ACADEMIC CALENDAR: DATES TO REMEMBER

Thursday, August 1 Last day for payment of Fall Semester fees without \$40 late payment fee.

Monday, August 5 Late registration and drop/add begins. See UDPHONE instructions.

Monday, September 2 Residence hall check-in for returning students, 9:00am - 9:00pm.

Monday, September 2 Labor Day holiday. University offices closed.

Wednesday, September 4 Classes begin at 8:00am.

Monday, September 16 Deadline for filing application for graduate degrees to be conferred in December 2002.

Tuesday, September 17 Last day for late registration and change of registration (drop/add) without financial obligation. Last day for textbook refunds. Undergraduates: Last day for completion of deferred examination and incomplete work (grade I) from 2002 Spring Semester (02S) and 2002 Summer Session (02J). After this date: A one-time \$20 processing fee will be charged to students who make changes of registration. Students withdrawing from courses will receive a grade of "W" and will be charged tuition.

Friday, October 18 Graduate students: Deadline for completion of deferred examinations and incomplete work (grade I) from 2002 Spring Semester (02S) and 2002 Summer Session (02J).

Wednesday - Tuesday, October 16-October 22 Registration for 2003 Winter Session (03W).

Tuesday, October 29 Last day to change registration or to withdraw from a Fall Semester course without grade penalty and dean's approval. (See September 17 for financial obligation).

Tuesday, November 5 Election Day; Classes suspended and University Offices closed

Thursday - Friday, November 21 - December 6 Registration for 2003 Spring Semester (03S).

Wednesday, November 27 Thanksgiving recess begins at 5:00pm; No classes after 5:00pm. Residence halls close at 7:00pm.

Monday, December 2 Classes resume following Thanksgiving Day recess.

Wednesday, December 11 Last day of classes, classes end at 10:00pm.

Thursday, December 12 Reading day.

Friday - Friday, December 13 - December 20 Final exams week.

Saturday - Sunday, December 14 - December 15 Reading days.

Friday, December 20 Final exams end; Residence halls close at 10:00pm.

Saturday, January 4 Commencement

STUDENT SERVICES

The Student Services Building offers a variety of administrative services in a single location. In this facility you can make arrangements for dining plans, financial aid, UD1 FLEX accounts, registration, fee payment, parking, ID cards, and telephone services. Electronic kiosks are available in the building for you to quickly and conveniently check the status of your financial aid, obtain a copy of your class schedule or review your account statements. The Student Services Building is a convenient walk from anywhere on campus. Located on Lovett Avenue, just behind Pearson Hall, it is close to the Perkins Student Center and to several parking facilities. Among the services available are:

ACCOUNT SERVICES (2126) (FAX - 4056)

- Account Balance
- Billing Inquiries
- Delaware Plan
- Refund requests
- Sibling tuition credit

CASHIERS' OFFICE (1241)

- Semester payments
- Installment payments
- Room deposits
- Flex deposits

FINANCIAL AID (8761)

- General financial aid information and FAFSA's
- Federal Perkins/Nursing promissory note signing
- Federal Work-Study job placement

PUBLIC SAFETY (1184)

- Purchase Parking Permit

REGISTRAR (2131) (FAX - 3005)

- Registration
- Class schedules
- Transcripts (1289)
- Enrollment certification (8940/8987)
- Standardized tests (GRE, LSAT, MCAT, etc.) (6717)
- UDPHONE helpline (2131)

UD#1 CARD (ID CARD) (2759)

STUDENT TELEPHONE SERVICES (4347)

UD1 FLEX OFFICE (2273/4033)

- UD1 FLEX Account information
- Dining Plan/Points information
- Suspend lost/Stolen cards

MISCELLANEOUS

- General information about readmission and housing
- Self-Service computer terminals for access to a variety of information
- Notary Public

STUDENT SERVICES (FAX - 3005)

- Account Balance 2126
- Address Changes - Student 2727
- Billing Address Change 2126

Important Information About Tuition:

Every student MUST submit a Fee Payment Form each semester, even if no payment is required. It is due by August 1 for 2002 Fall Semester. Students who do not receive the 2002 Fall fee payment materials at the permanent address by July 13 should contact the Account Services Office for a duplicate.

Student tuition and fees are based on registration at the end of the late registration/change of registration period (September 17, 2002). **THERE ARE NO REBATES OF TUITION AFTER THIS DATE.** Students who withdraw from courses after September 17, 2002, will be charged tuition.

Tuition is charged according to student classification: Matriculated undergraduates are charged undergraduate rates. Graduate students are charged graduate rates. MBA/EMB please see special MBA/EMB rates.

Non-matriculated students (CEND - Continuing Education non-degree) are charged according to the course level: 000-499 charged at undergraduate rates and 500-999 charged at graduate rates.

Residency classification for tuition purposes should be resolved prior to the fee payment deadline. Call 831-1554 or go to the Service Desk in the Student Services Building for information.

Matriculated Student Payment Options:

- Payment in full* *Payment due August 1, 2002.*
- Installment Plan* *\$50.00 fee. Four equal payments on Aug. 1 and Sept. 20, Oct. 21, and Nov. 20.*
- Delaware Plan* *Contact the Account Services Office for information.*

After the initial payment, any changes in registration, housing, or meal plan must be paid at the time of the change to avoid installment fee and/or penalties.

Tuition for Additional Credit Hours

There is an additional charge at the per credit hour rate for undergraduate registration in excess of 17 credit hours.

Credit Hours	DELAWARE RESIDENT	NON-RESIDENT
	Undergraduate	Undergraduate
18	\$ 211.00	\$ 608.00
19	422.00	1,216.00
20	633.00	1,824.00
21	844.00	2,432.00

Charges are the same for courses taken for credit or as an auditor (listener).

MBA/EMB - Tuition rates for graduate students classified as Masters of Business Administration or Masters of Economics/Business Administration.

Tuition Rates	DELAWARE RESIDENT	NON-RESIDENT
Per Credit Hour	\$ 356.00	\$ 811.00
Full-Time (9 or more credit hours)	3,200.00	7,300.00

 - Charged in addition to regular tuition for NURS 353, 355, 357, 359, 453, 455, and 475 \$125.00
- UD Online Video Fee \$90.00
- New Student Orientation
 - Charged to all new Undergraduate and Transfer Students whether or not they attend \$65.00

*** All tuition and fees are subject to change

IMPORTANT POLICIES AND INFORMATION

Advertisements

The advertisements in this booklet are solicited by the publisher. The University receives no profit from it, nor does the University endorse any of the products of the advertisers.

An Equal Opportunity/Affirmative Action Employer

The University of Delaware is committed to assuring equal opportunity to all persons and does not discriminate on the basis of race, color, gender, religion, ancestry, national origin, sexual orientation, veteran status, age, or disability in its educational programs, activities, admissions or employment practices as required by Title IX of the Educational Amendments of 1972, Title VI of the Civil Rights Act of 1964, the Rehabilitation Act of 1973, the Americans with Disabilities Act, other applicable statutes and University policy. Inquiries concerning these statutes and information regarding campus accessibility should be referred to the Affirmative Action Officer, 305 Hulliher Hall, (302) 831-2835 (voice), (302) 831-4552 (TDD).

Family Educational Rights and Privacy Act

Description of the Act

The Family Educational Rights and Privacy Act of 1974 grants to students certain rights, privileges, and protections relative to individually identifiable student educational records which are maintained by the University. Specifically: (1) Students' educational records (with the exception of directory information) will be released to third parties outside the University only with the written consent of the student. The University reserves the right to release educational records to appropriate parties in a health or safety emergency or when the student's well being is of concern. (2) Students have the right to inspect their own individually identifiable educational records. The right may be exercised by completing a request form in the Office of the University Registrar, 315 Hulliher Hall. (3) Students have the right to challenge information contained in individually identifiable educational records. The procedure is described in the policy statement referred to below. (4) A copy of the policy statement describing the University's regulations for this act may be obtained from the Student Services Building, Lovett Avenue.

Directory Information

The Family Educational Rights and Privacy Act of 1974 permits the release of directory type information to third parties outside the institution without written consent of the student provided the student has been given the opportunity to withhold such disclosure.

The University releases, upon inquiry to third parties outside the University, directory information without written consent of the student. Directory information includes name, address, (including e-mail), telephone number, college class, major, dates of attendance, enrollment status, anticipated dates of graduation, degrees, honors and awards conferred and participation in officially recognized activities and sports. Students may withhold directory information by going to the Student Services Building.

Note: While the withholding request may be made at any time, students wishing to have directory information withheld from the student directory should submit their requests no later than six weeks prior to the first day of classes of the Fall Semester.

Course Changes After Publication

Every effort is made to have course information accurate at the time of publication; however, departments may need to make changes to their courses after publication. Students are advised to consult departmental bulletin boards.

Statement of Responsibility

The University of Delaware community values both personal and academic freedom. All members of the campus community have the personal responsibility to promote an atmosphere of civility in which the free exchange of ideas and opinions can flourish. We do so by learning from individual and collective differences and respecting every human being.

Enrollment Restrictions

The University of Delaware reserves the right to refuse for good and sufficient reasons enrollment of any applicant. Any applicant who is refused enrollment will, on written request, be provided with a statement of the reasons for the refusal of enrollment.

University Policies and Procedures

Students should read and understand the academic regulations section in the University's Undergraduate and Graduate Catalog.

Catalogs are sold at the University Bookstore. Catalogs are available for reference use in Newark at the Student Services Building, Graduate Office, Clayton Hall and other University locations throughout the State. The University Policies and Procedures are also available from a link on the University's homepage (www.udel.edu).

Seat Claim Policy

Classes are sometimes over-subscribed, and it is not always possible to accommodate all requests for assigned seats. To address this problem, the University has established a seat claim policy. Seat assignment in classes is based on such factors as classification, major, course status, and intended audience. Students are expected to occupy their confirmed, assigned seats within a reasonable period or time. The following policy applies to all classes:

Unless excused by the faculty member, students holding a confirmed assigned seat in a class will have relinquished their seat if they have not personally appeared in class to claim the seat by the third meeting for a class scheduled to meet three times a week, by the second meeting for a class scheduled twice a week, by the third meeting for a class scheduled five times a week, or by the second meeting for a class scheduled once a week. If the student does not claim the seat within the time limit specified above, and does not drop the course, the instructor has the option of assigning the student a grade of "Z" at the end of the term. It is the responsibility of the student to drop each course that he/she does not plan to attend, even when the student's registration is cancelled for non-payment of fees. Failure to drop a course will result in a grade of Z.

Financial Aid Recipient Withdrawals

If you are a recipient of Title IV financial aid funds**, and your enrollment terminates through official withdrawal, your financial award must be reviewed for possible adjustment.

Financial aid eligibility is based on the cost of education (tuition, mandatory fees, housing, meal plan, books, etc.) incurred for the entire semester and is contingent upon completion of that semester. When you withdraw, federal regulations mandate that any unearned aid be returned to the federal aid programs. The percent of aid earned is based on the date of withdrawal divided by the total number of days in the semester. Title IV recipients are governed by federal policy if they withdraw prior to completing 60% of the semester.

If your institutional charges are reduced or recalculated, this change may result in the reduction of recipients' other sources of financial aid.

****Examples: Direct/Stafford Student Loans, Perkins Loan, Nursing Student Loan, Supplementary Educational Opportunity Grant (SEOG), PELL Grant, Direct/Parent Loan.**

Failure to Withdraw Officially

Students are required to adhere to the University's official withdrawal policy when terminating their enrollment prior to the end of a given term. Failure to officially withdraw will result in the cancellation of any Federal financial aid program funds previously awarded for that term. Federal regulations require that funds for ineligible recipients be returned to the financial aid program accounts. Students will be billed for semester charges.

Handouts for Title IV recipient withdrawals, explaining the policies, procedures and examples of Title IV refunds are available upon request at the Student Services Building, and the Office of Scholarships and Financial Aid, 224 Hullihen Hall.

