7. WHEREAS, Wells Fargo is the Trustee under the will of Edward C. Davis, and

WHEREAS, the will provides that Trust income shall be paid to the University of Delaware "for scholarships for students in the School of Civil Engineering at the University of Delaware, or for such other purposes as
the University shall, in writing, represent to the Trustee at the time of any such payment or payments that it needs for some specific purpose in advancing the efficiency of the School of Civil Engineering are greater than its needs for scholarships in that school."

NOW, THEREFORE, BE IT RESOLVED, that the President of the University be, and hereby is, directed to certify in writing to Wells Fargo that the University needs an estimated amount of $180,000 for undergraduate scholarships during FY 2018, and that the University's need for the balance of the Trust income for FY 2018 for fellowships for graduate students, for facilities renewal, and for faculty support of named professorships in the Department of Civil Engineering is greater than the University's need for additional undergraduate scholarships in that Department, and further,

BE IT RESOLVED, to request the Trustee to pay the income from the Trust to the University for such support.

8. WHEREAS, the following donors have generously given to the University of Delaware; and

(details as contained in the listing provided in the Fall 2016 PA&A Committee meeting booklet and detailed in the listing at the conclusion of these minutes)

NOW, THEREFORE BE IT RESOLVED, that the Board of Trustees hereby expresses its sincere gratitude for the generosity of these donors.

9. WHEREAS, the UD 2016 Field Hockey Team won its first national championship in school history; and

WHEREAS, the team posted an overall record of 23-2 which included 19 straight wins to end the season; and

WHEREAS, Delaware was ranked a season-high No. 8 in the final regular season National Field Hockey Coaches Association (NFHCA) Top 20 poll, setting records for ‘win in a season’ and ‘consecutive wins;’ and

WHEREAS, the team posted a perfect home record at Rullo Stadium of 12-0 and extended its home winning streak to 14 straight games since 2015; and

WHEREAS the team captured the Colonial Athletic Association
Tournament title for the fourth straight year, defeating Drexel in the semifinals and James Madison in the finals at Delaware’s Rullo Stadium; and

WHEREAS the team Advanced to the NCAA Tournament for the fourth straight year where the Blue Hens defeated No. 9 ranked Louisville 1-0 in the first round, upset No. 1 ranked Duke on its home field by a 3-2 score in overtime in the second round; defeated No. 14 ranked Princeton 3-2 in the national semifinals at Norfolk, Va.; and defeated No. 4 ranked North Carolina by a 3-2 score in the national championship game at Norfolk, Va.; and

WHEREAS, the team outscored its opponents 100-39, posted four shutouts, and ranked No. 4 in the NCAA in goals scored per game at 4.00; and

WHEREAS, throughout these many competitions, the team and coaches served as outstanding ambassadors for the University of Delaware and proudly represented the institution at the highest levels;

NOW, THEREFORE BE IT RESOLVED, that the Board of Trustees does hereby recognize these outstanding achievements of the UD 2016 Field Hockey Team and its coaching staff, and extends to the team and coaches hearty congratulations as NCAA Division I National Champions!

10. WHEREAS, as part of the Consent Agenda for the Semi-Annual Meeting of December 13, 2016, the Board has approved a resolution to recognize the personnel actions (new tenurable appointments, emeritus appointments, and appointments to named professorships) presented in the Fall 2016 Report of the Trustee Committee on Academic Affairs; and

WHEREAS, the Board of Trustees wishes to acknowledge and celebrate faculty excellence, and to enter such acknowledgement into the formal record of Board proceedings;

NOW, THEREFORE, BE IT RESOLVED, that the Board of Trustees congratulates each of the individuals as listed at the conclusion of these minutes.
OPENING:
Chairman Cochran convened the meeting at 3 p.m. and welcomed all those in attendance. He requested a moment of silence in remembrance of friends of the University who had recently passed away. He then called on Mrs. Willis for the Attendance Report and the Treasurer’s Report.

Mr. Cochran was joined by Dr. Assanis as they made a special presentation to the UD Field Hockey Team to recognize their recent NCAA Championship. Mr. Cochran read into the record a special resolution recognizing the team members and the coaching staff on their accomplishments. On a motion made and seconded, the resolution was approved as presented, and the team and coaches were greeted with enthusiastic applause by the audience.

