Is a Winter 2021 grading change right for you?

1. Review the Winter 2021 grading options:
   https://www.udel.edu/home/coronavirus/academic-regulations/#undergrad

   Note: Students are not required to change the grading option for their courses if they are pleased with the grades they have earned. However, grades of D+ through F (including Z) will automatically be changed. If a student earns a D+, D or D-, the Registrar’s Office will automatically convert the grade to Low Pass; students do not need to do anything to convert the grade to Low Pass. If a student earns an F or Z, the Registrar’s Office will automatically convert this grade to No Credit; students do not need to do anything to switch a course grade from F or Z to No Credit.

2. Access your Unofficial Transcript via UDSIS:
   www.udel.edu/udsis > Grades & Transcript tile > View Unofficial Transcript

   **Disable your pop-up blockers!** Your unofficial transcript will open in a new tab.

3. Utilize the GPA calculator with the information on your unofficial transcript.
   http://www1.udel.edu/registrar/students/gpa-calc.html

   **Input Winter 2021 Grades**

   **Input last term’s** (Fall 2020) Cumulative Quality Hours & Points information from your unofficial transcript

   **Select Recalculate**

   Test changing some winter semester grades to ‘P’ to view the impact of selecting the new grading basis. Don’t forget to select Recalculate to view the updated GPA impact!

4. After thoroughly testing your options, if you determine that it’s best for you to change your grade(s) to the modified Pass/Fail option, submit the Grading Basis Change Request webform from February 11th - 17th, 2021.

Additional Questions?
Consult your Assistant Dean’s Office to discuss the implications of the grade change options.