Financial Aid Recipients

Financial aid awards are based on full-time enrollment. If you enroll for less than full-time status, your aid package will be revised. If you are enrolled for less than six credits, you are ineligible for most types of aid. **Listener (L) credits do NOT count toward enrollment status for financial aid purposes.**

REGISTRATION INSTRUCTIONS AND INFORMATION

Advisement

It is recommended that all students consult with their advisors prior to registering.

Students with an undeclared major in the College of Arts and Science can go to the Arts and Science Advisement Center in 102 Elliot Hall. Declared majors should meet with their department advisors.

All students may talk with the faculty of any department-see the department secretary for information.

You may switch advisors if you are not pleased with the one assigned to you, see the department Chairperson.

Registration

During the registration period in November for the Spring semester and in April for the Fall semester, students use schedule request scan forms that are submitted to the Student Services Building. Freshmen must have advisor's approval and turn the form into their department. The schedule request forms are available at the Student Services Building.

Some courses are listed in the Registration book with "000" section numbers. Be careful not to register for a "000" section. You must obtain faculty section numbers for all "000" section courses from the faculty sponsoring the project or from the departmental secretary before registering. When writing in the faculty section numbers, be sure to precede them by a 0 if less than 100.

If a course meeting time is listed as "TBA" the student will be responsible for contacting the instructor or department to arrange class meeting times and locations.

166, 266, 566, 666, 866 (Special Problem numbers) are available to departments to use if they choose to offer special problems at these levels.

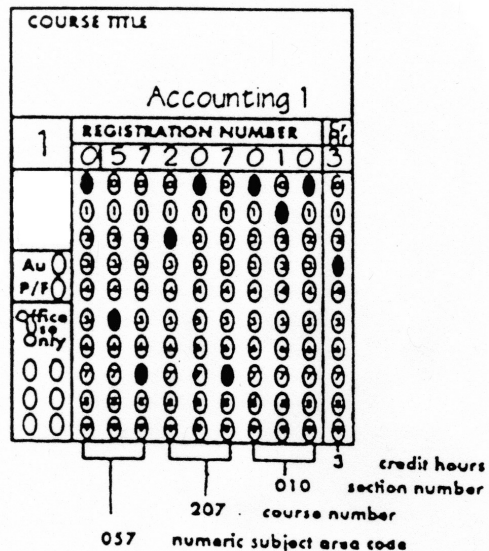

366, 466 (Independent Study numbers) are available to departments if they had the guidelines for these courses approved by the Faculty Senate Committee on Undergraduate Studies. A written contractual agreement must be devised between the individual student and the professor before the student can sign up for the course.

How to Complete the Schedule Request Scan Form

1. Completely fill in the information on the left hand side of the form with your name, student id number, classification and local address and phone number.
2. Print and grid your STUDENT ID NUMBER.
3. Print and grid your desired load, which is the total number of hours you wish to be scheduled in the semester.
4. Transfer to your scan sheet the course title, the numeric subject area code, the course number, the section number and the credit hours as they appear in the registration booklet as shown below.

EXAMPLE OF A SCHEDULE REQUEST FORM BLOCK

It is important that the groups of numbers that form the registration number be put in the correct order when transferred to the schedule request form. The order should be: numeric subject area code; course number; section number.

HOW THE REGISTRAR'S OFFICE WILL USE YOUR SCHEDULE REQUEST FORM

When reading your form, the Registrar's Office will first attempt to schedule you in your first primary request. If we are able to schedule you, we will then go to your second primary request passing over the corresponding alternate request. If we are not able to schedule you in your first primary request, we will then look at your first alternate request located directly below your first primary request. If there is no alternative request, we will go to the next primary request.

The above steps will be repeated for each of the course requests until your desired credit load is reached or until all your requests have been considered.

HOW COURSES ARE ASSIGNED TO STUDENTS

For students who register during the registration period, assignment to courses will be based on a distinct set of priorities, involving your level, major and class (senior, junior, etc.).

Level - With courses at the undergraduate level, undergraduate student requests will be satisfied before any graduate or continuing education student request are considered. At the graduate course level, graduate students have first priority. In courses offered through the Division of Continuing Education, priority is given to continuing education students.

Major - Subject area majors, in general, will be seated in a course section before students who are not majors. For example, a senior English major will be seated in an English course before a senior Physics major and conversely, a Physics major will have higher priority in a Physics course. Minors will be given priority in a similar manner.

Class - At the undergraduate course level, priority is given based on your class. Therefore, a senior will be seated in a course section before a junior, a junior before a sophomore and so on. Your class is based on your number of earned hours. Students with 27 or fewer credits are classified as freshmen, those with 28 to 59 credits are classified as sophomores, those with 60 to 89 credits are classified as juniors, and those with 90 or more credits are classified as seniors.

HOW TO IMPROVE YOUR CHANCES OF RECEIVING A COMPLETE SCHEDULE

Course requests should be placed in priority order on your form. Courses will be considered in the order that you have placed them. With all things being equal (major and classification), a student who places a course in block #2 will be enrolled in the course before a student who placed the same course and section in block #3.

Give an alternate request wherever possible. When we are unable to schedule you in your primary requests, we will then attempt to schedule the alternate request located directly below your primary request.

List as many courses as you wish on the schedule request form. You will be enrolled in courses until your desired credit load is reached. You may not have a desired credit load greater than 17 without the approval of your dean, unless prescribed by your curriculum.

Drop/Add Information

Drop/add will be available by using UDPHONE, the interactive voice response system and SIS+ Personal Access, the interactive student information system available on the Web. SIS+ Personal Access is available on electronic kiosks on campus, or by using a secure web browser at computing sites on campus or through a network connection in your home or dorm room.

Drop/add for the 2002 Fall Semester begins August 5, 2002. The first day you may begin drop/add depends on your classification. Your classification is based on the number of credits you have earned by the end of the Spring Semester.

Student Classification	First Day to Drop/Add
Graduate Students	August 5
Seniors (90 or more credits)	August 5
Juniors (60 to 89 credits)	August 6
Sophomores (28 to 59 credits)	August 7
Freshmen (27 or fewer credits)	August 8
Continuing Education Students	August 9

Drop/add will continue through UDPHONE and SIS+ Personal Access until September 17, 2002. All registration changes made through UDPHONE and SIS+ Personal Access are subject to final approval of the University Registrar and/or the student's dean.

AFTER THE FREE DROP/ADD PERIOD

You may change your registration until the end of the eighth week of the semester. There will be a \$20 processing fee per semester charged to students who make changes to their registration.

- **To add a course** you need to use a Course Permit form. You can only add a course by obtaining permission of the dean of your college.
- You may use UDPHONE or SIS+ Personal Access to **withdraw from a course**. A grade of "W" will be posted and tuition will be charged for course withdrawals.
- **To change your grading options**, e.g. from letter grading to pass/fail, use UDPHONE or SIS+ Personal Access. See the instructions in the centerfold of this book for more detail.
- If you have **questions about your course registration or change of registration**, go to the service counter at the Students Services Building. Continuing Education students should contact the ACCESS Center in Clayton Hall.

NOTE: Any changes after the eighth week deadline require the approval of the dean of your college

The dean will permit students to withdraw from courses only for unusual circumstances beyond a student's control and not for reasons of academic performance. Dean's approval does not negate financial obligation.

Grade Reporting

Grades for the Fall Semester 2002 will be available beginning Wednesday, Dec. 12 by calling UDPHONE 302-837-4663 or using SIS+ Personal Access. Instructors have at least 72 hours from the final exam to submit their grades to the Registrar's Office. More than one attempt to access your grades each day will most likely not reflect new grades since grades are posted nightly. Paper grade reports are not automatically mailed to all students at the end of the semester. If you would like a paper grade report, after you listen to your grades on UDPHONE, press 9# as instructed. You will then be given the option to have a grade report mailed to either your permanent or local address.

UD#1 Card Information

Students are required to carry the UD#1 CARD. The UD#1 CARD area is located in the Student Services Building, Lovett Avenue, Newark (302-831-2759). Our hours are 8:30 am - 4:30 p.m. For your protection, it is necessary to present a picture ID for positive identification before obtaining/replacing a UD#1 CARD. A \$15 charge is applied for replacement cards. Examples of privileges that MAY be accessed with the card are: UD#1 FLEX account, UD#1 ACCOUNT with MAC, (Wilmington Savings Fund Society), sporting events, the library, dining facilities. Access to privileges is determined by registration status and account balances. Lost and stolen cards should be reported immediately by dialing 831-2273, 24 hours a day.

Math Placement Exam Schedule

The Department of Mathematical Sciences requires all students to take a placement exam before registering for their first math course.

The following is the placement exam schedule for the Fall Semester:

Tuesday, September 3 9-10:30 AM 106 Ewing Hall

Questions should be directed to the secretary, 302-831-2140.

Continuing Education Students may take the placement exam at the ACCESS Centers by appointment. Call 302-831-2741 for information.

MATH CREDIT BY EXAM

Mathematical Sciences Credit-By-Exam for mathematics courses will be given Saturday morning, September 14, 2002, from 9-11 AM in 209 Ewing Hall. All students wishing to take the exam should first obtain the approval of the Director of Undergraduate Studies. Inquiries can be made in 301 Ewing Hall. After obtaining approval, students must bring the prepared credit-by-exam forms, available at the Student Services Building to the Director or 301 Ewing at least five working days before the exam is scheduled. Credit-by-exam is not given for courses below the 200 level. Students are permitted to sit for the exam only once.

Veterans' Information

Information about Veterans' Eligibility and Certification can be obtained from the VA clerk located in the Student Services Building, Lovett Avenue, 302-831-8987.

Continuing Education Students

Students who have not been formally admitted to the University's undergraduate or graduate degree programs are non-matriculated students. They are classified by the letters CEND, Continuing Education Non-Degree.

No particular education background is required to register for courses. CEND students may register for up to 7 credits of course work offered at any time or location, provided they meet the course prerequisites and restrictions. To register for more than 7 credits, CEND students must

have approval from an ACCESS (Advisement Center for Continuing Education Student Services) counselor. Other University policies and procedures are generally the same for CEND students as for matriculated students.

For additional information about advisement, registration and payment, transfer credit, textbooks or parking, please contact the ACCESS Center in Clayton Hall, 302-831-2741.

WHERE AND WHEN TO REGISTER

Continuing Education students may register for open seats in evening or daytime classes, on-campus or off-campus. In-person registration with payment begins August 1, 2002 at the following locations:

Wilmington Campus, Student Service Center

Monday-Thursday	10:00 AM-7:00 PM
Friday	CLOSED

University's Downtown Center

8th and King Streets, Wilmington

Monday-Thursday	8:30 AM-6:30 PM
Friday	CLOSED

Newark Campus, Clayton Hall

Monday and Tuesday	8:00 AM-8:00 PM
Wednesday and Thursday	8:00 AM-6:30 PM
Friday	8:00 AM-5:00 PM

Dover Parallel Program Office, University of Delaware offices at Delaware Technical & Community College, Terry Campus: Call 302-857-1214 for evening counseling and academic advisement hours.

Monday-Friday	8:30 AM-4:30 PM
---------------	-----------------

William A. Carter Center, Jack F. Owens Campus, Delaware Technical & Community College, Georgetown, DE

Call 302-855-1630 for information or an appointment.

Monday-Thursday	8:30 AM-6:00 PM
Friday	8:30 AM-NOON

Off-Campus Courses

Continuing Education students may request seats in any courses offered by the University, day or evening, if the student meets the prerequisites. Division of Professional & Continuing Studies off-campus courses (with location notes) are listed with regular campus courses and in a separate section at the back of this book (following Women's Studies courses).

NOTE: Some evening course sections in Newark and Wilmington reserve seats for CE students. Continuing Education students can learn more about University credit classes at the Division of Professional & Continuing Education Studies web page at: <http://www.continuingstudies.udel.edu> or the University's web page at: <http://www.udel.edu/main/cur-students/currce.html>.

For additional information, call the ACCESS Center, 302-831-2741.