RATIFICATION OF ACTIONS TAKEN AT MAY 17, 2016 MEETING:
Mr. Cochran noted that on November 2, 2016, a complaint was filed with the State of Delaware’s Attorney General Office, alleging that the Board’s agenda for its May 17, 2016 meeting did not disclose the Board’s intention to act on amendments to one article, Article 3, of the University bylaws. Mr. Cochran added that the form of agenda used for the May 17 meeting was the traditional form, used over the years.

Mr. Cochran went on to explain that, in response to the complaint, the University communicated with the Attorney General’s Office that it would revise its Agenda going forward, to include a general statement on any major issues expected to be discussed, and would reconsider or ratify the bylaw changes at our next Board meeting (understood to be December 13, 2016).

Mr. Cochran noted that the actions taken by the Board at its meeting of May 17, 2016 were included in Appendix A of the meeting materials, and asked for a motion to ratify the actions taken by the Board as outlined. On a motion made and seconded, the Board unanimously approved the ratification of the actions taken by the Board at their semi-annual meeting of May 17, 2016.

APPROVAL OF MINUTES:
On motions made and seconded, the Board approved the following:

- The minutes of the Semi-Annual Meeting of May 17, 2016;
- The minutes of the Board Retreat of September 29-30, 2016.

REPORTS OF THE PRESIDENT AND PROVOST:
Dr. Assanis began his presentation by thanking those who attended the inauguration ceremony and faculty symposium on Dec. 7. He noted that
he was deeply appreciative of the honors he and his family received, and was especially pleased that Vice President Joe Biden was in attendance.

Dr. Assanis discussed the strategic priorities that have been developed for the University. He noted that student success is of the utmost importance. He highlighted examples for encouraging high school students to prepare for a college education at UD, including the support of the Give Something Back Foundation, the UD Partnership for Public Education, the Near-Peer Program and the expanded College Readiness Scholars Institute in the state’s Christina and Capital school districts. Dr. Assanis also lauded UD's award-winning Associate in Arts Program, the Blue Hen Success Collaborative and the soon-to-be-launched Blue Hen Success Grant program.

Dr. Assanis noted that the University also must continue to build an environment of inclusive excellence, a process that includes strengthening diversity and improving the multicultural curriculum. He highlighted the Destination Delaware program, which is an expanded program for accepted minority students, and the Louis Stokes Alliances for Minority Participation, which supports minority doctoral students in STEM (science, technology, engineering and mathematics) fields.

Another priority is strengthening UD's interdisciplinary and global programs and growing its graduate programs will include the creation of a graduate college. Dr. Assanis also noted that UD has several programs to foster the spirit of innovation and entrepreneurship, including the recently announced participation in Manufacturing USA and the Rapid Advance in Process Intensification Deployment (RAPID) Manufacturing Institute of the American Institute of Chemical Engineers.

Dr. Assanis also noted that the University must invest in its intellectual and physical capital, particularly on its Science, Technology and Advanced Research (STAR) Campus.

Dr. Assanis concluded his presentation with an announcement that Danny Rocco has been hired as UD’s new head football coach.

University Provost Domenico Grasso discussed entrepreneurship and innovation efforts at UD, noting that this remains a top priority. He noted that the concept of entrepreneurship and innovation is rapidly becoming one of our core values and a differentiator. He added that recent revisions of UD’s general education requirements now identify the capacity of construction ideation as a major outcome expected of UD graduates.

Dr. Grasso also recognized the first class of Delaware Innovation Fellows, a group of young entrepreneurs who were attracted to UD by new affinity admissions programs spearheaded by Chris Lucier, vice president for enrollment management, and Doug Zander, director of admissions, in
cooperation with UD’s Horn Program in Entrepreneurship. He added that this program extends across all seven colleges so students bring a diverse perspective and have the opportunity to work across disciplines as they solve problems and generate new ideas.

SPECIAL PRESENTATION:
Debra Hess Norris, Unidel Henry Francis du Pont Chair in Fine Arts and chair of the Department of Art Conservation, discussed art conservation programs at UD, including the preservation of photographic materials. Shannon A. Brogdon-Grantham, photograph and paper conservator at the Smithsonian Museum Conservation Institute, also spoke. Brogdon-Grantham, who received her undergraduate degree in art from Spelman College, received her master of science in art conservation (specialty in photograph conservation) from UD in 2015.

