As a team, we can help you use technology more efficiently.

If you need help learning how to use various pieces of equipment such as (but not limited to):

- video cameras
- digital cameras
- LCD projectors
- mobile laptops
- graphing calculators
- science lab equipment

If you need assistance with various software packages such as (but not limited to):

- Word
- Excel
- Power Point
- Publisher
- Dreamweaver
- IGPro
- Vernier
- LoggerPro
- Graphical Analysis
- Outlook
- Photoshop
- Help Desk
- Power Library
- Electronic Card Catalog

In addition to using the technology, we are here to help you incorporate these technologies into your classroom lessons!

Do you need assistance with:

- shooting digital video or pictures to use in a project
- using IGPro to setup new tasks, new marking periods, or exporting grades
- putting together a Power Point presentation using images, sounds, or special effects
- using an LCD projector to display your lesson
- setting up an address book in Outlook
- sending forwards & attachments, or replying to emails
- setting up spreadsheets or formatting them in Excel
- using Excel for programming equations or graphing
- using Vernier software for graphing and analyzing data
- using LoggerPro for data collection and analysis
- using Dreamweaver to design a website for your classroom, team, or club