SPECIAL PROGRAMS

Life Course Clusters

Fall 2002

Freshmen at the University of Delaware are involved in a freshman-experience program called LIFE (Learning Integrated Freshman Experience). LIFE students live in the same residence hall and form learning communities organized around themes (a LIFE cluster). They co-enroll in several courses united by a theme; they also enroll in a co-curricular course, UNIV 101 (1 credit, P/F), in which they engage in thematically related activities outside the classroom and develop a collaborative project. The LIFE cluster and learning community are under the leadership of an advanced undergraduate peer mentor and a faculty member. The cluster and learning community involve study groups, discussion groups, tutoring, service learning projects, field trips, lectures, social activities, and involvement in University resources that help students succeed.

To register for a LIFE cluster, look for the appropriate cluster under the LIFE rubric in the schedule pages and sign up for the LIFE course. Selecting the LIFE course automatically enrolls you in all the courses listed thereunder.

LIFE 101-010 ANIMALS, SCIENCE AND SOCIETY

(Animal Science majors, Biological Science majors, Agriculture majors, and Arts and Science majors as space allows)

Description: The study of the disciplines of animal science including animal nutrition, reproductive physiology, genetics, and health, complete with hands-on experience.

- ANSC 101-010 Introduction to Animal Science (3 cr.)
- ANSC 111-010 Animal Science Laboratory (1 cr.)
- UNV101-010 First Year Experience I (1 cr.)

LIFE 101-011 ECONOMICS AND THE ENVIRONMENT

(Preference given to Entomology, Wildlife Conservation, Natural Resource Management, and Resource Economics majors)

Description: Discussion of land use, biodiversity and economic value. Consideration of how much we are willing to pay ---financially and ecologically --- to implement choices of shopping malls vs. state parks, farms vs. forests.

- ENWC 205-010 Elements of Entomology (3 cr.)
- FREC 150-010 Economics of Agriculture and Natural Resources(3 cr.)
- UNV101-011 First Year Experience I (1 cr.)

LIFE 101-012/013 COMMUNITY AND INDIVIDUAL RESPONSIBILITY

(Any major or undeclared majors)

Description: Consideration of the political, social, ecological, and cultural factors that influence how people conduct their lives.

Note: This cluster consists of two groups: 1) Students who enroll in the campus sponsored Americorps program. Americorps members engage in service activities and receive an education award. 2) Students enroll in the cluster with no obligation to participate in the Americorps program.

LIFE 101-012 AMERICORPS

- ANTH 101-011 Introduction to Social and Cultural Anthropology (3 cr.)
- PHIL 100-010 Philosophies of Life (3 cr.)
- UNIV 101-012 First Year Experience I (1cr.)

LIFE 101-013 Group open to anyone (no Americorps program)

- ANTH 101-011 Introduction to Social and Cultural Anthropology (3 cr.)
- PHIL 100-010 Philosophies of Life (3 cr.)
- UNIV 101-013 First Year Experience I (1cr.)

LIFE 101-019 VISUAL STYLE

(Preference given to Apparel Design)

LIFE 101-014 FUNDAMENTALS OF ECONOMIC SYSTEMS

(Preference given to Business and Economics majors)

Description: An examination of the fundamentals of economic systems and an understanding of their impact on society.

- ECON 151-010 Introduction to Microeconomics (3 cr.)
- SOCI 201-013 Introduction to Sociology (3 cr.)
- UNIV 101-014 First Year Experience I (1 cr.)

LIFE 101-015 FUNDAMENTALS OF ECONOMIC SYSTEMS

(Preference given to Business and Economics majors)

Description: An examination of the fundamentals of economic systems and an understanding of their impact on society.

- ECON 151-010 Introduction to Microeconomics (3 cr.)
- SOCI 201-013 Introduction to Sociology (3 cr.)
- UNIV 101-015 First Year Experience I (1 cr.)

LIFE 101-016 E-BRICKS OF THE INTERNET

(Electrical Engineering and Computer Engineering majors)

Description: Examination of the foundations of the logical operations of computers and the Internet, with fundamental concepts important to the engineering profession.

- CISC 105-013 General Computer Science (3 cr.)
- CPEG 202-010 Introduction to Digital Systems (4 cr.)
- UNIV 101-016 First Year Experience I (1 cr.)

LIFE 101-017 FOR THE HEALTH OF IT

(Health and Exercise Sciences, Nursing, Nutrition, and Medical Technology majors)

Description: Examination of the physical, social, and emotional issues related to a healthy lifestyle.

- HESC 155-010 Personal Health Management (3 cr.)
- BISC 207-014 Introductory Biology (4 cr.)
- UNIV 101-017 First Year Experience I (1 cr.)

LIFE 101-018 FOR THE HEALTH OF IT

(Health and Exercise Sciences, Nursing, Nutrition, and Medical Technology majors)

Description: Examination of the physical, social, and emotional issues related to a healthy lifestyle.

- HESC 155-010 Personal Health Management (3 cr.)
- NTDT 200-010 Nutrition Concepts (3 cr.)
- UNIV 101-018 First Year Experience I (1 cr.)

and Fashion Merchandising majors)

Description: Study of issues in how people see, process, and respond to visual information embedded in the world.

- CNST 110-010 A Visual World (3 cr.)
- CNST 114-010 Clothing in Contemporary Society (3 cr.)
- UNIV 101-019 First Year Experience I (1 cr.)

LIFE 101-020 COMPUTER SECURITY

(Preference given to Computer & Information Science majors)

Description: Discussion of the impact of computer security problems on the field of computer science, the information technology industry and world affairs (particularly post-9/11).

- CISC105-013 General Computer Science (3 cr.)
- PHIL202-012 Contemporary Moral Problems (3 cr.)
- UNIV101-020 First Year Experience I (1 cr.)

LIFE 101-021 BIOLOGY AND MEDICAL FRONTIERS

(Preference given to Biological Sciences majors and majors in the College of Health and Nursing Science as space allows)

Description: Discussion of issues in biology, medicine and the health professions, including genetics, biotechnology, bioinformatics, and advances in the health sciences and treatment.

- BISC 207-015 Introductory Biology (4 cr.)
- CHEM 103-022 General Chemistry (4 cr.)
- UNIV 101-021 First Year Experience I (1 cr.)

LIFE 101-022 BIOLOGY AND MEDICAL FRONTIERS

(Preference given to Biological Sciences majors and majors in the College of Health and Nursing Science as space allows)

Description: Discussion of issues in biology, medicine and the health professions, including genetics, biotechnology, bioinformatics, and advances in the health sciences and treatment.

- BISC 207-016 Introductory Biology (4 cr.)
- CHEM 103-024 General Chemistry (4 cr.)
- UNIV 101-022 First Year Experience I (1 cr.)

LIFE 101-023 IMAGE AND SHAPE

(Art majors)

Description: Study of expressive content and cultural context in the making of aesthetic images and objects.

- ARTH 153-010: Introduction to Art History (3 cr.)
- ART 113-010 Foundation 3D Design (3 cr.)
- UNIV 101-023 First Year Experience I (1 cr.)

LIFE 101-024 THE AMERICAN EXPERIMENT

(Any major or undeclared majors)

Description: Exploration of how Americans have attempted to combine protections for fundamental liberties with a commitment to political equality and how individual Americans have negotiated a place for themselves in the face of cataclysmic societal changes such as industrialization and the ending of slavery.

- POSC 150-021 American Political System (3 cr.)
- HIST 206-012 U.S. History 1865-Present (3 cr.)
- UNIV 101-024 First Year Experience I (1 cr.)

LIFE 101-025 AMERICAN RACE RELATIONS

(Any major or undeclared majors)

Description: Discussion of the American Civil Rights Movement from about 1954 to 1970, plus activities of black leaders earlier in the twentieth century and "second generation" issues that involve various sorts of affirmative action. Related material from "historical sociology," e.g., black demography, class relations, and institutional relations.

- HIST 220-010 The American Civil Rights Movement (3 cr.)
- BAMS 110-010 Introduction to Black American Studies (3 cr.)
- UNIV 101-025 First Year Experience I (1 cr.)

LIFE 101-026 INTRODUCTION TO HOSPITALITY TECHNOLOGY

(Hotel Restaurant & Institutional Management majors and other students interested in exploring options in hospitality careers)

Description: Overview of the uses of technology in the hospitality industry, including hotels, restaurants, resorts, cruise ships, and theme parks. Information on international hospitality markets.

- HRIM 140-010 Information Technology and Services Management (3 cr.)
- HRIM 180-010 Introduction to Hospitality (3 cr.)
- UNIV 101-026 First Year Experience I (1 cr.)

LIFE 101-027 DEVELOPMENT AND LEARNING

(Elementary Teacher Education majors)

Description: Discussion of how elementary school teachers are concerned with the development and growth of the students they teach.

- EDUC-202-010 Human Development I: Grades K-4 (3 cr.)
- LING-101-017 Introduction to Linguistics (3 cr.)
- UNIV 101-027 First Year Experience I (1 cr.)

LIFE 101-028 CARIBBEAN STEEL DRUMS

(Any major or undeclared majors)

Description: Exploration of the political, socio-economic, and musical aspects of the steel band from its roots in West Africa to Trinidad and beyond. Participation in steel orchestra: no music training necessary.

- MUSC 167-010 Caribbean Steel Band (1 cr.)
- SOCI 201-013 Introduction to Sociology (3 cr.)
- UNIV 101-028 First Year Experience I (1 cr.)

LIFE 101-029 IDEAS IN PSYCHOLOGY

(Preference given to Psychology majors)

Description: Discussion of current controversies in psychology. Exploration of professional and career options in psychology and related fields.

- PSYC201-012 General Psychology (3 cr.)
- COMM330-010 Communication and Interpersonal Behavior (3 cr.)
- UNIV101-029 First Year Experience I (1 cr.)

LIFE 101-030 LEADERSHIP AND DECISION MAKING

(Preference given to Leadership and Consumer Economics and Human Services, Education and Public Policy (CHEP) majors)

Description: Ethical decision-making, leadership, challenges, and character. Focus on examining social responsibility as a model for decision-making.

- CNST100-010 Leadership, Integrity, and Change (3 cr.)
- PHIL 202-012 Contemporary Moral Problems (3 cr.)
- UNIV 101-030 First Year Experience I (1 cr.)

LIFE 101-031 WOMEN AND GLOBALIZATION

(Any major or undeclared majors)

Description: Examination of social and cultural issues affecting women in the global context.

- WOMS 202-010 International Women's Studies (3 cr.)
- POSC 240-010 Introduction to International Relations (3 cr.)
- UNIV 101-031 First Year Experience I (1 cr.)

* Go to the following website for more information regarding LIFE course clusters: <http://www.udel.edu/life>

Pathways to Discovery

Fall 2002

Pathways to Discovery is part of the three-year pilot program in General Education approved by the Faculty Senate. Like its freshman-year counterpart, LIFE, Pathways to Discovery is designed to provide integrated academic experiences that introduce students to the resources of the university and foster core intellectual skills required for a successful undergraduate career. Pathways accomplishes this by means of thematic interdisciplinary courses, often designed collaboratively by teams of faculty from different disciplines, but all of which offer students exciting opportunities to approach topics of general interest from multidisciplinary perspectives. While students are not required at present to take any Pathways courses, these courses are particularly recommended for freshmen, especially undeclared freshmen.

Pathways courses are different from the usual introductory-level survey courses, which treat a single discipline, because they link to a variety of disciplines and experiences and provide a foundation for, and hence "pathway" to, other fields, campus experiences, campus resources, and careers. Because of their interdisciplinary and multidisciplinary nature, Pathways courses may have a variety of means of delivery, including multiple instructors, discussion sections, technological support, and enrichment activities. Pathways courses strive to meet many of the ten approved goals of General Education, but especially Goal 1 (communication and reasoning), 2 (critical thinking), 3 (independent and collaborative work), and 6 (intellectual curiosity for lifelong learning).

