email serves as formal permission for the Department of Human Development and Family Studies to include NTDT 200, Nutrition Concepts, on your list of focused electives for the Early Childhood Education (ECE) major.

If I can be of any further assistance, please do not hesitate to contact me.

Sincerely,

Mike Peterson

because it is on the breadth list. We anticipate fewer than five students taking the course each semester. Please let me know if you have any questions or concerns.
