Is your research focus CARDIOVASCULAR, NEUROSCIENCE or CANCER?

Would you like support along your path to scientific independence?

Pilot Project Workshop

May 2, 2013
8:30 am

University of Delaware
DE Biotechnology Institute
15 Innovation Way
Room 102

Delaware INBRE Pilot Grant funds are intended to seed future NIH investigators for projects at various stages of biomedical research:
> fundamental, basic research
> development of technologies, treatments or assessment methods
> clinical and translational research

Grantees obtain scientific guidance, access to facilities and mentorship.
