

Reading the Degree Audit

The Degree Audit is found in UDSIS, available on-demand to students and advisors, and is a report of degree requirements based on a student's declared area(s) of study. It includes all earned and in-progress credit on the student's record and applies that credit to applicable requirements, providing students and advisors with an individually tailored reference for degree progress. This document describes the basic structure of the Degree Audit from top to bottom, but please note that each student's report is unique, and the following examples and screenshots are for illustration purposes only. The Degree Audit is primarily for Undergraduate students. Students should contact their advisor or [Academic Assistant Dean's Office](#) of their college with any questions or concerns regarding the Degree Audit. Advisors with questions or concerns regarding the Degree Audit should contact the [Registrar's Office](#).

NOTE: after clicking **Degree Audit** in UDSIS, it may take a few moments to load, based on the data to display.

Select Institution/Career

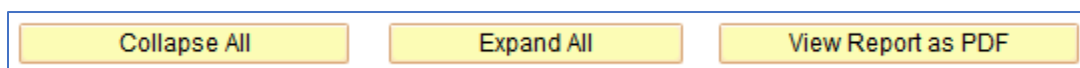

This section only appears for students active in both Undergraduate and Graduate careers at the same time. Use the drop-down menu and click the **Change** button to toggle between careers. Note that most Graduate programs do not have Degree Audits.

Report Date and Time Stamp

Lists the date and time of when the data in the report was last generated.

Buttons

The report initially generates with all **satisfied** requirements collapsed, and all **not satisfied** requirements expanded.

- **Collapse All** button: clicking this will minimize all requirements below the header. This will give a high-level overview of the degree requirements for the student but does not give any sense of progress as all requirements are forced closed, whether they are satisfied or not. Regenerate the report to undo this action.
- **Expand All** button: clicking this will expand all requirements below the header. This will show all requirement details and text, whether satisfied or not, and any coursework applied toward those requirements. Regenerate the report to undo this action.
- **View Report as PDF** button: clicking this will generate a PDF version of the Degree Audit being viewed. This will appear in a separate pop-up window/tab. You may need to adjust your browser settings (<http://www.udel.edu/it/help/popups.html>) to allow the pop-up window to appear. The PDF/printer-friendly version contains the same data as the

collapsible degree audit, however completed requirements are not collapsed in order to show the course and requirement details. The PDF version also contains a **Course History** section at the end of the report, with repeated credit information, course topic information, and requirement designation information.

Course Icon Key

One of these icons displays next to each course in the Degree Audit. Courses that have been completed appear with the **Taken** green check mark icon. Courses in progress appear with the **In Progress** yellow diamond icon. The Degree Audit assumes successful completion of in progress coursework, so that coursework can apply to pending requirements. Requirements being satisfied by in progress coursework are re-evaluated when there is a change in the status of the course (graded, withdrawn, etc). The **Planned** blue star icon is not currently used.

Header

		Requirement (Catalog) Term
Career:	Undergraduate	2017 Fall Semester
Program:	Arts and Sciences	2011 Fall Semester
Plan:	Art BA	2011 Fall Semester
Plan:	Biological Sciences BA	2015 Fall Semester
Subplan:	Honors Degree Candidate	2015 Fall Semester
Plan:	Honors	2011 Fall Semester
Plan:	Spanish Studies	2014 Fall Semester
Cumulative GPA:		
Last Registered Term: 2019 Spring Semester		
Expected Grad Term: 2020 Spring Semester		

The header box includes a summary of the area(s) of study that the student has declared, as well as **Cumulative GPA**, **Last Registered Term**, and **Expected Graduation Term**. Definitions and further information on **Requirement (Catalog) Term** and **Expected Grad Term** can be found by clicking the corresponding links in the report.

UD Disclaimer

UD DISCLAIMER

This evaluation is provided for advisement. It is not an official transcript. Please report any discrepancies or questions to your Academic Advisor. Consult your Academic Advisor and/or Assistant Dean to verify that all requirements have been met. Students are expected to be aware of established academic policies. Information regarding applicable policies can be found in the Academic Catalog (catalog.udel.edu), under the section titled "Academic Regulations for Undergraduates". (G4545)

Residency Requirement

▼ RESIDENCY REQUIREMENT

Not Satisfied: Students must complete either 90 of the first 100 credits or 30 of the last 36 credits, full- or part-time, at the University of Delaware. (G5822)

Residency Requirement Option 1: 90 of first 100 credits

Not Satisfied: Complete 90 of the first 100 credits, full- or part-time, at the University of Delaware. (R2410)

Residency Requirement Option 2: 30 of last 36 credits

Not Satisfied: Complete 30 of the last 36 credits, full- or part-time, at the University of Delaware. (R2409)
NOTE: should you transfer coursework from another institution to UD later in your career, completion of this option of the Residency Requirement may be affected. Please consult your academic advisor/college Assistant Dean's office with questions and to ensure that you are on track to complete UD's Residency Requirement.

