Social Sciences and Human Health
Inaugural Symposium

September 30, 2011
University of Delaware
Clayton Hall
Newark, DE
Lunch & Break-out Sessions
Discussion Points for Breakout Sessions

- How do income, race, gender and residence affect access to treatment for diabetes/obesity/healthy lifestyles and better water quality?

- What role does community outreach play in your research? If none, what role might it play?

- What are the contributing behavioral and social factors to diabetes/obesity/healthy lifestyles and better water quality?

- What role/roles do you see yourself in contributing to these health issues?

Social Sciences & Human Health Initiative
