Electrical Safety: Extension Cords & more

- Extension Cords are for temporary use ONLY. If you need additional outlets, contact Facilities.

- Only use extension cords that are NRTL approved. “CE” ratings are not recognized.

- Never modify plugs by removing the grounding pins or using 2-prong adapters.

- Never run extension cords or power strips above drop ceilings or through walls.

- Electrical cords must be secured and protected from abrasion when in walkways.

Consult equipment manuals. Never exceed extension cord length or amperage ratings.