A requirement for all Undergraduate bachelor's degree candidates, the Residency Requirement begins evaluating once a student has earned 90 cumulative credits. Prior to that, it still appears, but only as informational text describing the requirement.

University Requirements

▼ UNIVERSITY REQUIREMENTS

Satisfied: UNIVERSITY REQUIREMENTS (G3) (17F- current)

- ▶ 2.00 MINIMUM GPA REQUIRED
- ▶ ENGL 110
- ▶ MULTICULTURAL REQUIREMENT
- ▶ FIRST YEAR SEMINAR
- ▶ DISCOVERY LEARNING EXPERIENCE
- ▶ CAPSTONE

This section includes items that are required of all Undergraduate bachelor's degree students.

University Breadth

▼ UNIVERSITY BREADTH

Satisfied: UNIVERSITY BREADTH REQUIREMENTS (AS) (G4364)

UNIVERSITY BREADTH (BIS)

Satisfied: Complete the following with a grade of C- or higher in each. Students must take breadth courses from four different subject areas. Students may not use a course that is cross-listed with a subject area that has already been used to satisfy a university breadth requirement. Students enrolled in a single major may not satisfy the breadth requirement with courses in the subject area of that major. (R1436)

- ▶ Creative Arts & Humanities
- ▶ History & Cultural Change
- ▶ Social & Behavioral Sciences
- ▶ Math, Natural Sci & Tech
- ▶ NO MAJOR COURSES

University Breadth is also required of all Undergraduate bachelor's degree students. Four different subject areas (including cross-lists) must be represented between the four categories, and students in a single major may not use a course that is in the subject area of that major.

College Requirements/Breadth

Depending on the college(s) and major(s) for the student, there may be college-level breadth and other requirements. Note that some colleges have breadth lists that are distinct from the University Breadth lists. Care should be taken to ensure that the correct list is being referenced when selecting courses for these requirements.

Major Requirements

Major level requirements appear next, beginning with the total minimum credits required for the degree. Concentration/specialization specific requirements will also appear in this section, if applicable.

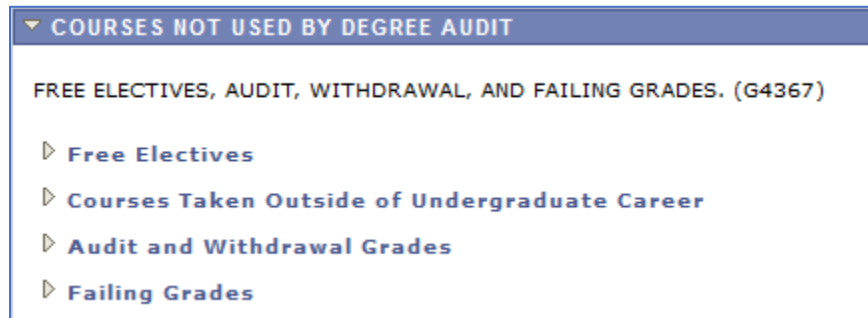

Honors Degree Candidate Requirements

For students who have declared pursuit of an honors degree with the honors program, a separate section displaying those requirements will appear below the major.

Minor and Certificate Requirements

Minor and Certificate level requirements appear next, for students who have declared one.

Courses Not Used By Degree Audit

- **Free Electives:** expand this line to view any coursework not currently being used toward University-level, college-level, or major-level requirements.
- **Courses Taken Outside of Undergraduate Career:** expand this line to view any coursework taken outside of the Undergraduate career (typically for students in a 4+1 program). Coursework listed here (taken outside the Undergraduate career) does not automatically apply to requirements in the Undergraduate degree audit. Any coursework taken in the graduate career prior to completion of the undergraduate degree must be internally transferred back to the undergraduate career, and this line helps advisors and administrative staff with monitoring those cases.
- **Audit and Withdrawal Grades:** expand this line to view courses on the student's record with a grade of L or W. This is for reference, as this coursework does not earn credit and is not eligible to satisfy requirements.
- **Failing Grades:** expand this line to view courses on the student's record with a grade of F, Z, or X. This is for reference, as this coursework does not earn credit and is not eligible to satisfy requirements.