Pathways Courses

ARSC 392 080	Perspectives on Migration
BISC 104 015 - 018	Principles in Biology
CGSC 270 010 & 080	Intro to Cognitive Science
CNST 110 010	A Visual World
ENGL 267 (Parallel Campus)	Values & the Community
HESC 155 010	Personal Health Management
PHYS 145 010 - 013	Black Holes and Cosmic Evolution
SCEN 344 010	Science and Religion

* Go to the following website for more information regarding Pathways to Discovery:
<http://www.udel.edu/pathways>

University Honors Program

HONORS COURSES & OTHER OPPORTUNITIES

Honors courses are open to any qualified undergraduate on a space-available basis. Students who did not enter the University through the Honors admission process qualify with a 3.00 or higher UD grade point average. Registration priority is given to those needing a particular course to satisfy requirements for one of the forms of Honors recognition.

Honors courses are offered in many disciplines and colleges. Most feature small class size, individual attention, and creative approaches to course content. Look for 080 section numbers. "HNRS:" is in the course title, a designation that will appear on your transcript. Special booklets describing Honors courses in Fall and Spring Semesters are available in the Honors Center and Honors Program offices (180/186 S. College Ave.) and at various other campus locations.

FORMS OF HONORS RECOGNITION

Advanced Honors Certificate

Open to any student in any major, through the class of 2003. Requires 21 Honors credits, including a one-credit Honors forum, beginning with the second year, a 3.00 GPA, and residence in first-year Honors housing.

General Honors Award

Available for freshman Honors admits to the University, Class of 2004 and after. Requires 18 Honors credits in the first two years of University study, 12 in the freshman year, including an Honors colloquium, a 3.00 GPA, and residence in first-year Honors housing.

Honors Foreign Language Certificate

Requires study abroad, specific courses, and a 3.00 GPA.

Honors Degree with Distinction and Honors Degree

Available in many majors (but not all). Both the Honors Degree with Distinction and the Honors Degree requires 30 Honors credits and a 3.4 GPA. The Honors Degree with Distinction also requires successful completion of a 6-credit senior thesis.

Undergraduate Research Program

University faculty accept undergraduates as their assistants or junior members of their research teams in the belief that unusually well-motivated students should be given the chance, while they are still beginners, to see and have a part in what is happening at the frontiers of knowledge.

The Undergraduate Research Program helps interested students and faculty to meet and discuss apprenticeship possibilities. Most students earn academic credit for the apprenticeships; qualified work-study students may earn grant money doing research. About 120 stipends of \$3000 are available for full-time summer undergraduate research. Projects are available in all University departments and areas of research. The Undergraduate Research Program also administers the senior thesis program for the Degree with Distinction and Honors Degree with Distinction. For further information, see <http://www.udel.edu/UR>. For assistance in locating a project, visit the Undergraduate Research Program, 188 Orchard Road, (phone 302-831-8995).

Study Abroad Opportunities

University of Delaware credits are earned while participating in these overseas study programs.

Center for International Studies (CFIS), the Department of Foreign Languages and Literatures (FLL) and a wide variety of other academic departments offer year-round overseas study opportunities for credit. Courses are taught in English, except as noted.

Fall Semester Programs:

Applications due: **March 29**

- London, England (CFIS)
- Paris, France (FLL); all courses taught in French
- Granada, Spain (FLL); all courses taught in Spanish

Spring Semester Programs:

Applications due **October 11**.

- San José, Costa Rica (CFIS, FLL, Environmental Studies, and Latin American Studies); SPAN and HIST courses taught in Spanish
- London, England (CFIS)
- Paris, France (CFIS); FREN courses taught in French
- Bayreuth, Germany (FLL); all courses taught in German
- Siena, Italy (FLL); ITAL courses taught in Italian
- Granada, Spain (CFIS); SPAN courses taught in Spanish

Summer Session Programs:

Applications due **March 15**

- Paris, France (FLL and Music Dept.); FREN course taught in French
- London, England (various departments)
- Kobe, Japan (FLL); most courses taught in Japanese
- Granada, Spain (FLL); some courses taught in Spanish
- Chur, Switzerland (HRIM)

Additional programs expected; contact CFIS

Winter Session Programs are sponsored by various departments

Applications due: **October 4**; some programs will fill earlier.

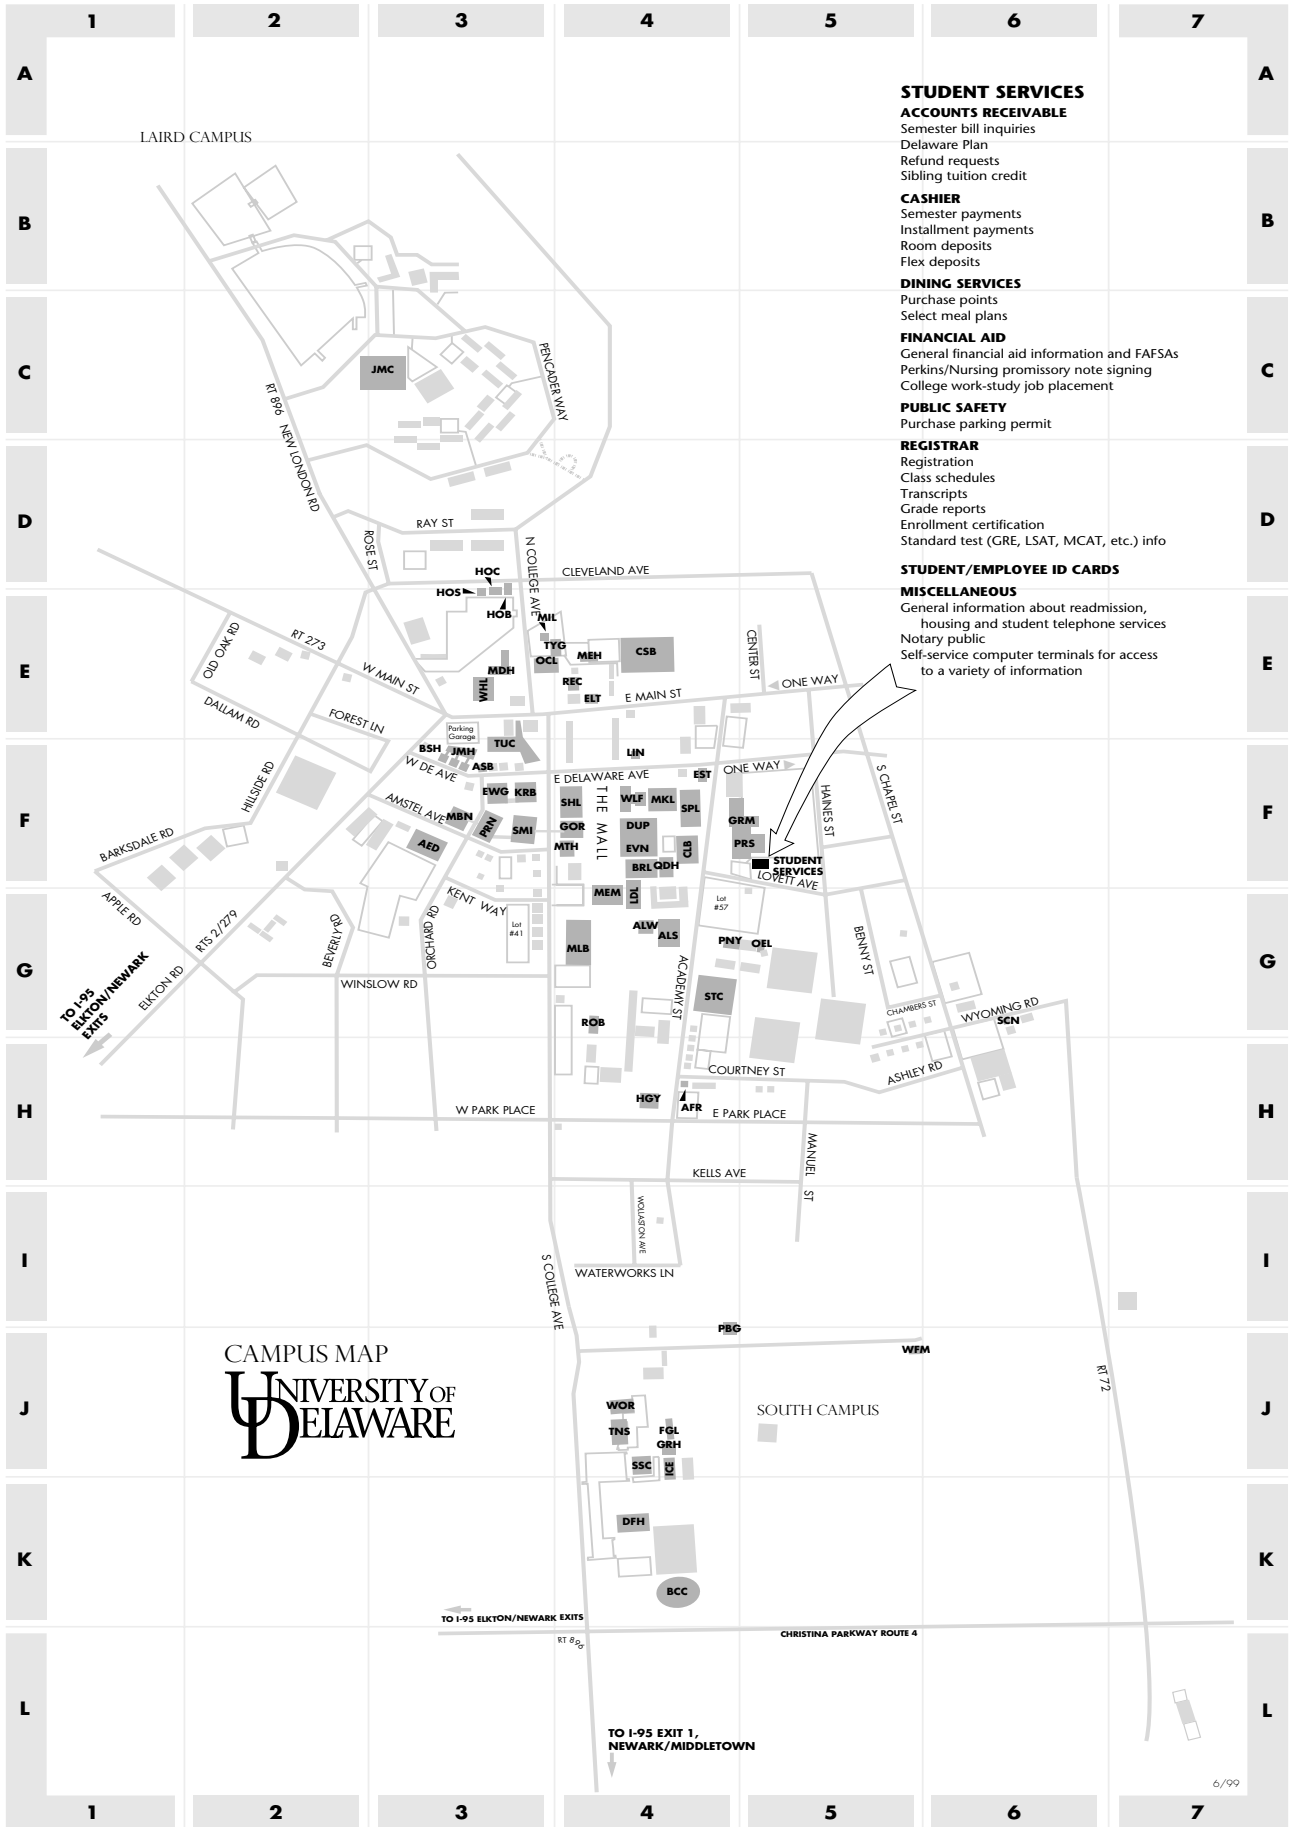

STUDY ABROAD MERIT SCHOLARSHIPS: available for programs listed above.

NEED-BASED SCHOLARSHIPS: Also available for programs listed above are Starr and Niels Study Abroad Scholarships, awarded based on financial need and academic merit. These awards cover between \$1,000 and a full program fee for 75-100 students per year. For information on Scholarships, check out the website at www.udel.edu/studyabroad/scholarships.

