Shopping the Lowe’s Pro Punchout Catalog
What’s different in UD Exchange?

Buying from Lowe’s store

Previously, to buy at a Lowe’s store, the user needed a p-card or authorization for a blanket order.

Now, in UD Exchange, a user can place an order, have it approved, and pick it up in the store at the Lowe’s Pro desk.
Select the Lowe's Pro punchout tile from your Shopping Home Page.

Lowe’s Pro Details

- Next day in-store pickup is available for in stock items.
- You can call the store directly for curbside pickup or same-day rush orders.
  - Recommended timeframe is between 8am-3pm
- In-person pickup is located at the Pro Desk, not the general Customer Service Pickup area.
  - Applies to all stores, not just the Newark, DE location.
- For pickup, just bring a copy of the order and your ID (UDID is acceptable).
- Users will receive an email order confirmation and an email when the item is ready for pickup.
The Lowe’s order confirmation will be sent to the “Prepared For” user’s email address. The user will receive another email when the order is ready to be picked up, and another email when it has been picked up.

If the Shopper or Requester cannot pick up the order, they can send someone else as long as that person has ID and the order confirmation.
Returning items and Invoices/Credits

• To return an item, take it back to the store with the original order email/documentation.
• All Lowe’s purchases are charged/credited to a central purchasing card. We automatically create invoices for Lowe’s, so it will show in your payment data before it is picked up and charged.
• If you have returned an item, or the order was canceled because it wasn’t picked up, Lowe’s sends us a weekly report for our AP team to adjust purchase orders and vouchers. Please email procurement@udel.edu if you don’t see a credit a week after a return.
