Scheduling Problems and lists of tutors: If you have any problems regarding scheduling of lab sections or wish to see a department approved list of tutors, please see Linda Staib in the chemistry office (phone 831-2465 email: lstaib@udel.edu)

Examinations and Grading:

Four midterms:	400 points
Final:	200 points
Lab:	<u>200 points</u> (best 10 of 11 labs)
Total:	800 points

There are NO "make-up" exams. If you have an excusable absence (e.g. **documented** illness or death of family member), contact the Dean's office. In such an instance, your grade will be curved to accommodate the absence. **If the absence is not deemed excusable by the Dean's office, you will receive a score of zero for the exam.**

Regrade requests must be submitted within one week from the date they are returned. Circle the number(s) for the question(s) that you want regarded, using a different color than you used to write the exam. **Cheating will be prosecuted vigorously.** Do not be tempted to change answers and ask for regrades. Consult the University's Code of Conduct to see how bad the consequences can be.
