**Subject:** Letter of Support - HDFS

Hi Sarah:

I'm a faculty member in KAAP and Director of Athletic Training Education here at UD. We are in the process of revising our current UG major to be titled "Sports Health" and we've proposed to include one of your course offerings titled Life Span Development (HDFS201) during the spring semester of the junior year in our program of study. We anticipate 10-15 students would need the class beginning Spring 2020 and each year after that.

UD's "Curriculog" system is requiring us to: "Identify other units affected by the proposed changes and provide letters of support from those units." Thus the reason for my message today.

Thanks for considering,

Sincerely,

Thomas W. Kaminski, PhD, ATC, FNATA, FACSM, RFSA

Dear Dr. Kaminski,

We support you including HDFS 201 as part of your offerings. Best of luck with the revisions to your major!