TRUSTEE/FACULTY COMMITTEE ON HONORARY DEGREES AND AWARDS:
On behalf of Ms. Ammon, Mr. Cochran reported on the Committee’s meeting of October 31, 2016. He noted that the Committee continued its efforts to formulate the 2017 Honorary Degree Class, and it is anticipated that four Honorary Degrees will be conferred at UD’s 2017 Commencement ceremony. A formal resolution will be brought forward for final approval at the Spring 2017 semi-annual meeting of the Board.

TRUSTEE COMMITTEE ON STUDENT LIFE AND ATHLETICS:
Dr. Allen reported on the Committee’s meeting of November 1, 2016: Highlights included:

- A special presentation by Dr. Assanis on his strategic priorities for the University;
- Introductions of new staff members;
- A presentation by Director Chrissi Rawak on her plans for Intercollegiate Athletics and Recreation Services;
- Presentation of a proposal to increase enrollment by 200 students for FY2018 and related impacts;
- An update on efforts of the Office of Equity and Inclusion.

Dr. Allen noted that there were no resolutions for the Committee’s approval.

TRUSTEE COMMITTEE ON GROUNDS & BUILDINGS:
Mr. Burns reviewed the highlights of the Committee’s meeting of November 1, 2016:
• A special presentation by Dr. Assanis on his strategic priorities for the University;
• A presentation on deferred maintenance needs and plans for UD facilities;
• An overview reconciling IRS Form 990 to the audited financial statements;
• Review of a comprehensive project summary of projects requiring approval, project notification(s), projects in progress, and projects in planning and design;
• A review of capital projects funding plans;
• A review of three projects requiring approval;
• A review of real estate matters, including plans for the STAR Campus.

Mr. Burns reviewed the resolutions approved by the Committee as included in the Consent Agenda.

TRUSTEE COMMITTEE ON ACADEMIC AFFAIRS:
Mr. Borel presented the report on the Committee’s meeting of November 2, 2016. Highlights included:

• A special presentation by Dr. Assanis on his strategic priorities for the University;
• Several updates provided by Provost Grasso;
• An overview of the Blue Hen Success Collaborative;
• An overview of the Morris Library Strategic Plan;
• Recognition of faculty and professional personnel actions.

Mr. Borel reviewed the resolution approved by the Committee and included in the Consent Agenda.

TRUSTEE COMMITTEE ON FINANCE:
Dr. Puglisi presented a report on the Committee’s meeting of November 4, 2016. Highlights included:

• A special presentation by Dr. Assanis on his strategic priorities for the University;
• Approval of a resolution to increase the limits of Financial Signature Authority;
• A presentation by the Blue Hen Investment Club and an approval of the Club’s concept proposal for providing a two percent payout to charitable organizations that actively engage throughout the campus;
• A report from the Investment Visiting Committee;
• A report on insurance coverage and rates;
• An overview of FY2016 financial performance;
• An overview reconciling IRS Form 990 to the audited financial statements;
• An overview of accounts receivable delinquencies, student loan program default rates, and gifts to the University;
• Approval of a resolution for FY2018 disbursements from the Edward C. Davis Trust to UD’s Department of Civil Engineering;
• A report on the endowments established in FY2016, none of which required additional clarification for gift use or restrictions.

Dr. Puglisi reviewed the resolutions approved by the Committee and included in the Consent Agenda.

TRUSTEE COMMITTEE ON PUBLIC AFFAIRS AND ADVANCEMENT:
Mr. Grant reported on the Committee’s meeting of November 4, 2016. Highlights included:

• A report on local, state and federal government relations;
• A report from the Office of Communications and Marketing on collaborative efforts throughout the institution that will lend strategic value and competitive advantage to the University;
• A report and update on development and alumni relations, including a review of the departmental goals and progress in virtual alumni engagement and increasing the alumni participation rate;
• A review of plans to expand DAR’s efforts in the NYC metropolitan area.

Mr. Grant reviewed the resolution recognizing gift support that was approved by the Committee and included in the Consent Agenda.

NOMINATING COMMITTEE:
Ms. Kelly presented the report of the Nominating Committee. The Committee recommended the re-election of A.Gilchrist Sparks III for a term to conclude on October 2, 2019. On a motion made and seconded, the Board approved the recommendation as presented.