For more information about these programs, visit www.udel.edu/studyabroad or contact CFIS (831-2852; studyabroad@udel.edu) or FLL (Marion Bernard-Amos, FLL Study Abroad Coordinator; 831-6458; mba@udel.edu). Internships are offered on a limited basis through the London program during the fall and spring semesters and through the Bayreuth spring semester.

CFIS also offers a number of exchange programs at other institutions including Jönköping Institute for Business Studies (Sweden), Université de Lyon II (France), Bond University (Australia) and others. Credits earned on these exchange programs may be transferred to UD. The University also participates in the Denmark International Study Program (DIS).

UD ONLINE/DISTANCE LEARNING

The University's UD Online/Distance Learning program allows you to take University of Delaware courses using a variety of technologies. A detailed description of course formats is listed below. The course listing section of this registration booklet indicates the course formats for specific courses. Exams are proctored at various University sites throughout the state. Students will receive an exam schedule indicating exam times and locations. Students who are unable to come to a University of Delaware site must arrange for an exam proctor, following guidelines provided by the UD Online office. Course requirements for Distance Learning classes are the same as for on-campus courses. Students are able to contact their instructors throughout the semester for assistance. Participation in a Distance Learning course does not affect a student's classification, and there is no distinction on student transcripts between on-campus and Distance Learning courses. For more information, please visit the UD Online website at: www.continuingstudies.udel.edu/udonline.

REGISTRATION

Students register through Division of Professional and Continuing Studies as an individual or as a participant at an official work site or community college site. **Students cannot use UDPHONE, or the World Wide Web to register, drop, or make changes to UD Online courses.** Call the UD Online/Distance Learning office at (302) 831-1053 for information and UD Online registration and payment forms. Forms are also located at the following website in a printable format: www.continuingstudies.udel.edu/udonline/online_forms.html and can be faxed to (302) 831-3292. UD Online classes are limited in size to allow faculty the opportunity to provide personal attention. Many popular classes fill quickly. Early registration is advised.

Important Advance Registration Information: Those students who register during the University's Advance Registration Period, which begins April 15, are not required to pay at the time of registration, but are still required to complete the UD Online registration forms. Payment for advance registrations are due by August 1, 2002. **If payment is not received by August 1, 2002 the student's request for a distance learning class will be canceled.** Should those students wish to enroll again, they must register in person at Clayton Hall room 108, or at the nearest Professional and Continuing Studies ACCESS office.

Students who do not register during the Advance Registration Period, which ends on July 26, are required to complete the UD Online registration forms and pay at the time of registration.

FULL TIME MATRICULATED STUDENTS

If you are a full time matriculated student, you must obtain email permission from your Academic Advisor to register for a UD Online course. B & E majors need to seek email permission from Assistant Dean Whittaker. Accounting majors should obtain permission from Prof. J. Gillespie. Communication or Communication interest majors are required to obtain permission only for Communication courses (except COMM250 which does not require permission). All other UD Online courses for Communication majors do not require permission. Full-time and part-time matriculated students on probation are discouraged from taking UD Online courses and are required to obtain permission from their advisors. Academic Advisors must email permission for their advisees to Melanie Rehberg, Program Manager UD Online and Ann Lopata, Coordinator of ACCESS Centers. Their email addresses are: melanier@udel.edu and lopata@udel.edu. For additional information regarding full time matriculated students registering for a distance course, please visit www.continuingstudies.udel.edu/udonline/full_time.shtml

ACADEMIC CALENDAR

The UD Online academic calendar matches the University campus schedule with the exception of final exam dates. Final exams for distance learning courses will be held on Monday, December 16, 2002. Please refer to the beginning of this booklet for important Academic Calendar dates.

UD ONLINE COURSE FORMATS:

Please see the course listing section of this booklet for format availability per each distance learning course.

INTERNET:

- **Web-based:** Web-based courses are developed and delivered entirely on the Internet in text version. Course syllabi and assignments are posted on the Web. Students communicate with faculty and classmates using electronic mail, newsgroups and/or chatrooms. In some courses, a CD-ROM supplements the Internet course material. Students need a Windows or Macintosh computer and an Internet connection.
- **Web-classroom:** Videostreaming and synchronized Power Point presentations on the web allow students to see and hear actual faculty lectures, review notes and link to related resources online. These lectures are stored on the University server and may be accessed throughout the semester. A more powerful computer and higher speed Internet connection may be required for optimum course access. For details, please see the web page: www.continuingstudies.udel.edu/udonline/startup/systemcheck.html.

Test Your Internet Access -Test your computer equipment and internet connection before classes start to ensure access to your class format.

Web-classroom demonstrations are located at www.udel.edu/UMS/itv/demo/. Please note that if you are taking a math or engineering course, a high speed internet connection is required. In order to test your connection, you will need to select a math or engineering course listed at the above web site.

- **CD-ROM:** The CD-ROM format is similar to the Web-classroom format, but offers students the choice of using a CD-ROM rather than relying on an Internet connection to access the course lectures. Please note that access to the Internet is still required, as supplemental course materials, resource links, email and web-based assignments may be required by the instructor. Students return the CD-ROM at the end of the semester. Minimum requirement: 4x CD-ROM drive.

VIDEOTAPE:

Courses offered by University faculty are taught in specially equipped video classrooms. Each lecture is videotaped in an unedited fashion and tapes are shipped to students at their work site or home. Students return tapes at the end of the semester.

- **Web-enhanced videotape:** In addition to the "videotape" definition above, web-enhanced videotape courses enable students to access the syllabus, course lectures, and electronically communicate with the instructor via the internet. Some courses **may** also be augmented with instructor's class notes, Web assignments, and student/faculty online interaction using electronic mail, newsgroups, and/or chatrooms. Internet access is required.

PRINT-BASED:

A hardcopy study guide or manual is the student's guide to reading assignments and preparing and submitting work to the faculty coordinator. Web access is not required.

INTERACTIVE VIDEO:

Interactive video technology connects the University's Newark campus with Lasher Lab in Georgetown, Delaware.

MULTICULTURAL COURSES OFFERED IN FALL SEMESTER 2002

COURSE	TITLE	COURSE	TITLE
ANTH101	INTRO TO SOC & CULT ANTHROPOLOGY	HIST479	HISTORY OF MODERN CHINA
ANTH222	TECHNOLOGY AND CULTURE	IFST202	FOUNDATIONS OF FAMILY STUDIES

CATALOG SUPPLEMENTAL COURSE DESCRIPTIONS

This section is the supplement to the current undergraduate and graduate catalogs.
Courses not found nor fully described in the 2002-03 catalog are printed here.

ANIMAL SCIENCE

ANSC 267-010 INTRODUCTION TO EQUINE SCIENCES

Course in equine science and husbandry. Labs focus on selection procedures; hoof care; safety, handling and training; identification of feed; and basic equipment and use. Stresses the unique equine biology and science foundational to understanding function and husbandry.

ANSC 467-010/667-010 LACTATIONAL PHYSIOLOGY

Fundamentals of physiology and metabolism involved in initiation, maintenance and cessation of lactation. Emphasis on the lactating dairy cow, however comparisons with other common mammals will be observed. Neuronococrine control of lactation, nutrient absorption and processing the mammary gland, and control of milk composition. Prereq: ANSC441 or ANSC 345 or approval of instructor.

ANTHROPOLOGY

ANTH 367-010 ANTHROPOLOGY AND BUSINESS CAPITALISM IN THREE CULTURES

Explores the culture of business, work, and money in three different cultures: Asian, Islamic, and Western. The objective is to better understand the ways in which capitalism and its power structures shape our professional and personal lives, and establish whether modern capitalism creates and requires the same culture of business everywhere.

ANTH 390-080 HNRS CLQ:LIFE IN TRIBES

Examines the nature of tribal societies as they actually exist and have existed in the past-communities of a few hundred to a few thousand people linked by kinship, language and culture in a flexible political structure quite different from the stereotype of tribal chiefs and warriors. Considers the theory and reality of how such societies come into being, vary and change over time.

ART CONSERVATION

ARTC 667-010 MICROSCOPY ANALYSIS OF PAINTED SURFACES

Introduction to the use of cross-section microscopy techniques applied to real-world coating problems and questions. Develops practical skills in examining, sampling, interpreting, and understanding painted and varnished, decorative and architectural surfaces. Involves the application of optical microscopy techniques to ongoing conservation treatments.

ART HISTORY

ARTH 367-010 SEM:WINTERTHUR

Study of the fine and decorative arts and material culture of the United States focusing on the extensive collections at the Winterthur Museum. Classes will be held at the museum; please schedule 30 minutes for travel before and after the seminar. (Travel will be arranged.)

ARTH 402-010 SEM:AFRICAN ART AFTER INDEPENDENCE

Examines the transformations wrought on artistic production in Africa since the 1950s with the retraction of European colonialism. Viewed in the light of postcolonialist theory, it examines groups, movements and individuals including Oshogbo, Zaria, Leopold Senghor, Susan Wenger, Ben Enwonwu, Iba Ndiaye and Kofi Antubam.

ARTH 405-010 SEM:ART IN THE EVERYDAY LIFE OF ANCIENT ROMANS

Explores the ways in which art and architecture were part of the everyday lives of ancient Romans living in Pompeii, Herculaneum, and Ostia Antica, and investigates the urban fabric of these cities, including houses, tombs, and buildings for business, religion, and recreation.

ARTH 623-010 STDS:HISTORIES & THEORIES OF MODERN PORTRAITURE, 18th to 20th CENTURY

Modern portraiture in the context of changing ideas of public and private identity, individuality, and the self. Approaches from social history, psychoanalysis, semiotics, and critical theory. Topics include political, socio-historical, and documentary functions; physiognomy; likeness; self-portraiture; photography and mechanical reproduction; celebrity; gender; sexuality; and abstraction.

ARTH 667-010 FORGERY, AUTHENTICITY AND ORIGINALITY IN THEORY AND PRACTICE

Considers the interrelated problems of how to define an authentic and/or original work of art, and how to define a "forgery." Also considers a range of case studies and theoretical writings addressing issues of definition, orientation, and criticism.

ARTH 667-011/SOCI 667-011 SEM:RELIVING VISUAL HISTORY AS SOCIAL CRITIQUE

Intention and the oral interview in history, sociology, literature and the arts. Students will research African American art and culture and in pairs interview visual artists in the Paul C. Jones Collection.

BIOLOGICAL SCIENCES

BISC 467-010/BISC 667-013 DEVELOPMENTAL NEUROBIOLOGY

Covers the developmental biology of the nervous system. Includes basic structure of the nervous system, cellular components of nervous tissue, neural induction, neurogenesis, neuronal migration, determination, axon path finding, synapse formation, programmed cell death, neurotrophic factors and critical periods. Covers neural development at the levels of molecules, cells and systems.

BISC 667-011 IMMUNOLOGY

The biological basis of adaptive immunity including participating cells, cellular interactions, counted mechanisms and immunopathologies. In addition to the scheduled lecture periods, selected topics will be covered in depth in a discussion section that will meet for one hour each week.

BISC 667-012 BIOLOGICAL STATISTICS

Covers the statistical techniques used in the design and analysis of biological experiments. Topics include analysis of variance, regression and correlation, and analysis of frequency data. A prior statistics course is recommended but not required.

BIOMECHANICS & MOVEMENT SCIENCE

BMSC 667-010 MATHEMATICS FOR BIOMECHANICS

Covers mathematical techniques useful for research in biomechanics and related fields, with emphasis on methods useful for biomedical data acquisition and analysis and for modeling of biological systems. Includes Fourier analysis, differential equations, and matrix algebra, always concentrating on applications. Prereq: College calculus

CHEMISTRY

CHEM 667-010 INDUSTRIAL CHEMISTRY

Follows chemicals from their origins in petroleum and natural gas to the myriad consumer products that we take for granted. Compares and Contrasts industrial chemistry with academic chemistry. Includes key concepts of catalysis and organometallic chemistry that are involved in making industrial chemicals. Discusses the nature and purpose of patents. Describes the needs and future directions of the industry.

