Introductory OpsCenter Help information

Shortcut Panel: selected roles and their shortcuts to the specific functions that you've decided the role requires

Status Board: lists one line summary of the info you need, i.e. one line per facility

The screenshot shows the OpsCenter web application interface. On the left is a 'User Defined Role' sidebar with a 'Facilities Manager' role selected, containing icons for 'Activation Checklist', 'Allocated Resources Report', 'Available Resources Report', and 'Facilities'. The main area is titled 'Facilities' and contains a table with columns: Facility Category, Facility Name, Description, Owner, County, City, Daily Cost, and Critical. The first row is highlighted in green. Below the table is an 'Edit Facility' form with sections for 'General Facility Attributes' and 'Specific Facility Details'. The form fields are populated with data from the highlighted row in the table.
