

EM Assist

**An Emergency Management
Knowledge and Resource
Base**

Offline Version - Module 1

Categorizes terms by **hazard, resource, and function**, and also indexes the terms **alphabetically**.

You may review all terms associated with a **hazard, resource, or function** -- or you can use EM Assist as an **expanded dictionary**.

Offline Version - Module 2

Examines the **process of designing, developing, and conducting exercises**. It looks at the process from needs **assessment through evaluation**.

EM Assist Overview

EM ASSIST provides information about hazards, resources, and organizations associated with emergency management. It also provides definitions, training aids, checklists, and "how-to" tools to assist those who must deal with emergencies.

Whenever you see text highlighted or colored as is the text below, it indicates that by clicking your mouse on that text you will go to the information screens linked to that text. Go ahead and click on an item below to go to the section listed. (Also, try the HELP button near the top of the screen over on the right.)

[EM Assist – Who Needs It?](#)

[Table of Contents – Emergency Management Definitions, Resources, and Concepts](#)

A vertical sidebar menu on the right side of the screen. It contains several buttons: 'NOTES' (yellow notepad), 'BOOKMARK' (red book), 'INFORMATION ABOUT' (speech bubble), 'PRINT' (printer), 'Exercise ToC' (text), 'Index' (text), 'Acronyms' (text), 'Checklists' (text), 'How-To' (text), 'Graphics' (text), 'ICS Chart' (text), 'Local' (text), and a large 'EM ASSIST' logo at the bottom with a blue cross background.
