Friday March 2, 2018 the University of Delaware was honored to be one of the few locations in Delaware that hosted the POW Flag Tour event. This event was started by a fellow veteran who had a dream to honor the over 83,000 unaccounted for service members still missing today. The state of Delaware hosted this POW Flag from March 1-3 as it continues making its way across great country. Please see a few pictures from the event below and be sure to check out Eric Ruth’s article on this event as I have attached the link to the article below.

Want to gain some experience at one of the oldest financial institutions in the country? JPMorgan Chase’s Military Veterans Program can give you a first-hand look at what it’s like to work at a leading financial services firm. On June 18, JPMorgan Chase will be holding a recruiting event for the Military Veterans Program at their global headquarters in New York City.

This event will give you the opportunity to meet senior leaders at JPMorgan Chase, learn about what opportunities are available at the firm, and interview for programs for which you are eligible. A successful summer program experience at JPMorgan Chase can serve as a platform for a full-time position at the firm following graduation.

**To be considered for the Military Veterans Program on June 18, you must submit your application by May 13. Successful applicants are eligible to have their hotel accommodations and domestic round-trip travel paid for if needed.**

Fun Facts about Each Branch

**Army:** Of the 45 men who have served as president of the US, 31 had military service. Twenty-four of them served in the Army, or in state militias (our modern-day National Guard). Though being in the military is not a requirement for the presidency, President George Washington started a trend that saw future presidents in some cases making their name as war heroes: Theodore Roosevelt received the Medal of Honor for his famous charge up San Juan Hill, and George H.W. Bush received the Distinguished Flying Cross during World War II.

**Navy:** The U.S. Navy boasts more than 300 ships and more than 4,000 operational aircraft.

**Air Force:** An “ace” is a pilot who has shot down five or more enemy aircraft. The top jet ace in U.S. Air Force history is Joseph C. McConnell, a “Triple ace” who shot down 16 MiG fighters during the Korean War over a four month period, bagging three on his last combat mission of the war. His record still stands.

**Marines:** The English Bulldog became the official mascot of the Marines after they were referred to as ‘devil dogs’ in World War I. The English Bulldog is loyal, tenacious and faithful breed, making it the perfect mascot for the United States Marine Corps given their motto.

**Coast Guard:** The Coast Guard is smaller than the New York City Police Department.