Ms. Kelly also reviewed the recommendation of the Nominating Committee to elect the following individuals to each serve a term of six years:

• Donna Fontana
• Robert Rider Jr.
• Ed Sannini
On a motion made and seconded, the Board approved the recommendation as presented.

EXECUTIVE COMMITTEE:
Mr. Cochran reported that the Executive Committee met on November 28, 2016. The Committee received reports from all standing Committees of the Board, and reviewed and approved the resolutions brought forward by the standing Committees, all of which were included in the Consent Agenda. Mr. Cochran also reported that the Executive Committee approved recommended revisions to Articles 1, 2, and 3 of the University Bylaws, and a resolution on this matter was also contained in the Consent Agenda.

CONSENT AGENDA:
Mr. Cochran then called for approval of the resolutions presented in the Consent Agenda. On a motion made and seconded, all resolutions were approved.

Mr. Cochran called attention to the additional resolution on faculty personnel actions, as provided for each of the trustees. On a motion made and seconded, the Board approved the resolution recognizing recent faculty personnel actions.

ADJOURNMENT:
With no further business, the meeting was adjourned at approximately 4:30 p.m.

Respectfully submitted:

Jeffrey W. Garland
Vice President and University Secretary

CALL TO ORDER:
Dr. Allen convened the meeting at 10 a.m. and welcomed all in attendance.

RESIDENCE LIFE SOPHOMORE YEAR EXPERIENCE:
Dr. Kerr made a presentation on the concept of a Residence Life Sophomore Year Experience, which would include a residency requirement for sophomore students. She shared that the concept evolved out of discussions for ways to enable UD’s sophomore students to be more successful and remain engaged as part of the greater UD community. Dr. Kerr cited national research that suggests five reasons to invest resources and tailor policies and practices to best serve these students:

- GPA;
- Retention and persistence;
- Student engagement;
• Growth, learning and development;
• Stability and planning.

Dr. Kerr noted that in each of these areas, there have been multiple national studies that have found that living on campus positively influences student success, in both direct and indirect ways. She discussed the importance of residence halls, and shared student perspectives on the support network that these close-knit communities provide. She added that GPA national findings also suggest that students who live on-campus consistently have higher GPAs than their off-campus counterparts.

Dr. Kerr noted that a program to require sophomores to live on campus would have several areas of focus, including:

• Academic;
• Extracurricular;
• Involvement;
• Connections and community;
• Career planning.

These areas of focus would be addressed through various pathways that encourage faculty interaction, campus engagement, opportunities to build community, and focused career advising. In addition to being educationally beneficial to the students, a sophomore residency requirement would support UD’s retention and persistence goals with diverse populations. Additionally, such a program could help UD’s senior management predict occupancy over the long-term, and build and design spaces to meet known educational needs.

Dr. Allen noted that this concept is not recommended for implementation at this time, but it was important that this information be provided to the Committee for consideration in future planning. Dr. Kerr noted that Sophomore Year Programming is recommended even without the residency requirement. Mr. Grant suggested that additional information would be needed on the financial impact of such a program, which could be helpful for the trustees in determining priorities going forward.

UD CLASS OF 2016 CAREER OUTCOMES:
Mr. Elton discussed career outcomes for the Class of 2016, and shared information on a newly developed website for the Career Services Center, designed to provide a comprehensive view of career factors. The website allows for interaction for prospective students and parents to refine their search results for specific details on majors, career details, starting salaries, etc. Mr. Elton added that many other institutions are using UD’s Career Services website as the benchmark for the development of similar
websites. The website address is http://www.udel.edu/apply/career-outcomes/.

CAREER SERVICES CENTER (CSC) EXTERNAL REVIEW AND STRATEGIC PLANNING:

Mr. Elton provided an overview of the CSC’s recent External Review and the results that will inform the ongoing strategic planning program for the department. The External Review Committee was made up of Career Services professionals from University of Virginia, University of Pennsylvania and Rutgers University.

The charge to the Committee was to 1) assess strengths and growth areas based on best practices and innovations in the field; and 2) measure service delivery and capacity based on current staffing levels.

Strengths of UD’s Career Services Center were identified as:

- Strategic and visionary leadership;
- Motivated staff;
- Collaborative & partnership-driven team;
- Centralized location;
- Supportive VP & Provost;
- Active alumni & parent engagement.

