WINSTON’S WAR: 1941–1945
Free lecture series open to the public featuring Ray Callahan, Ph.D.
Fridays, 12:30 p.m.–1:45 p.m. October 7 through December 9, 2016
1940 was the stuff of legend—and legend it duly became. But as that year drew to a close, another 52 months of war lay ahead, during which the decisions made during six frantic months in 1940 played themselves out. Britain, and its place in the world, was totally transformed. In 1945, the country was bankrupt, a social revolution had occurred and the empire was in steep decline. Britain had won a complete victory, but the cost of that victory had been huge. Churchill had led that effort, shaped much of the war’s strategy—but closed his eyes to the cost. In his final years, when the world saw his life as a triumph, he told a close relative he had failed. Britain’s world power was gone. Which assessment of his leadership—triumph or tragedy—does history endorse? Join University of Delaware Professor Emeritus Raymond Callahan as he revisits those final pivotal years of World War II.

Dr. Callahan held the John F. Morrison Chair of Military History at the U.S. Army’s Command and General Staff College and is a Fellow of the Royal Historical Society. An expert on military history, he authored five books, most recently Churchill and His Generals.

Courses classified as COMPUTER LABS involve hands-on instruction with individual equipment. Courses classified as COMPUTER PRESENTATIONS consist of classroom lectures and demonstrations and are applicable to PC, to Mac or to both if so specified.

The laboratory courses are divided into three levels of difficulty: beginner, intermediate and advanced. These levels refer to the MINIMUM computer background needed to understand the material fully. More specific prerequisites are provided in the course description and syllabus for each course.

Meeting such prerequisites for laboratory courses is essential for completing class exercises. If you are unsure if a course is appropriate for your level of experience, contact the instructor for more information. Fall 2016 Osher Lifelong Learning... What a gift!
Auto Registration/Parking Hangtags

Osher Lifelong Learning Institute at the University of Delaware in Wilmington

Up-to-date parking hangtags are required to park on the University’s Wilmington Campus. Each car must be registered—the hangtag is associated with the license plate and should not be moved between cars. Two cars can be listed on one form. There is no charge for the hangtag or date sticker.

All members, new and continuing:

• Complete one form (pages 59, 60), which can be used for one or two cars.
• Returning members must bring their hangtags, along with the form.

Do not mail the form. Bring the completed form to Arsht Hall at registration or when classes begin.

Hangtags must be returned to the Office if requesting a membership fee refund.