CHEM 667-012 MOLECULAR BIOPHYSICS

Biophysical principles and methods: thermodynamic and kinetic analysis of folding, protein-nucleic acid interactions, and ligand binding; spectroscopy; structural methods and modeling; calorimetry; ultracentrifugation and SPR; imaging and microscopy. Problem solving in macromolecular interactions and function: protein refolding; altering ligand affinity; increasing protein stability; drug design and HTS; protein expression and solubility; and protein engineering.

CHEM 667-016/BISC 667-016 INTRO TO LABORATORY INSTRUCTION

Introduction to the practice and theory of supervising undergraduate laboratories for first-time graduate teaching assistants in Chemistry and Biology.

CIVIL AND ENVIRONMENTAL ENGINEERING

CIEG 467-010 BUILDING DESIGN

Building structural systems and elements; dead and live loading; earthquake and wind forces; load paths; gravity and lateral load resisting systems. Approximate analyses of building frames. Steel, concrete and wood building design. Prereq: CIEG 301, CIEG 467

CIEG 467-012/667-012 ROADWAY GEOMETRIC DESIGN

Teaches fundamentals of highway and street design covering such topics as the transportation design process, highway location studies, and geometric design concepts and controls. Principle reference for the course is the AASHTO "Green Book" and introduction to the process known as "Context Sensitive Design" is also covered. Prereq: CIEG 351 and CIEG 223

CIEG 467-013 CONSTRUCTION MANAGEMENT & ENGINEERING

Covers construction processes, field engineering, and project management. Broad treatment of the subject is designed to equip the young engineer with basic knowledge and skills required for a field engineer or construction manager. Project management topics include estimating, cost control, quality control, and safety with emphasis on planning and scheduling.

CIEG 667-010 PAVEMENT ANALYSIS AND DESIGN

Presents the scientific principles of pavement design as applied to airfields and highway pavements, considering loading conditions, stress distribution, and properties of various components of pavement layers, for both rigid and flexible pavements.

CIEG 667-014 DEEP FOUNDATIONS

Addresses the application, selection, design, construction and inspection of deep foundations. Examines a variety of deep foundation types, including driven piles, drilled shafts, micropiles and augercast piles. Includes development of cost comparisons, specifications and contract documents and bidding practices.

CONSUMER STUDIES**CNST 167-010 UNDERSTANDING CONSUMERS**

Explores the interactions of clients, customers, citizens and cultural groups who are collectively referred to as "consumers". Focuses on diversity of consumers, complexities of dealing with consumers and markets, social responsibilities to and of consumers, and developing and supporting ethical markets that contribute to consumer well-being and advance our society.

CNST 267-010 CONSUMER DISABILITY ISSUES

Introduction to consumer issues for people with disabilities. Analyzes how definitions of disability shape public policy and the delivery of goods and services. Topics will address access to housing, transportation, education, employment and other aspects of community living.

CNST 467-010 LEADERSHIP IN HUMAN CAPITAL DEVELOPMENT

Enhancement of economic opportunities and quality of life through human capital development. Implications for public policy.

COMMUNICATIONS**COMM 418-010 TPCS: MEDIA ETHICS & ACCOUNTABILITY**

Examines of the role(s) that mass media is expected to fulfill in society, and of the various ways for holding media accountable for meeting those responsibilities.

COMM 418-011 TPCS: BROADCAST PROGRAMMING

Concerned with the principles and strategies of programming for broadcasting and cable. Includes audience feedback, network and local programming, syndication and specialized programming. Examines radio ratings, TV ratings, and primetime TV programming strategies such as creating audience flow.

COMM 418-012 TPCS: BROADCAST NEWS

Communication students learn the pressures and standards of broadcast news while writing and producing a scheduled studio TV news program. Emphasis on writing news for broadcast, program story-selection issues, video selection, interviewing techniques, professionalism. Completion of ENGL 307 or COMM 325 is a pre-requisite.

CRIMINAL JUSTICE**CRJU 467-010 SOCIAL JUSTICE IN FILM AND LITERATURE**

Uses empirical research to contrast the images and issues raised in films and literature. Examines assumptions about punishment, justice, social control, offending and victimization using these vehicles of popular culture.

ECONOMICS**ECON 467-010 INTERNET ECONOMICS**

Uses economic theory to analyze the structure of internet markets and the strategic interactions between participants in these markets. Evaluates sources of competitive advantage and monopoly power, pricing practices, network externalities, and technological e-commerce. Prereq: ECON 300 or ECON 301

ENGINEERING TECHNOLOGY**EGTE 167-010 INTRO COMPUTERS FOR ENGR TECH**

A foundation course in the application of computers and engineering principles for agriculture, industry and the environmental sciences. Emphasizes the fundamentals of computer programming, problem solving and practical applications within the field. Includes a project and a lab.

ELECTRICAL ENGINEERING**ELEG 367-010,011 DIGITAL PHOTOGRAPHY AND TECHNOLOGY**

If interested in or if using digital photography, learn both how and why. Section 010 requires knowledge in college physics and a good working skill in college algebra. Also, cannot be used as a technical elective for electrical/computer engineering students.

ELEG 467-010/667-010 MICRO-ELECTRO-MECHANICAL SYSTEMS (MEMS)

Provides a multi-disciplinary overview of silicon based MEMS technologies for students from all areas of science and engineering disciplines. Design, fabrication and packaging of MEMS will be thoroughly explored with illustrative examples.

ELEG 467-011/667-011 OPTICAL COMMUNICATIONS AND NETWORKS

Provides an introduction to optical communications systems. Topics include: operational characteristics of optical sources and detectors, optical fiber and its properties, coupling and propagation of optical signals in fibers, fiber communications link analysis, modulation/demodulation methods, and applications of optical communications systems.

FOREIGN LANGUAGES AND LITERATURE**FLLT 167-440 NEW TESTAMENT GREEK**

Course for beginners includes Greek alphabet, vocabulary, grammar, and simple syntax. Provides an introduction to the language for those who will pursue a more extended study at seminary or elsewhere, or for those who would like to be able to use an interlinear New Testament with some confidence.

FLLT 367-010 ANTI-HEROES IN MODERN CHINESE LITERATURE

Examines various types of anti-heroes in modern Chinese literature, such as the social outcast, the estranged, the aesthete, the superfluous, the marginal woman; investigates how sociopolitical conditions have shaped this "anti-hero literature" with its value alternatives. Films will be shown to complement readings.

FOOD SCIENCE**FOSC 667-010 FOOD PACKAGING**

Covers the role of packaging in the preservation of food. Packaging materials, their chemistry and processing will be discussed with a major emphasis on polymer chemistry and behavior as it is related to food packaging.

GEOGRAPHY**GEOG 111-010,011 CLIMATIC PROCESSES LAB**

Laboratory investigation of processes responsible for weather, climate and climatic change. Implications of climate for ecosystems and human activities. Earth-sun relations, geographic coordinate systems and map interpretation. Together GEOG101 and GEOG111 form a comprehensive lecture/laboratory format for investigating climatic processes. Coreq: GEOG101.

GEOG 467-011/667-011 SPATIAL DATA ANALYSIS

Introduces both visual (mapping and graphical) and statistical approaches to analyzing spatial data. Methods are implemented through the development and use of Fortran programs. Pre/Coreq: GEOG 250.

GEOG 467-012/667-012 PLACE, NATURE, HUMAN NATURE CULTURE

Place and landscape will be the touchstones for examining the interplay of nature, human nature, and culture. The approach will be interdisciplinary, with particular emphasis on attitudes, perceptions, and philosophies—artistic as well as scientific.

HEALTH AND EXERCISE SCIENCES**HESC 167-010 KICKBOXING AEROBICS**

Designed to shape and tone the body while improving cardiovascular fitness. Uses martial art movements (kicking and punching) as well as exercises that increase strength and flexibility while being done rhythmically to music.

HESC 167-011 KENPO KARATE

Self-defense that teaches the language of motion. Includes concepts, theories, principles, and innovations, not yet employed by other systems. Employs linear as well as circular moves, utilizing intermittent power where and when needed, interspersed with minor and major moves that flow with continuity. Flexible in both thought and action so as to blend with encounters as they occur.

HISTORY**HIST 268-010 SEM:SEXUALITY AND FAMILY LIFE IN EUROPE**

Includes Church and state views of sexuality; the social history of marriage, birth, and childrearing; love and sentiment in the domestic sphere; and the changing social and political meanings of sex and the body. Discusses historiographical views, formulates arguments, and critically examines readings.

HIST 268-011 SEM:VICTORIAN BRITAIN

Introduces students to British history in the nineteenth century. Includes popular culture, social criticism, "Victorianism", national identity, and the 1851 exhibition at the Crystal Palace. Provides an introduction to historical research and methods. Explore facets of British culture using primary documents (newspapers and periodicals).

HIST 268-012 SEM:THE JFK ASSASSINATION: HISTORY, LITERATURE, AND MYTH

Focuses on what the historian Christopher Lasch termed "the strange life of Kennedy's death." Examines the accomplishments, expectations, and legends of the Kennedy administration itself, and then delves into the various reports, conspiracy theories, and literary accounts of his assassination.

HIST 268-013 SEM:TERRORISM IN NORTHERN IRELAND

Prepares history majors in the skills and methods for doing historical research. Analytical writing forms the core of the course. Studies being objective, but also exploring issues relating to the use of violence, party structures, sectarianism, ideology, gender, foreign policy, the role of the media, and the impact of single individuals on public events.

HIST 411-010,080 SEM:MADNESS AND MURDER IN THE NINETEENTH CENTURY

Examines several notorious cases of insanity and murder in England and America in the 19th century. Looks at how medical, social, and legal models served to categorize marginal behavior and deal with individuals who failed to conform to societal norms. Explores the similarities and differences in the approaches of historians and novelists as they analyze the "crimes of the century."

HIST 411-011 SEM:AMERICA AFTER THE REVOLUTION

Society, culture and politics in the early United States, 1789-1830.

HIST 411-012 SEM:JEFFERSON AND HIS TIME

Examination of the life of Thomas Jefferson, covering his early years, his political career and presidency, and his retirement at Monticello. Focuses on Jefferson's writings and on modern scholarship concerning the central historical problems of his life. Includes Jefferson's role in the Revolution, his political and social thought, his family and private life, his role in American expansion, his position on slavery, and his influence as a figure of power.

HIST 411-013 SEM:RELIGION AND THE AMERICAN WILDERNESS

Explores the relation between unconventional religious thought and the idea of wilderness in 19th and 20th century America. Focuses on individual writers, and the way various writers have "entered" wild nature to seek not riches or adventure but themselves, maybe God. Examines changing ideas about nature and how these relate to the matter of belief in the modern and postmodern world.

HIST 411-014 SEM:RONALD REGAN

Focuses on the career and presidency of Ronald Reagan. Read and discuss two biographies of Reagan, and books that deal with Reagan's policies on civil rights, economics, welfare, and the cold war.

HIST 479-010,080/HIST 679-010 SEM:20TH CENTURY CHINA

Begins with the Boxer Uprising and finishes with the opening years of the 21st Century Weekly readings and discussion; one paper. Readings include novels, contemporary writings, memoirs, etc. to give a first-hand flavor of modern and contemporary Chinese history.

HIST 611-010 SEM:THE EARLY REPUBLIC

Advanced readings in the early republic (1790-1830); emphasis on social and cultural history.

HIST 667-010/MSST667-010 SEM:AMERICAN VERNACULAR LANDSCAPES

Graduate reading seminar with a strong emphasis on material culture. Topics include settlement, agricultural, urban, suburban, public, ethnic, and industrial landscapes. Examines how a variety of scholars, including geographers, historians, artists, and writers have treated the landscape as subject and object.

