للحصول على رابط جديد، يمكن أن ترسل بريد إلكتروني إلى [eli-registrar@udel.edu](mailto:eli-registrar@udel.edu) مع ذكر الاسم بالكامل ورقم الهوية الجامعية.

## إعدادات My UD : إنشاء الحساب

### إعدادات UDeNet ID

- معرف UDeNet هو النصف الأول من عنوان البريد الإلكتروني لجامعة ديلاوير. ([udelnetid@udel.edu](mailto:udelnetid@udel.edu))
- جميع المراسلات الرسمية للجامعة يتم إرسالها إلى عنوان البريد الإلكتروني الخاص بجامعة ديلاوير.
- يجب على الطلاب إنشاء معرف UDeNet يتكون من 3-8 أحرف صغيرة بدون مسافات أو أرقام أو علامات ترقيم.

The screenshot shows a web browser window with the URL <https://udapps-qa.nss.udel.edu/myUDsettings/eli-setup?execution=e1s1>. The page header features the University of Delaware logo and the text "UNIVERSITY of DELAWARE". Below this is a blue bar with "My UD Settings". A progress bar shows "0%" completion. The main heading is "Account creation: Example Name (709999999)". The text explains that the following screens will guide the user through creating a University of Delaware account for logging into UD email and other secure services. The steps listed are: 1. Choose a username (UDeNet ID), 2. Choose security questions and answer them, and 3. Choose a password. It also mentions that two-factor authentication is required for account security and provides contact information for the IT Support Center. A symbol key indicates that a red asterisk (\*) denotes required information and a red triangle (▲) denotes an error. The "UDeNet ID settings" section is highlighted, explaining that the UDeNet ID is the username and the first half of the email address. At the bottom, there is a form field for "Choose a UDeNet ID:" with a red asterisk, followed by a text input field and a dropdown menu showing "@udel.edu". Below the input field, it specifies "3-8 lowercase letters (no spaces, numbers, or punctuation marks)". A blue "Next step" button with a yellow arrow is at the bottom.

### إعدادات سؤال الأمان

- اختر أسئلة أمان انت الوحيد الذي سوف يتمكن من الإجابة عليها.
- يمكنك تغيير أسئلة الأمان في أي وقت من خلال إعدادات My UD.

The screenshot shows the 'My UD Settings' page for a new account. The browser address bar shows the URL: <https://udapps-qa.nss.udel.edu/myUDsettings/eli-setup?execution=e1s2>. The page header includes the University of Delaware logo and the text 'UNIVERSITY of DELAWARE'. Below the header, the page title is 'My UD Settings'. A progress bar indicates '30% complete'. The navigation path is 'UDelNet ID / Security questions / Password'. The main heading is 'Account creation: Example Name (709999999)'. Below this, there is a note: 'If you have any questions, contact the IT Support Center at (302) 831-6000 or email [consult@udel.edu](mailto:consult@udel.edu).' A symbol key indicates that a red asterisk (\*) means 'Required information' and a red triangle (▲) means 'Error'. The 'Security question settings' section is active, showing instructions: 'If you forget your password, you will need to answer these security questions. Choose questions that only you can answer.' There are three questions, each with a dropdown menu for the question and a text input field for the answer. The questions are labeled 'Question 1:', 'Question 2:', and 'Question 3:'. The answers are labeled 'Answer 1:', 'Answer 2:', and 'Answer 3:'. At the bottom, there is a blue button labeled 'Next step →'.

### إعدادات كلمة المرور

- يجب أن تتوافق كلمة المرور مع معايير الأمان بما في ذلك:
  - طول كلمة المرور ما بين ١٢ إلى ٣٠ حرف
  - استخدام ثلاثة على الأقل من الرموز التالية
    - حرف كبير
    - حرف صغير
    - رقم
    - رموز (من دون استخدام مفتاح المسافة)
  - لا يجب أن تكون كلمة من القاموس
  - لا يجب أن تتألف من حروف متتالية أو نمط معين
- يمكنك تغيير كلمة المرور الخاصة بك في أي وقت من My UD Setting

The screenshot shows the 'My UD Settings' page for a new account. The browser address bar shows the URL: <https://udapps-qa.nss.udel.edu/myUDsettings/eli-setup?execution=e1s3>. The page header includes the University of Delaware logo and name. Below the header, a progress bar indicates '60% complete'. The navigation menu shows 'UDelNet ID / Security questions / Password / Two-factor authentication', with 'Password' being the active section. The main heading is 'Account creation: Example Name (709999999)'. A note states: 'If you have any questions, contact the IT Support Center at (302) 831-6000 or email [consult@udel.edu](mailto:consult@udel.edu).' A symbol key indicates that a red asterisk (\*) denotes required information and a red triangle (▲) denotes an error. The 'Password settings' section is highlighted. It states: 'Your password must be 12-30 characters long, and it must have at least 3 of these:'. The requirements are listed with red asterisks:
 

