CHEMICAL SAFETY MOMENT

Issue 88 - November 2023

Access to Chemwatch is Now Easier!

UD EHS Homepage: [Click CHEMWATCH / SDS](#)

Chemwatch SDS Database

The screenshot shows the UD EHS homepage with a green header and navigation menu. A sidebar on the right contains several icons and links: 'Questions? Ask EHS', 'Waste Pickup Request', 'Biological', 'Chemical', 'Radioactive', 'SCISHIELD', 'CHEMINVENTORY', 'CHEMWATCH / SDS' (highlighted with a purple box), 'FORMS', and 'SAFETY PROTOCOLS'.

The screenshot shows the Chemwatch SDS Database interface. It features a search bar, a list of chemicals with columns for Name, Stock, and SDS, and a sidebar with navigation options. The 'CHEMWATCH / SDS' link from the homepage points to this interface.

Use Chemwatch to review chemical Safety Data Sheets (SDS) and more!

The screenshot shows the 'SDS and Labels' dropdown menu in Chemwatch. It includes options for 'Gold SDS', 'Vendor SDS', 'Labels', and 'Mini SDS'. Below these are categories for 'Emergency' such as 'First Aid', 'Fire Fighting', 'Spills', 'CHINA', 'Advice to Doctor', 'Environmental', 'PPE', 'SOP', and 'Toxicological'.

- **Vendor SDS** = a specific SDS developed by the chemical manufacturer.
- **Gold SDS** = SDS containing the latest regulatory compliance classifications and hazard criteria.
- **Mini SDS** = an SDS quick guide, typically one page. It may also include a storage compatibility list.
- **Labels** = Print chemical labels in any format, including Avery templates.
- **Emergency list** = Quick guides for each of the listed topics.
