Welcome to **PLANet**! Choose Build My Plan on the left to get started. This will walk you through step-by-step as you collect and enter the pieces of your Critical Incident Plan.

Once you've built your plan, Print My Plan lets you publish it for testing or as a script to follow in an emergency.

If you already have a plan in place, Update My Plan lets you make changes and additions quickly. It's important that your plan contains current, accurate information.

If you are new to **PLANet** and want to learn more about it, select Tell Me More. You'll see why Critical Incident Planning is so important and how **PLANet** makes building your plan easy.