Areas of growth were identified as:

- Increase staff capacity to meet the needs of all UD students;
- Complete strategic planning process (expected August 2017);
- Market key CSC initiatives to campus community.

The Committee also identified a number of opportunities and threats to the CSC’s operations, all of which are critical to the future success of the CSC. The Committee noted that the CSC leadership and staff will need to focus on several priorities in serving their mission to help students identify strengths, motivations and purpose, and translate their ambitions into opportunities through professional, educational and UD connections.

The CSC External Review Committee suggested the following goals:

- Create a campus culture where student career readiness and success are everyone’s business;
- Become a nationally recognized innovator for connecting students with employer, alumni, and parent networks;
Strategically use current resources while strengthening the foundation for the Career Center of tomorrow.

A number of recommendations for increasing operational effectiveness were also provided, as well as the expansion of staff to further strengthen the CSC to ensure student success. Mr. Elton also noted that the CSC’s traditional focus has been undergraduate students. He and his team will be working also to determine best support practices for graduate and Ph.D. students. Mr. Grant requested information on how UD’s Career Services Center compares to those at UD’s peer institutions.

RATES AND FEES:
The Committee received recommendations on rates and fees for the 2017-18 academic year. Following review and on motions made and seconded, the following rates and fees were approved as presented:

- University dining plan rates will be increased $118, or 2.5 percent, to $4,870 for the 2017-18 academic year;
- University residence hall rates will be increased to $7,462 for space in a traditional double room, an increase of 2.0%;
- Comprehensive fee for full-time students will remain at $299 per semester; the $50 per semester fee for part-time students and the $50 fee per winter and summer sessions for all students will remain the same;
- Student Health Services Fee will remain at $227 per semester and fees for Summer Session ($88) and Winter Session ($66) will also remain the same;
- University Centers Fee will remain the same at $119 per semester;
- Graduate Student Recreation Fee will remain at $50 per semester for full-time graduate students and as an optional $25 per semester fee for part-time graduate students.

DEPARTMENT UPDATES:
Ms. Thompson shared highlights of the Division of Student Life’s Impact Report for Fall 2016.

FACILITIES, REAL ESTATE, AND AUXILIARY SERVICES:
The Committee received updates on Facilities, Real Estate and Auxiliary Services including the progress on the Russell Dining Hall project, the South Academy Street Residence Hall project, and renovations at Rullo Stadium.

EQUITY AND INCLUSION:
Dr. Groff provided an update on activities of the Office of Equity and Inclusion (OEI)/Title IX. She discussed the Sexual Misconduct Policy and
reporting that has been made as a result of the education and training throughout the UD community. She shared a summary of incident reports from July 1, 2016 to December 31, 2016 (and also comparison totals from the same time period one year prior). Dr. Gross reported that OEI has investigated 11 complaints and has an additional five complaints under investigation, and she shared the outcomes/expected outcomes of those complaints. She also noted that OEI would again be launching a cycle of training in the fall semester of 2017 (mandatory training for all employees will become state law June 30, 2017). Dr. Groff added that the Title IX coordinator has been working closely with Athletics and Recreation Services since early 2017 on developing plans, policies and strategies for meeting and complying with Title IX. Athletics and Recreation Services is using this information to develop a comprehensive gender equity plan to bring the University into compliance in this realm.

ADJOURNMENT:
With no further business, the meeting was adjourned at 11:45 a.m. for a brief Executive Session.

APPROVAL OF MINUTES:  
On a motion made and seconded, the minutes of the regular session  
meeting of November 1, 2016 were approved as presented.

RESOLUTIONS:  
On motions made and seconded, the following resolutions were approved:

1. **WHEREAS**, the Committee has reviewed the capital projects materials,  
presented to the Trustee Committee on Grounds & Buildings at its April  
2107 meeting; and

   **WHEREAS**, the specific capital projects (herein collectively referred to as  
the “Projects”) and project budget costs as follows:

   - Wolf to Harter Hall Underground Steam Piping Replacement -  
     $2,681,900;
   - Rullo Stadium Renovations - $2,190,000;
   - Sharp Lab Fire Alarm and Sprinkler Replacement - $1,398,000;
   - Arsht Hall HVAC Renovation - $3,887,000;
   - Harker Laboratory Clean Room Tool Fit-Out Phase II - $1,145,000;
   - STAR Campus Infrastructure - $5,795,000.

