What should I expect to learn? The Community Police Academy (CPA) is an informative learning process that provides an opportunity for citizens to receive 8 weeks of both classroom and field instruction regarding the various responsibilities facing our officers. CPA attendees are also made aware of the procedures and techniques used by officers in a variety of scenarios, together with the rationale and justification in support of those procedures or techniques.

Class attendees receive information and instruction on such issues as use of force, defensive tactics, special operations, criminal investigations, evidence gathering techniques, demonstrations by the SWAT Team and K-9 Unit, and much more. All of this is enhanced by their opportunity to ride along with an officer and engage in target practice with some of the department's specialized weapons.
