ABOUT THE PROGRAM

The curriculum follows the guidelines established by the Ice Skating Institute (ISI), although we also include the USFS elements in our instruction. This makes a wonderful blend of both programs and is an easy transition into either direction of the skating world. This maximizes your development, enhances learning, and gives you the best of both!

Year round lesson programs are available for ages 3 and up and all ability levels. The format for the Winter will be 2 six-week series and consist of six half-hour lessons, followed by six half-hour practice sessions. Classes are grouped according to age and ability level. Classes are held in the Fred Rust Arena and are limited to 15 students per class.

TESTING

Testing is available on the fifth week of class for all skaters. Students receive a certificate on the sixth week to indicate their progress each series.

SKATE RENTAL

Skate rental is $2, per rental. A punch card of 10 rentals is available for $20; this card does not expire and can also be used for Public Sessions or another series of Learn-to-Skate. For those using their own skates, make sure they are sharpened before the first class.

PARENT SKATE

This allows a parent to skate on the half-hour practice after the class. Parent skate is recommended only to those who know how to skate. Siblings and/or friends who are not enrolled in classes cannot go on the ice during this time.

PARENTS ONLY

$20 per parent during Winter I & Winter II (40 for both)