   **NOW, THEREFORE, BE IT RESOLVED**, the Committee recommends to  
the Board, (1) the approval of the Projects and (2) the authorization of the  
Administration to take such further action as they deem necessary to  
implement, complete and pay for the Projects as listed above.

2. **WHEREAS**, the Newark Regional Train Center is a new train station to be  
constructed at the northeastern end of STAR campus (“NRTC Project”) at  
the University of Delaware;

   **WHEREAS**, the NRTC Project will be constructed on property currently  
owned by the State of Delaware (“State”), but the parking for the station  
will be on land leased by 1743 Holdings to the State;

   **WHEREAS**, the State is paying for the bulk of the costs associated with  
the NRTC Project through grants and other funding; however, the
University is to contribute $3 million towards the overall cost (estimated at $50 million) on or by August 1, 2018;

WHEREAS, as part of the overall project, there are certain pieces of property that will be transferred (at fair market value) between the various parties;

WHEREAS, 1743 Holdings will acquire some DelDOT property along Route 896/South Chapel Street and incorporate it into the Star Campus (although some of this acquired property will then be leased back to the State), DelDOT will receive an easement from the University in connection with extending certain utility lines and Amtrak, the State, and the University will also exchange small bits of land in connection with relocating train tracks and other lot line adjustments;

WHEREAS, all of these properties will be appraised to determine the price to be paid by the acquiring party for a particular parcel and overall the University is acquiring more property than it is selling (a net gain of approximately 2.2 acres), so there will be a net payment by the University for the property it is acquiring;

NOW, THEREFORE, BE IT RESOLVED, the Committee recommends to the Board, the approval of the University’s contributions toward the NRTC Project and the authorization of the Administration to take all further action deemed necessary or appropriate to carry out the intent and purpose of this Resolution including the execution any agreements as the Administration determines is necessary or appropriate.

CALL TO ORDER:
Mr. Burns convened the meeting at 1:30 p.m. and welcomed all in attendance.

INDICATORS:
The Committee briefly reviewed the indicators which are routinely provided for the Committee’s review. These indicators include the summary of University-owned buildings and land, number of buildings (with gross square feet noted) and acreage for UD’s Newark, Dover, Wilmington, Georgetown and Lewes locations. It was noted that the acreage for the former Rodney dormitory had been removed from the report.
PROJECT SUMMARY:
Mr. Krawchyk briefly reviewed the Project Summary which provided a dashboard representation of scope, schedule, budget and completion timeline for several projects requiring approval, project notifications, projects in progress, projects in planning and design, and projects completed. He made special note that the project for Christiana Towers HVAC Renovation Phase I is on hold for the present time.

PROJECTS REQUIRING APPROVAL:
The Committee received reports (descriptions, project schedules, budgets) on several projects requiring approval. These included:

- Wolf to Harter Hall Underground Steam Piping Replacement;
- Rullo Stadium Renovations;
- Sharp Lab Fire Alarm and Sprinkler Replacement;
- Arsht Hall HVAC Renovation;
- Harker Laboratory Clean Room Tool Fit-Out Phase II;
- STAR Campus Infrastructure;
- National Institute for Innovation in Manufacturing Biopharmaceuticals (NIIMBL).

The Committee and management engaged in a lengthy and robust discussion about the NIIMBL project and the request for consideration of a 200,000 gsf facility. Mr. Burns felt that this may be 50,000 gsf more than what is actually needed, and felt that a full review of the rationale for this additional 50,000 gsf was needed. Dr. Assanis and Mr. Brangman noted that there are several options for this additional space, including Pharmacology, Biomedical Engineering, Innovation and Entrepreneurial Space and/or Design Center. Dr. Riordan and Dr. Lee emphasized that UD will be the national lead for this national effort and the co-location of NIIMBL space and DBI on the STAR campus would provide ease of collaboration between faculty and students involved in both projects.

At the request of Mr. Burns, the Committee moved on to a discussion of Real Estate, and the Laird Campus housing update. He noted that the Committee would return to Projects Requiring Approval following this discussion.