- \* An upper case letter
- \* A lower case letter
- \* A number
- \* A special character (Not a space). Some examples of special characters are >, !, @, #, \$, %, ? and \*

 A reminder says: 'Keep your password secret! Don't write it down and don't tell it to anyone!'. Below this, there is a 'Password strength' indicator, followed by 'Password:' and 'Re-type password:' labels, each with a red asterisk and an input field. At the bottom, there is a blue 'Next step' button with a yellow arrow pointing right.

 UNIVERSITY of DELAWARE

My UD SettingsHelp

You are almost done!

If you have any questions, contact the Registrar's Office at (302) 831-2131 or email [registrar@udel.edu](mailto:registrar@udel.edu).

✔ You have completed your security update.

➔ Now set up two-factor authentication (2FA)

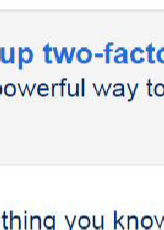

A simple but powerful way to safeguard your UD account and the University information in your care.

Step 1: Something you know

Log in with your UDeINet username or UDID, and your password. You **know** this information, but a hacker might know it too.

Step 2: Something you have

You'll automatically receive your 2FA code on your cellphone, work phone, or home phone as an SMS text or voice message. You **have** these devices in your possession, but a hacker will not.

Step 3: Identity confirmed

After you type in your 2FA code, we know you are you and that your UD account is secure.

Set up two-factor authentication ➔

You are required to use 2FA to access University of Delaware email and other secure services. If you are not ready to set up 2FA now, you will see this page again when you try to log in. Visit the [2FA help pages](#) for more information and how-to videos.

Communication methods / Fob

### Two-factor authentication settings: Example Name (7099999999)

Two-factor authentication (2FA) protects your account by requiring an authentication code in addition to your username and password.

This code may be sent to you by:

- Non-UD email
- US phone (text or voice message)
- Google authenticator app
- University-issued fob

Use the following screens to set up your preferred and backup methods for receiving your 2FA code.

If you have any questions, contact the IT Support Center at (302) 831-6000 or email [consult@udel.edu](mailto:consult@udel.edu).

Symbol key: \* Required information, ! Error

Communication methods

**Provide at least 2 communication methods to ensure you can always access your University of Delaware account.** The communication methods you provide below can also be used to reset your password if you forget it.

**You are encouraged to add a trusted co-worker, family member, or friend as a back-up method for receiving a authentication code in the event you are unable to access any of your devices. Consider providing contacts who are reachable during business and non-business hours.**

**UNIVERSITY of DELAWARE**

**My UD Settings** [Help](#)

**You are done!**

- ✓ You have created your University of Delaware account.
- ✓ You have set up two-factor authentication.

**My account information**

Keep your password secret! Don't write it down and don't tell it to anyone!

UDeINet ID: example

UD email address: example@udel.edu

UD ID: 709999999

**Important** All official University correspondence is sent to your UD email address.

- You are responsible for receiving and reading official communications sent to your udel.edu account in a timely fashion.
- You are responsible for ensuring that your SPAM filter does not delete official University correspondence.
- If you forward your udel.edu email to a non-UD email account, you are responsible for making sure that forwarding is configured correctly. You could follow your email provider's help files about "white-listing" email from udel.edu addresses to make sure that UD email does not end up in your non-UD email account's SPAM or Junk folder.
- You will **never** be asked to confirm account information online to keep your account active – by the University of Delaware or any other legitimate entity.
- To find the University of Delaware email system, visit **My UD Business**: [www.udel.edu/myudbusiness](http://www.udel.edu/myudbusiness).

**My password reset communication methods**

If you forget your password, a password reset message can be sent to one of your communication methods in our records. You will need to be able to get to that phone or email quickly. A cell phone for text messages is recommended. Depending on your cell service, message and data rates may apply, but there are no UD charges.

Please make sure this information is correct.

**UDSIS:**

- 333-333-3333
- example@gmail.com

**Two-factor authentication (2FA):**

- 555-555-5555
- 777-777-7777

You are encouraged to keep your contact information current. See the [help page](#) for information on how to make changes.

Students who do not have a non-UD email address on file should provide a personal email address in UDSIS. Doing so facilitates password resets in the event that students forget their security questions and answers.
