About Osher Lifelong Learning in Lewes

In 1989, the University of Delaware established the Southern Delaware Academy of Lifelong Learning. In 2010 the Academy received endowment support from the Bernard Osher Foundation. In recognition of that support, we joined similar organizations in 49 other states and became the Osher Lifelong Learning Institute (OLLI) at the University of Delaware in Lewes.

We operate a self-governing, cooperative education community that promotes and provides intellectual, cultural, and art-of-living learning experiences in a supportive social environment for mature active adults in Southern Delaware under the aegis of the University of Delaware’s Professional and Continuing Studies.

Maximum class size is 75, but some courses will have smaller limits, so use your priorities wisely.

How to Register
You may register and pay online at www.lifelonglearning.udel.edu/lewes, by mail or in person (Mondays through Thursdays, 9 a.m.–2 p.m.) with the June 2014 Registration Form, together with payment, at the OLLI office, Fred Thomas Building, 520 Dupont Avenue Lewes, DE 19958. When to Register
You may register in the office Mondays through Thursdays, 9 a.m. to 2 p.m., beginning April 15. The priority registration deadline is 2 p.m. on Thursday, May 15.

Fees
The membership fee is $50 for the June 2014 session. Our program depends almost entirely on registration fees, which are applied to our operating expenses, including rent for use of the Fred Thomas Building, staff salaries and the cost of printing and postage.

Refunds
No membership refunds will be given after the end of the second week of the semester. You must submit any request for refund in writing to the OLLI office. A $15 charge will be deducted from all refunds.

Gifts
While we calculate membership fees to cover our operating costs, we always have a need for additional and upgraded audiovisual equipment, computers, classroom teaching aids such as maps, films and library materials. Many of those items are paid from the Gift Fund. We are happy to receive your donations to the Gift Fund for a specific use or, preferably, unrestricted so your Council can focus them on our greatest needs. You can include a gift with your registration. For more information on how to make these tax-deductible gifts, contact the OLLI office, 302-645-4111.

Lunch
Social interaction is important to our community. We encourage you to continue class discussion or simply to chat and become better acquainted during the noon hour. Bring your brown-bag lunch and store it in the office refrigerator.

Textbooks, Supplies and Handouts

HX168 SKEPTICS OF AMERICAN HISTORY
Wednesdays, 10 a.m.–Noon
Dates: 4 Sessions, June 4–June 25
Instructor: Philip Fretz

Our knowledge of American history is built on a set of long-accepted beliefs. But what if those beliefs—however familiar—don't really tell the whole story? What we believe to be history is the lens through which we view the world. And when that lens is distorted with misleading information, it has powerful effects on everything from how we vote to how we interpret the news. Now you can reexamine many commonly held myths and half-truths about U.S. history in this DVD course from The Great Courses. Delivered in 24 lectures by award-winning Professor Mark A. Stoler of the University of Vermont, this bold course will make you consider what actually happened in the nation's past—as opposed to what many believe happened. More than merely debunking accepted accounts, you'll be able to replace these misconceptions with insightful truths. There will be limited discussion in this course.

Class is limited to 75 students.

Philip Fretz, originally from Philadelphia, retired here after 37 years in the computer services industry. He holds a B.A. in political science and an M.B.A. in computer science. He loves to travel, has lived in London and Bologna as a college student, West Africa as a Peace Corps volunteer and overseas in the U.S. Army.

LS126  GARDEN SMART—GARDEN EASY
Tuesdays, 10 a.m.–Noon
Dates: 1 Session, June 24
Instructor: Bob Williams

This workshop will include ideas on removing barriers to gardening through creative adaptations of tools, techniques and garden layout. A display of adaptive tools will be available for gardeners to explore. The goal of Garden Smart—Garden Easy is to encourage gardeners to continue to enjoy the physical, emotional and social aspects of gardening with a few simple modifications.

Class is limited to 75 students.

Bob Williams is a Sussex County Master Gardener, class of 2005. He is chairman of the accessible gardening committee and Master Gardener of the Year for 2013. After back surgery and gardening in a table garden he realized others might have the same challenges so the Garden Smart—Garden Easy program was developed.