At this juncture, Mr. Burns and other members of the Committee expressed their strong desire and expectation to receive meeting materials in a timely manner which provides adequate time for them to fully digest the materials in advance of the meeting. Mr. Burns emphasized the importance of this point, particularly on complicated
projects, so that the members of the Committee can feel comfortable that they are able to make the best informed decision on projects that are in the best interests of the University.

MASTER CAPITAL PLAN/DEBT CAPACITY:
Mr. Oler reviewed the master capital plan/debt capacity, a dashboard representation showing the completion of projects (including existing initiatives, campus renewal/deferred maintenance and new initiatives) over a 10-year period. Mr. Oler also reviewed the funding scenarios and accompanying assumptions to support the completion of the proposed projects, to be done in three phases through 2027. Mr. Oler reminded the Committee that the Pencader Dining project was moved from “potential projects” to Existing Initiatives and now resides with the Laird Campus Housing Plan on the master planning model, per the discussion with the Committee at its February meeting.

REAL ESTATE:
Mr. Brangman provided an update on Laird Campus housing. He reviewed two scenarios for the Committee, noting that one could support the concept of a Sophomore Year Housing Requirement, while the other could not support such a program. Ms. Thompson noted that she and her colleagues in Residence Life & Housing have been exploring the concept of a Sophomore Year Housing Requirement, stating that while such a program could aid UD in student success, it is important to note that it is only one element of many that affects student success. She added that while she feels this concept/initiative could be valuable to UD, she understands that there are many other priorities that also need attention. She stated that she was most comfortable with the proposed housing scenario which would allow for the demolition of Christiana Towers, along with UD’s purchase of University Courtyard Apartments, and UD’s expansion of housing capacity by 600 beds, acknowledging that this scenario would not support the Sophomore Year Housing mandate. As part of the presentation on this matter, Mr. Brangman also reviewed the information provided for the Committee on the possible acquisition of University Courtyard Apartments.

The Committee also reviewed the details of the STAR Campus – College of Health Sciences Facility Lease. Additionally they received an update on the Newark Regional Transportation Center (NRTC), including the details of the Memorandum of Understanding (MOU) and the exchange of property assets between DelDot and 1743 Holdings, LLC to support this project’s needs. Following review and discussion of the NRTC
information, on a motion made and seconded, the Committee approved the resolution as presented for the NRTC project.

An additional item on the Real Estate report was deferred to Executive Session for discussion. Mr. Brangman reminded all those present that the University is currently under a Non-Disclosure Agreement (NDA) on this matter and requested that all those present honor the confidentiality requirement of the NDA.

**ACTION BY THE COMMITTEE:**
The Committee returned to the item of Projects Requiring Approval. The Committee agreed that the resolution approving the several capital projects should be amended to remove the item for NIIMBL, with that matter tabled until further detailed information can be provided to the Committee. Following discussion, on a motion made and seconded, the Committee approved the resolution as amended.

**OTHER MATTERS:**
There were no additional matters for the Committee’s consideration.

**ADJOURNMENT:**
With no additional business, the meeting was adjourned at 4:12 p.m. and the Committee entered into a brief Executive Session.

**APPROVED:**

NOW, THEREFORE BE IT RESOLVED, that the Board of Trustees hereby expresses its sincere gratitude for the generosity of these donors.

CALL TO ORDER:
Mr. Grant convened the meeting at 10 a.m. and welcomed all in attendance.

REPORT ON GOVERNMENT RELATIONS:
Mr. Garland introduced the members of the Government Relations (GR) team: Evan Park, Garth Spencer, and Caitlin Olsen.

Mr. Park reviewed several items regarding State Government Relations, including newly elected officials and ongoing Legislative monitoring. He discussed several House bills and proposed legislation with potential impact on UD, and also provided an outline of key goals for the Government Relations team, which include:

- Relationship Management;
- Legislative Engagement & Advocacy;
- Grassroots Communication & Mobilization;
- Community Engagement.

Mr. Spencer provided an overview of FY2018 State operating and Capital budgets, as well as Governor Carney’s proposed budget. He noted the expectation of a $3.3 million reduction in appropriations to Delaware’s higher education institutions, and added that Dr. Assanis will make UD’s presentation to the Joint Finance Committee on May 11. Mr. Spencer reviewed the planned initiatives which are aligned to the GR team’s key goals.