LIBERAL STUDIES**MALS 667-011 NEW MEDICINES; FROM LAB BENCH TO BEDSIDE, THE NEW REALITY**

After tracing the process from laboratory discovery to approval of a new drug by the food and drug agency we will explore current social and philosophical debates related to the patenting, testing, regulation and marketing of prescription and over the counter drugs.

MALS 667-012 STDS:CONTEMPORARY AMERICAN FICTION

Examines narrative and thematic concerns in American fiction written before and after WWII. The fiction is explored against a background of cultural, philosophical, and literary trends. Read and discuss such concerns as the substitution of a mythical for a "realistic" method; myth and myth making for experimentation and innovation; postmodernism, and the absurd.

MALS 667-410 AMERICAN FAMILIES IN THE NEW MILLENNIUM: THE CHALLENGES OF WORK, DIVERSITY, AND AGING

Examines some of the causes and consequences of the recent demographic trends and social changes taking place in American families by providing students with a context for understanding the impact of history, culture, economics, politics and globalization on family development. Emphasizes differences between families based on gender, race and ethnicity and socio-economic status.

MALS 667-430 MILITARY STRATEGY: THE AMERICAN EXPERIENCE

Acquire a deeper understanding of American military strategy throughout the years. Discuss a variety of concepts, including but not limited to: national strategy vs. military strategy, strategy of attrition, strategy of annihilation, the climactic Napoleonic battle, the role of sea power, containment, partisan warfare, etc.

MALS 667-431 GENDER IN A WORLD PERSPECTIVE

Introduces students to questions about men and women's relationships, the processes of gender differentiation worldwide, and the effects of globalization on men and women's positions. Course seeks to enable students to understand how gender ideologies and gender roles pervade all aspects of human life across the globe.

MARINE STUDIES**MAST667-010 GENETICS OF MARINE ORGANISMS**

Focuses on population and evolutionary genetics of marine organisms. Topics covered by lectures and discussion groups will include population structure, phylogeny, adaptation, and applications of genetics to marine science.

MAST 667-011 MARINE ETHNOBOTANY

Explores the use of indigenous marine plants by human coastal cultures for food, medicine, fabric, shelter, chemicals, fuel, and other needs. Analyzes plant features that result in useful products. Examines characteristics of the relationships between human groups and coastal plants that make the associations sustainable.

MAST 827-010 TPCS:MARINE BIOLOGY; FISH BIOLOGY

Focuses on current topics in fish biology and fisheries research. Students lead discussions by representing topical seminars, critiquing research papers from the current literature, or presenting their thesis or dissertation research.

MAST 667-012 MARINE TRANSPORTATION POLICY

Provides an overview of marine transportation policy and develops analytical techniques in the contexts of local, national, and international perspectives. Topics include: maritime transportation technology and projected fleet development; overview of policy frameworks affecting trade, safety, and environment; quantitative analysis of shipping business economics under policy constraints.

MAST 828-010 TPCS:MARINE BIOCHEMISTRY

Focuses on recent literature in the field of marine chemical ecology. The structured discussions are led by students and aim to critically evaluate papers in the field's current primary literature. The goal of the course is to stimulate critical thinking about topical areas in marine chemical ecology.

MATH**MATH 167-010 QUANTITATIVE REASONING**

Modern world applications of mathematics. Quantitative reasoning used in everyday life. How mathematics is used in a variety of topics and issues. Combines critical thinking skills with basic mathematics in contexts encountered in various disciplines such as social sciences, business and economics.

MATH 267-010 FUNDAMENTALS OF GEOMETRY

Designed to study geometric concepts that support the curriculum of the middle and secondary schools. Intuitive geometric topics, the structure of a deductive system, logical reasoning and the process of proof will be covered.

MATH 567-010 FOUNDATIONS OF MATHEMATICS I

Intended as the second experience in several areas of the undergraduate curriculum. The areas are chosen from Calculus, Linear Algebra, Geometry, Discrete Mathematics, Abstract algebra, Differential equations. A goal of the course is to integrate the topics, rather than to specialize.

MUSIC EDUCATION**MUED 267-010 AESTHETIC EDUCATION**

Discover the philosophical basis of the performing and visual arts in education and strategies for their integration into core curriculum subjects. Interact with visiting teaching artists and participate in field trips to observe these artists in the context of the classroom. Goals include experiencing multiple learning/teaching styles and a realization of new possibilities in communication.

MECHANICAL ENGINEERING**MEEG 867-010 HYDRODYNAMIC STABILITY**

Global stability and uniqueness; instability and bifurcation; calculation of branching behavior; thermal instability; shear flow instability; inertial instability; centrifugal instability; transition prediction and control; engineering aspects and technological applications.

MUSIC**MUSC 167-010,011 DELAWARE STEEL DRUM ENSEMBLE**

Teaches how to play steel drums and is open to all interested university students. Previous musical skills not required.

MUSC 167-012 HANDBELL ENSEMBLE

Students experience the art of ringing handbells and choir chimes, perform 3-5 octave handbell literature and conduct the ensemble. Course open to music and non-music majors. Ringing experience not required. Prereq: Ability to read music.

PHILOSOPHY**PHIL 367-010 TPCS:BUDDHISM**

Takes a close look at the variety of philosophical positions and methodologies found within the Buddhist traditions in India, China, Japan, and Tibet. Students read mostly primary materials, with the goal to articulate the complexity and diversity of this rich tradition of philosophical and psychological analysis.

PHIL 367-011 TIME TRAVEL

Examines the topic in its own right, with particular attention to the various ways in which time travel is (or is not) possible. Also examines the connections with the philosophy of time and space, personal identity, freedom of will, and theism.

PHIL 465-010,080 SR. SEM:ARISTOTLE

Acquire a comprehensive understanding of Aristotle's most important contributions to Philosophy. Stresses Aristotle's contribution to issues regarding the nature and ultimate grounds of knowledge; the ultimate categories of thought and the basic constituents of the universe; the relation between language, thought and their objects; how is mind related to the body; to what ends is human life to be directed; how is pleasure related to goodness.

PLANT SCIENCE**PLSC 367-080 HNRS: CHOCOLATE**

Explores the deep, dark mysteries associated with the use of chocolate over the millennia. Covers origin, horticulture, chemistry, nutrition, properties or strictly for fun this may be the course for you. Weekly taste test!

PSYCHOLOGY**PSYC 367-010 INTRODUCTION TO NEUROSCIENCE**

Neuroscience is an interdisciplinary approach to the study of the nervous system. Course includes descriptions of gross anatomy and neurophysiology, and the study of sensory and motor systems, emotions, motivation, memory, sleep and clinical syndromes. Prerequisites: PSYC 201, BISC 208, 2 semesters of Chemistry.

PSYC 367-011 INTRODUCTION TO NEUROSCIENCE LABORATORY

Exercises will include a dissection of a sheep brain, implantation of an electrode into rat brain to map reward function, brain histology, electrophysiological recording to map somatosensory cortex in the rat, recording of the electroretinogram from the frog eye, and software and hardware simulating of neuronal activity. Must be enrolled concurrently in PSYC 314 or previously taken PSYC 314.

PSYC 467-010,080 IDEAS IN BIOPSYCHOLOGY

Read six books during the semester. The readings will consist of "classics" in psychology, biology, and philosophy. One student will be responsible for leading the discussion about that book. The reading list is flexible and will be chosen depending on the interests of the students.

PSYC 467-011 EMOTIONS AND PREVENTIVE INTERVENTION

Covers the development of emotions, emotion knowledge, and emotion regulation, their relations to adaptation and social behavior. Emotion-centered preventive intervention, including participation in an intervention program for children. Prereq: PSYC 350 AND PSYC 334 OR PSYC 380.

PSYC 467-013 BIOPSYCHOLOGY OF ANXIETY/DEPRESSION

Explores the neuroanatomy, physiology, pharmacology and behavior of anxiety and depression gleaned from experimental studies in both animals and humans. Animal models of anxiety and depression and their relevance to the human condition will be emphasized.

PSYC 467-014 RESEARCH METHODS

Reviews the major issues involved in the design of psychological experiments. Topics include measurement of psychological variables, internal and external validity of experiments, research with single subjects, and research ethics. Discusses both laboratory and field research. Course is for students who plan to apply to graduate school in psychology.

PSYC 467-081 HNRS: SOCIAL MOTIVATION

Analysis of theory and research in the social psychology of motivation. Includes active student participation in research projects. Prereq: PSYC 309, and PSYC 303 or 390

PSYC 667-014 COGNITIVE NEUROSCIENCE OF LANGUAGE AND NUMBER

Study of cognitive processes in humans and their underlying neural bases. Students learn the Event-Related Potentials (ERPs) technique and image their own brain activity resulting from linguistic and numerical processing. Critically evaluates the use of brain imaging data to constrain theories in the cognitive sciences.

PSYC 867-011 INTELLIGENCE AND ACHIEVEMENT TESTING

Provides training in the administration and interpretation of the major intelligence and achievement tests used in the assessment of children and adults. RESTRICTIONS: Permission of Instructor.

PSYC 867-012 SOCIAL COGNITION

Course deals with how people process information related to impressions of themselves and other people.

PSYC 867-013 CURRENT TOPICS IN CLINICAL PSYCHOLOGY

Discussion of current topics in clinical psychology.

PSYC 867-014 CURRENT TOPICS IN SOCIAL PSYCHOLOGY

Discussion of current topics in social psychology.

PSYC 867-015 CURRENT TOPICS IN COGNITION

Discussion of current topics in cognitive psychology.

PSYC 867-016 CURRENT TOPICS IN NEUROSCIENCE

Discussion of current topics in neuroscience.

SOCIOLOGY**SOCI 267-010 RESEARCH ON ALCOHOL**

Scholars, administrators, and clinicians from off-campus and from the University of Delaware community present and discuss their research and experiences with issues of alcohol use and abuse. Focuses on the use of alcohol on college campuses and the impact of high risk drinking on the college and neighboring communities.

SOCI 467-010 HOMELESSNESS

Students use the concepts, methods, and perspectives of sociology to gain an understanding of homelessness. Use material from Deviance, Urban Stratification, Law, Family, Social welfare, Health Care, Demography, and Methods to examine homelessness from macro and micro perspectives.

SOCI 467-011 SOCIAL MOVEMENTS

Focuses on sociological approaches to explaining how social movements develop and how and why individuals join social movements. Provides a review of major theoretical perspectives. Gives students an opportunity to select specific contemporary social movements (e.g., the environmental movement, pro-choice and pro-life movements, and the women's movement) for in-depth study.

SOCI 467-012 SOCIAL ASPECTS OF RISK

Focuses on the sociological aspects of risk assessment and management by individuals, organizations and government agencies. Covers cases involving technological risks, and the management of risks from natural hazards and from health risks.

SOCI 667-010 SOCIOLOGY OF DRUG AND ALCOHOL ABUSE

Surveys sociological theories of alcohol and drug abuse and contrasts a sociological perspective on these problems with psychological and biomedical approaches. Reviews social learning, anomie, conflict, labeling and social constructionist approaches. Reviews both quantitative and qualitative empirical work within each of these theoretical traditions and compare their implications for substance abuse prevention, treatment and control.

SOCI 667-012 ENVIRONMENTAL SOCIOLOGY

Produces substantive and theoretical introduction to the major issues of Environmental Sociology. Focuses on issues associated with natural and technological hazard issues. Looks at influences of the environmental movement and collective responses, and new emerging movements of ecofeminism and environmental justice.

SOCI 667-013 TEACHING IN THE SOCIAL SCIENCES

Stimulates interest in talk about teaching among faculty and graduate students in Psychology, Political Science and Sociology, each of which faces challenges in communicating our disciplines to undergraduates. These challenges constitute the content of this course.

STATISTICS**STAT 667-010 ADVANCED REGRESSION TECHNIQUES**

Advanced topics in regression analysis: model selection techniques, least squares estimation subject to constraints, ridge regression and other penalized techniques, non-linear regression, and non-parametric regression.

