Individual multiple choice question:

☑ Excellent
☑ Good
☑ Fair
☑ Poor
☐ Not Applicable

1. The questions are separate from the grid.

2. Use a grid without bubbles for the questions, and a grid with bubbles for the responses.

3. This allows the question lengths to change.

4. Use this format when there are many questions that have the same answer format.

5. Response headings are a separate text box.

---

Fixed column grids:

1. This is question one
2. This is question two
3. This is question three
4. This is question four
5. This is question five
