

UD Financials Reference Guide

Research Admin: Changed/Revised F&A Rate Types

Overview: The definitions below lists all valid F&A bases that are now to be used in UD Financials effective May 2018.

F&A Base Definitions

FXTDC = F&A calculated on all budget items, the Total Direct Cost (TDC)

SLNWG = F&A calculated only on salaries, wages and fringe benefits

MTDC = F&A calculated on Modified Total Direct Cost. TDC – exempt items = MTDC
Exempt items: Equipment \geq \$5,000 per item with a useful life of one year or more; subaward costs $>$ \$25,000; Rent; Tuition; Participant Support Costs; Patient Care Costs, Ship costs (MTDC is defined in 2 CFR 200.68)

NOFA = DO NOT USE. This category has to exist in the PeopleSoft tables for running background processes, but it *should not be used* as the F&A Type in any proposal or award.