PA63 THE COMPOSER'S MANUSCRIPT: THE CALLIGRAPHY OF MUSIC
Tuesdays, 1:30 p.m.–3:30 p.m.
Dates: 4 Sessions, June 3–June 24
Instructor: Jon Newsom

Musical notation can be a calligraphic art beyond its necessary function as a composer's only way of showing performers what he wants them to play. Music written in its composer's hand offers to both the expert and the untrained amateur the pleasures of seeing a graphic representation in the composers' hands of the visible form of their musical masterpieces. Without even knowing the craft of musical notation, you can be drawn into the musical creative process. We will explore the manuscripts and the music they represent from the Middle Ages to Stravinsky and Gershwin. We will hear the sounds of great music first presented in performances from calligraphic masterpieces. Handouts will include color reproductions of samples of manuscripts from the Library of Congress and many other collections whose treasures have been published in faithful facsimiles. Come and see and hear. Materials for this course are provided by Winslow Media, LLC.

Class is limited to 75 students.

When Jon Newsom retired as chief of the Music Division of the Library of Congress in 2005, he headed for OLLI so he could do what he always wanted to do: teach. There is hardly anything in the arts that he doesn't love, so, succumbing to the temptation to teach literature with musical connections, he offered a summer course on The English Patient. That done, someone asked for another such course so he eventually did a 20-week course on Tolstoy's War & Peace. Now, he wants to get back to music and with the resources he has gathered from his Library of Congress career, he wants to show manuscripts of Bach, Beethoven and Brahms, along with other usual suspects from the Middle Ages to Gershwin.

PS34  Dying, Death and Bereavement: Exploring Difficult Issues

Tuesdays, 1:30 p.m.–3:30 p.m.
Dates: 4 Sessions, June 3–June 24
Instructor: Madeline Lambrecht

We meet death every day via the media—TV, web, newspapers, movies, etc. We are bombarded with death and grief, yet at the same time, are distanced from it. While we’ve moved death “out of the closet” to some degree, discussion of death at the personal level remains elusive and difficult. The format of this class will be mini-lecture followed by lively discussion. The agenda of topics will be selected from suggestions offered by participants and the instructor at the first class meeting. Examples of possible topics include: Are there gender differences in the way grief is experienced? What is the difference between palliative care and hospice? How do you initiate a discussion about end-of-life issues with family/significant others? What are the important questions to ask before joining a grief support group? Participants will receive handouts and resources for continued exploration of class topics.

Class is limited to 14 students.

Madeline Lambrecht, professor emeritus, University of Delaware, has been an educator, counselor and consultant on loss-related issues for over 30 years. She is a past president of the international Association of Death Education and Counseling (ADEC) and the Delaware End-of-Life Coalition. Madeline received the Death Educator Award from ADEC in 2011 and in 2003 and 2010, she received an Excellence in End-of-Life Care Award from the American Association of Colleges of Nursing. In 2009, she was a recipient of a Jefferson Award for Public Service for end-of-life initiatives in Delaware. She is a frequent presenter, both nationally and internationally on death related issues, including suicide. Her publications include articles and multimedia works, one of which, Bereavement Counseling: Theoretical and Clinical Perspectives, was awarded a Bronze Medal at the New York Film Festival in the 1990s.

RR02  English Country Dance

Thursdays, 10 a.m.–11:30 a.m.
Dates: 4 Sessions, June 5–June 26
Instructor: Carol West

Come and enjoy the dance form America grew up
with. It’s been fun for more than three centuries, it’s still fun and we think you’ll like it. It’s easy to learn! If you can walk and smile, you can do this kind of dance. The caller will explain all the moves and walk you through the dance before it starts, then continue to prompt you as the dance goes on. The dances focus on the group, not the individual. We customarily change partners after each dance, so we get to dance with lots of different people. We’re a friendly group! It’s easy and there’s the music! It’s NOT to be missed!

Class is limited to 30 students.

Carol West was a high school math teacher in Maryland for 25 years. She is a beginner caller for English Country Dance. She enjoys music in all forms and plays violin and handbells.
