In the First Session there are also a number of courses that meet on a 7 1/2-week schedule. These will normally have two 3-hour meetings per week and the 7 1/2-week classes are often scheduled in the evening hours. There are also a few classes that meet on a 10-week schedule spanning both 5-week ones.

**REGISTRATION FOR ALL SESSIONS BEGINS APRIL 2.** Register early, since class seats are assigned on a "first-come first-served" basis subject to registration restrictions.

GENERAL INFORMATION and ADVISEMENT

Anyone may participate in Summer Sessions...

In each of the two Sessions you may enroll for up to 7 credits. Registration in Summer Sessions neither requires nor implies admission to the University of Delaware. Some courses are designed for special student populations. Such courses may have enrollment restrictions or give preference to certain registrants. These cases will be noted in the course details at:

www.udel.edu/summer

You are also advised to make your registration requests early, since courses are assigned on a first-come first-served basis.

If you have questions about the Summer Sessions, please call (302)-831-2853.

- **University of Delaware students** should consult their academic advisors concerning course selection. The Summer Sessions can enable you to obtain the courses which are often in high demand during the fall and spring semesters. Summer attendance can also enable you to take a lighter course load during regular semesters, while still making expected progress toward your degree.

- **Students who transfer into the University or change their program of study** should contact their new College or Department to receive advisement, if you have not already done so. In many cases, prerequisites are available in the Summer that will help you synchronize your schedule with the fall offerings in your new program.

- **Students from other colleges are welcome** to attend Summer classes in order to obtain credit toward their degrees elsewhere. Especially for Delaware residents, attendance at the University of Delaware is not only convenient, but can also yield considerable tuition savings. Be sure to confer in advance with officials at your home institution regarding the transfer of credit. Only they can judge whether the courses you plan to take at the University of Delaware will be applicable to their programs. We will gladly furnish course descriptions to facilitate such discussions.

- **Adults who are not in a degree program** are encouraged to contact the Continuing Studies ACCESS Center at 831-8843 for advisement. Whether you hope to expand your skills, your credentials, or your horizons, there are Summer Session classes for you. A number of our classes are available in the evening or online.

- **High School students** who are academically advanced and highly motivated may also take University courses in the Summer. These students are required to consult with an ACCESS counselor before registering for courses. Please call 831-8843 to make an appointment.

FINANCIAL INFORMATION (Subject to Change)

**Tuition Payment**

The University of Delaware provides access to your student account through your My Finances online student financing site, available at www.udel.edu/myfinances.

Balances must be paid prior to the start of classes in order to avoid late payment fees. If you are expecting financial aid or a credit not yet reflected on your student account, log in to My Finances and click on the pencil icon in the “Additional credits” column to report additional credits. Please pay any remaining balance due not covered by these expected credits.

Notification of account charges is sent via email to the student’s UDEL email, so new students must establish a pin and email account at the time of registration to receive these notifications. Students also have the option of granting My Finances access to an authorized party through the Parent/Guardian Services site. See www.udel.edu/myfinances for more information.

If you have questions about the billing, financial aid, and/or payment process call a Student Financial Services advisor at (302) 831-2126.

Please Note: NO REBATES are made for course withdrawals after the end of the Late Registration and Free Drop/Add period (June 8 for the First Session; July 13 for the Second Session). Students must follow the appropriate procedures to withdrawal from their courses.

**Residency Classification for Tuition Purposes**

In general, to qualify as a Delaware resident student for tuition purposes, the student (or the parent upon whom the student is dependent) must have established a domicile in Delaware and must have maintained continuous residence therein for a period of 12 consecutive months prior to the first day of classes in the semester or session in which Delaware resident student status is sought. First-time students, especially Continuing Education and foreign students, should resolve any questions concerning residency before submitting their registration forms.

**Tuition Rates - Per Session**

If taking classes in both the First Session (encompassing both the 5-week and/or 7.5-week periods that start June 4) and the Second Session (July 9 - August 10), please note that your charges are calculated separately for each of those two “sessions”.