THEATRE**THEA 367-010 PROJECTS IN SCENE DESIGN**

Introduction to the exploration of conceptual principles underlying the practice of scene design. Explore elements of visual thinking through the manipulation of drafting and drawing with emphasis on line, form, and spatial relationships as it relates to the play. Some artistic ability is helpful. Prereq: THEA200 or THEA202 or permission of instructor.

URBAN AFFAIRS AND PUBLIC POLICY**UAPP 667-011 CONFLICT RESOLUTION**

Combination of theory, skill building and practice. Provides effective communication and problem solving skills for individuals interested in de-escalating conflicts and creating win-win solutions. Students learn new ways of looking at and approaching conflict while gaining a better understanding of their own personal conflict management style, and understanding how this transfers to the workplace.

UAPP 667-012 ADMINISTRATIVE LAW & POLICY

Introduces the basic concepts and rules of administrative law and an understanding of the legal issues affecting public and nonprofit organizations in dealing with governmental agencies. Emphasizes matters of particular interest to administrators and others trained in the social sciences. Special attention will be placed on the impact politics has on efforts by administrators to comply with administrative law rules and regulations. No prior legal training or command of legal language is necessary.

UAPP 667-013 QUALITATIVE METHODS FOR PROGRAM EVALUATION

Emphasizes the development of student skills in collecting qualitative data for program evaluation through such methods as observations, interviews, and document reviews. Includes the philosophical underpinnings of qualitative inquiry, criteria for the quality of qualitative evaluation, and data analysis. Prereq: UAPP 804.

UAPP 667-014 COMMUNITY DEVELOPMENT THEORY, CONCEPTS & PRACTICE

Explores the evolution of core principles and concepts associated with community development, examines various models of practice found in the U.S. and abroad, and considers current challenges confronting the field. Emphasis is placed on understanding the role of community development in meeting the needs of disadvantaged individuals and households, particularly in urban areas.

UAPP 667-015 MYERS-BRIGGS & EFFECTIVE ORGANIZATIONS

Introduction to the use of the Myers-Briggs instrument as a means of first understanding yourself and others and then building effective organizations with the gifts and talents of all members of the organization.

UAPP 667-016 INFORMATION TECHNOLOGY IN THE PUBLIC & NONPROFIT SECTOR

Introduces students to the issues surrounding IT Infrastructure in the public and nonprofit sectors. Focuses on three themes that impact the adoption, implementation, and evaluation of IT efforts: technology, policy, and administration.

UAPP 667-017 FUND DEVELOPMENT: INSTITUTIONAL GIVING

Focuses on corporate, foundation and government fund development activity in support of the nonprofit organization. Includes presentations by practitioners from the corporate, foundation and government sectors, helping the students to understand the issues from the perspective of the funding sources, and from professional fundraisers on identifying potential donors through research.

UAPP 667-018 SEMINAR IN COMMUNITY ANALYSIS & DEVELOPMENT

Examines the complex ways in which the concepts of community, analysis and development are used and understood. Students connect the concepts to issues, problems or policy alternatives affecting local communities by participating in applied projects involving one or more students or student-faculty teams.

UAPP 667-019 DATA MINING

Focuses on the collection of data in hospitality systems environments into accessible warehouse, and mining (or organizing) the data into a management information system. Multi-unit consolidations using traditional polling techniques and innovative web-based consolidations are the key to organization of data into an up-to-date and accurate source of management information for analysis.

UAPP 667-020 CIVIL RIGHTS AND POLICY

Examines the origin and evolution of the laws and policies that govern the rights of African-Americans and other people of color in the United States. Examines emerging approaches to civil rights scholarship and considers the implications of the Supreme Court's recent embrace of a conservative posture in civil rights issues.

UAPP 667-021 PROGRAM EVALUATION FOR HEALTH AND SOCIAL SERVICES

A survey of quantitative and qualitative methods. Includes program design evaluation, outcome evaluation, clinical trial methods, process evaluation, and qualitative methods, including focus groups.

UAPP 667-022 CIVIC ENGAGEMENT

Examines how to successfully foster civic engagement to achieve demonstrable results in community improvement. Utilizes case studies to examine various dimensions of involving community stakeholders - from initiating action to assessing performance and institutionalizing change. The emphasis will be on how government services can be made more responsive to community-defined needs and priorities.

WOMEN'S STUDIES**WOMS 250-010 TPCS:INTERNATIONAL WOMEN'S STUDIES**

Examines some of the many roles that women have played in 20th century warfare and are still playing. Materials for the course will include works of fiction and non-fiction, essays, poetry, testimonials, documents, film, television, the visual arts, etc., created by women.

WOMS 267-010 WOMEN IN GLOBAL PERSPECTIVE THROUGH FILM

Explores women's experiences through five feature films from or about women cross culturally. Students will view the films, read a short article pertaining to each film and discuss and/or react to the themes and issues suggested by the film.

UDPHONE LATE REGISTRATION AND DROP/ADD

UDPHONE is an interactive voice response system enabling you to drop/add courses using the key pad on your touch-tone telephone.

Note: Only a touch-tone telephone or a telephone with rotary service that has a "tone/pulse" switch will work with UDPHONE.

*On telephones with a "tone/pulse" switch select the "tone" option **after** the call is answered.*

Before calling UDPHONE

- **You must know your nine-digit student identification number (SID) and also your four-digit UD personal identification number (PIN) to use UDPHONE.**
- Read the accompanying instructions and helpful hints carefully.
- Complete your UDPHONE drop/add worksheet.
- Have the following items ready by the telephone:
 - registration booklet
 - your completed UDPHONE work-sheet
 - a pencil to write down information as it is given to you.

Identifying Course numbers

Know the NUMERICAL (9-digit) course numbers of the course(s) of interest to you. Some listings, including the "Course Searches" on the web, start the course identifier with a 4-letter subject area abbreviation. These 4-letter abbreviations cannot be input to the phone, but must be translated to a 3-digit registration code (eg. ACCT-207-010 becomes 057-207-010). See the "Index of Subject Areas, Registration Codes, Offices and Phones" in this booklet for a complete listing by College and Subject area.

Helpful Hints

- Be sure you know your UD PIN before UDPHONE period begins, otherwise you will lose your first opportunity to access the system.
- A voice will guide you before each entry. Simply follow instructions.
- Be sure to press the pound key (#) after each entry.
- Listen carefully to the results of your requests, the messages will not be repeated. Be prepared to write down information as it is given to you.
- It is important to be prepared by completing the UDPHONE worksheet prior to calling. If there is an extended period on the line with no response from you, UDPHONE will end the call.
- At any time you may proceed by entering your next request before the voice message finishes speaking.
- If you make an error while entering a request, just press the star and pound keys (*#) to start over.
- You cannot register for a course through UDPHONE that requires permission of instructor. You will be instructed to contact the department office.
- If you attempt to add a course which exceeds your allowable maximum credit load, you must either drop another course or obtain permission from your dean to increase your maximum allowable credit hours.
- No titles of the courses will be spoken, therefore you will need to know the course numbers.
- Only pass/fail and audit grade type options will be confirmed and spoken back to you when a course is added to your schedule.
- Be patient, you may encounter a busy signal during peak times, keep trying.

- If you know your UD PIN but now want to change it, you can do this at a kiosk in the Student Services Building or by calling UD#1 CARD but not through UDPHONE.
- If you need assistance from the Registrar's Office call (302) 831-8722, during normal business hours, Monday through Friday, 8:00 a.m.-5:00 p.m.

How to Use UDPHONE for Late Registration and Drop/Add

Calling UDPHONE

Dial area code 302 (from outside of Delaware) and then the letters U-D-P-H-0-N-E (837-4663). From the dorms you just need to phone H-O-M-E (4663).

Accessing UDPHONE Drop/Add

You will be prompted to select the registration function by pressing 'R' followed by the pound key (#). You will then need to listen to the menu to select the term.

Identifying Yourself

To identify yourself to UDPHONE you need to know and use both your student identification number and your UD PIN.

• Student Identification Number (SID)

You will be asked to enter your nine-digit student identification number (SID) followed by the pound key(#). In most cases, this will be the same as your social security number.

Example: If your SID is 123-45-6789 you will enter 123456789#.

• UD Personal Identification Number (UD PIN)

After you enter your SID, you will be asked to enter your UD personal identification number (UD PIN) followed by the pound key(#).

Example: If your UD PIN is 1234, enter 1234#.

Most students have carefully chosen a four-digit UD PIN. If you did not choose one you were assigned a randomly generated UD PIN that has been mailed to you. It is important that you REMEMBER YOUR UD PIN.

UD PIN assistance may no longer be available over the phone. You must go in-person with your ID card to the Student Services Building to have PIN reset. Continuing Education students should call (302) 831-2741 for additional instructions.

Changing Your Schedule on UDPHONE

To Add a Course (2 * COURSE NUMBER #)

Enter 2, the star key(*), the nine-digit course number which includes the numeric subject area code found to the left of the course listing in the registration booklet, the three-digit course number and the three-digit section number followed the pound key(#).

Example: To add ENGL 205 section 01:
enter 2*016 205 013 #.

If the course can be added to your schedule you will be prompted to choose a grade type, either standard grading, pass/fail or audit. You will press the pound key for standard grading, press 1 and the pound key for pass/fail and press 2 and the pound key for audit.

If a section is not available, UDPHONE will search for an open section. If another section is offered at the same time, it will suggest this section, if not, it will suggest another section that is available and fits your schedule. You may choose this section or select another section/course by reentering 2, the star key(*), the course number followed by the pound key(#).

To Drop a Course (3 * COURSE NUMBER #)

Enter 3, the star key(*), the nine-digit course number followed by the pound key (#).

Example: To drop MATH 114 section 010:
Enter 3*026 114 010 #.

When this function is used after the end of free drop/add period it will withdraw you from the course, posting a 'W' to your record. There will be no tuition refund in that case.

To Drop Only If You Can Add

(6 * COURSE NUMBER * COURSE NUMBER #)

This enables you to drop a course only if another specific course you want to add is available.

Enter 6, the star key(*), the nine-digit course number of the course you wish to drop, the star key(*) again, the nine digit course number of the course you wish to add, followed by the pound key(#).

Example: To drop ENGL 210 section 010 only if ENGL 205 section 011 is available:
enter 6*016210010*016205011#.

In the example, if ENGL 205 is available, ENGL 210 will be dropped from your schedule and ENGL 205 will be added, if ENGL 205 is not available then ENGL 210 will remain on your schedule.

This function should also be used when doing a section change.

Keep in mind when using this conditional drop/add function that if the course you requested is not available UDPHONE will NOT search for an open section.

To Change the Grade Type of Course

(1 * COURSE NUMBER #)

This enables you to change the grade type of a course in which you are already enrolled. After you enter the above information you will then be prompted to choose the grade type for the course. You would press the pound key (#) for standard grading, press 1 and the pound key (#) for pass/fail and press 2 and the pound key (#) for audit.

Example: You are enrolled in HIST 205 section 010 and you wish to change the grade type to pass/fail:
press 1*023205010#. You will then be asked to choose the grade type. You would press 1 and the pound key (#) for pass/fail.

This function can also be used after the end of the free drop/add period, up until the Academic Penalty deadline.

To Change Credit Hours of a Course

(1 * COURSE NUMBER #)

This enables you to change the credit hours of a variable credit course in which you are enrolled. After entering the above information, you will then be prompted to choose the number of credit hours you desire. You will also then be prompted to choose the grade type of the course. Even if you do not wish to make a change in the grade type, you need to enter this information.

Listening to your schedule (5#)

Press 5 followed by the pound key (#) to listen to your current schedule. You may listen to your schedule at anytime during the call.

To Listen to Your Current Schedule with Times (8 #)

Press 8 followed by the pound key (#) to listen to your current schedule with times. You may listen to your schedule with times at anytime during the call.

Be sure to listen to your current schedule prior to ending the call.

Remember: You are responsible for the completeness and accuracy of your own registration.

Ending the call (9#)

Press 9 followed by the pound key (#). Listen to the final message before hanging up.

UDPHONE DROP/ADD WORKSHEET

1. Using a touch-tone telephone, dial:

3	0	2
