A Safe and Healthful Campus Environment

University of Delaware 2020 Annual Fire Safety Report

The **Higher Education Opportunity Act**, enacted on August 14, 2008, requires institutions that maintain on-campus student housing facilities to publish an annual fire safety report that contains information about campus fire safety practices and standards of the institution.

I. 2019 Fire Statistics for a. On-campus Student Housing Facilities - Newark

Residential Facility	Date	Location	Cause of Fire	Injuries	Deaths	Property Damage
Alpha Phi 158 S.College Ave	N/A	N/A	N/A	N/A	N/A	N/A

IV. Policies on portable electrical appliances, smoking and open flames:

On campus, housing facilities have prohibitions against the following activities:

- a. Smoking.
- b. Using lighted candles or other open flames devices.
- c. Cooking in unapproved areas (bedrooms) including use of toaster ovens and appliances with an open heating element. Microwaves are allowed in Student Housing Rooms.
- d. Use of space heaters (Except when issued by Residential Facilities for emergency outages of heat).
- e. Use of extension cords.
- f. Tampering with or blocking any fire protection equipment.
- g. Possession of fireworks.
- h. Use of halogen lamps or halogen bulbs.
- i. Hover boards, scooters Use or Storage
- j. 3D Printers

Additional information is available on the following web sites:

Fire Safety Program in Residence Halls -

<https://www.udel.edu/students/reslife/housing-info/our-policies/#regulations>

V. Fire safety education and training programs for students, faculty and staff:

The Fire Protection Element within the Department of Environmental Health & Safety provides training to Residence Life-Housing Staff including Resident Assistants, Complex Coordinators, Residence Hall Coordinators and Greek House Directors. The training includes annual R/A Fire Safety Training. The training provides information on fire protection features of facilities, fire prevention and emergency reaction procedures, and fire extinguisher training for residents. Graduate Students and staff for Chemistry/Bio Chemistry, Chemical Engineering

HIGHER EDUCATION OPPORTUNITY ACT REPORTING

ENVIRONMENTAL
HEALTH &
SAFETY

A Safe and Healthful Campus Environment

and Biology Lab Programs were provided lab fire safety and hands-on fire extinguisher training. The Fire Protection Element is also involved in public education programs such as New Student Orientation, AG-Day, Graduate Fair, Grad Student Lab Fire Safety, ARAMARK Employee Training; Public Safety In-Service Training, UD Bus Drivers and General Population Fire Extinguisher Training. An on-line computer based Student Resident Fire and Campus Safety Training Program using Canvas course instruction software continues to be offered. The course is made up of fire related topics such as safe cooking, fire reaction, and fire extinguisher training. Utilized Canvas instructional software to develop and implement an on-line public assembly crowd manager-training program in July 2019. In lieu of COVID-19 Pandemic, Provided Zoom Fire Safety Training for Residence Life Staff, UD Health Science Clinics and Center for Disability Studies.

VI. Procedures for student housing evacuation in the case of a fire emergency.

The campus fire safety team continuously strives to assure student-housing residents are prepared for a fire emergency within their residence hall, Greek House, Leased Apartment and Dwellings. Individual sleeping rooms have evacuation maps along with detailed instructions to follow. Hallways/corridors have evacuation maps, which includes location of meeting places to gather upon the building evacuation. The following links provide information applicable to all use groups on campus including student housing.

<https://sites.udel.edu/generalcounsel/policies/emergency-responsefire-other-emergencies/>

<http://www1.udel.edu/ehs/policy/downloads/F-01%20Campus%20Fire%20Safety%20Plan.pdf>

VII. Plans for future improvements in fire safety:

UD continually evaluates the fire protection systems within student housing facilities. Evaluations culminate in the incorporation of fire safety upgrades. Such upgrades occur through replacements or building renovations. Current plans include:

- Replaced an obsolete fire alarm detection system in Smyth Hall (Student Housing), with an emergency voice fire detection and alarm system.

HIGHER EDUCATION OPPORTUNITY ACT REPORTING

ENVIRONMENTAL
HEALTH &
SAFETY

A Safe and Healthful Campus Environment

- Converting former Warner Women's Residence Hall into the central hub for Wellness and Counseling. A complete transformation to include fire protection system upgrades.
- Closed the Christiana Towers (East and West) student housing along with Conover East and West Graduate Housing; all buildings waiting demolition
- Assumed ownership of a previously private student housing apartment complex know as University Courtyard Apartments. The complex consists of 7 Type V constructed fully monitored sprinkler protected, in-room AC powered with battery back-up single-station alarms, monitored corridor smoke detection and manual fire alarms for a student population of 880 students.
- Commissioned the 6-story Biopharma Laboratory in March 2020. High-rise fire protection features such as stair pressurization and smoke control in accordance with DE State Fire Prevention Regulation incorporated.
- Delaware Stadium – Whitney Addition & West Bleacher Renovation Project is complete which included fire sprinkler, emergency voice evacuation alarm system and commercial cooking areas protected by Ansul Systems
- Fire Protection System Upgrades now in planning for: Facilities M&O Complex, Lamont DuPont Laboratory (fire alarm system replacement), Worrilow Hall (new sprinkler and fire alarm system) and Monroe Hall (fire alarm system replacement).
- Continuing to provide enhanced fire extinguisher training with Bullex Bull's-eye laser fire extinguisher training system. Hands-on fire extinguisher training at Sorority and Fraternity Houses is provided on-location at each residence.
- Established new Canvas course for Hot Work Training of Facilities Technicians and Construction Contractors. A Hot Work permit-tracking program was implemented using Formstack software and email notifications.
