

# Chapter A00

## Library Identification

### Contents

1	Scope of the Chapter	2
2	Recommendations on Choice and Use of Available Routines	2

## 1 Scope of the Chapter

The single routine in this chapter enables a user to determine the precise release and maintenance level of the NAG Parallel Library which is being used, and also details of the implementation.

## 2 Recommendations on Choice and Use of Available Routines

Routine A00AAFP can be used to output details of the Library implementation and release.