Ms. Olsen reviewed Community Relations outreach efforts. With respect to the City of Newark, she highlighted recent results of the City of Newark elections, and discussed UD’s involvement with the revamp
of the Downtown Newark Partnership. She also noted the efforts being undertaken to share and coordinate plans for Alumni Weekend with Newark officials. Additional Community Relations efforts are underway with the City of Lewes, Delaware State Chamber of Commerce, New Castle County Chamber of Commerce, and the Council for Community Engagement. She also shared a list of engagement activities from April to July 2017, all of which support local and state government relations.

Ms. Anderson presented a report on Federal government relations, with the following highlights:

**Appropriations for FY2017:**
The University submitted 13 appropriations requests to the DE delegation for FY2017. Seven of these requests have been successfully included in the delegation’s respective committee reports. Two positive items of note in the House passed Department of Defense bill: the joint Materials in Extreme Dynamic Environments (MEDE) appropriations request was included at an increase of $5M dollars, and Senator Coons’ “Manufacturing Universities” bill was also funded at $10M dollars.

**2018 Budget/Appropriations:**
UD’s Office of Federal Relations (UDOFR) continues its strong advocacy to protect non-defense spending in the FY18 fiscal year. In mid-March, the White House released a top-line budget proposal that, if realized, would have significant and immediate negative impact UD. With the current proposal as it stands, discretionary funding would be cut at least 10% from FY17 levels ($54B). These cuts are not proportionate across the board with some programs suggested for elimination, whereas others have significant funding cuts. President Assanis met with the three delegation members in mid-March to discuss the importance of federal funding programs to UD and the need to maintain strong federal funding support. The proposed list for elimination of programs that impact UD includes: Sea Grant; National Endowment for the Arts; National Endowment for the Humanities; Space Grant. National Institutes of Health (NIH), National Science Foundation (NSF), and Department of Education (DOE), three of UD’s largest award agencies, are also proposed to receive significant cuts to their programs. Other cuts would have immediate impacts to students through major reductions in financial aid programs including work study, FSEOG, and TRIO/GEAR UP. The University will be submitting 21 appropriations requests this year, primarily designed to protect the large funding accounts that support UD’s research programs and financial aid programs. There is also language in the NIH budget that would reduce the Facilities & Administrative rates for universities, which help cover the administrative costs associated with research. UDOFR is working to address these concerns with Delaware’s Congressional delegation and with a variety of national associations.
Tax Provisions
UDOFR is closely monitoring the possibility a large tax reform bill in the coming months and its potential impact to UD. Current concerns consider the negative impacts resulting from scaling back of charitable giving deductions, including the impact that might have to donors. The reform package also might include the elimination of tax-exempt bonds. UDOFR is working to understand how that might impact efforts on the STAR campus and other large-scale capital projects. UDOFR will continue to address these and other concerns with the Delaware delegation, in particular Senator Carper, given his role on the Finance Committee.

Immigration
In the early Spring, the White House signed successive executive orders that impacted the access of international travelers into the United States from 6/7 Muslim-majority countries. While there are continued efforts on behalf of the Administration to limit travel from these countries, it has impacted UD on multiple levels. UD has 66 faculty, students, and staff who are at risk for entry if they were to leave the United States. This could also have significant impact on UD’s long-term recruitment of both faculty and scholars. The University is engaged with the Delaware Congressional delegation regarding concerns with the travel ban. UDOFR is also communicating an urgency to ensure the current visa process remains an open pathway for the foreseeable future.

Infrastructure
Another item being monitored on President Trump’s agenda is a $1T infrastructure bill. UDOFR is monitoring this closely and will look for any opportunities to address infrastructure needs (particularly “shovel ready”) on campus and its perimeter.

UD Day in DC
UD held its fourth UD Day in DC reception on Capitol Hill on March 15th. The event had strong attendance from Congressional staff, agency representatives and alumni. Federally funded research was highlighted with the event’s theme, “Research Matters.” The event was a success, in part, due to the collaboration among the Offices of Federal Relations, Communications and Marketing, and Alumni Relations.

REPORT FROM THE OFFICE OF COMMUNICATIONS AND MARKETING (OCM):
Mr. Carter provided a comprehensive written report to the Committee and touched on several highlights of those materials. He discussed the numerous ways in which OCM helps propel the many and varied activities at UD:

- Regional, national and international media coverage for UD captures multiple audiences across multiple outlets;
- Strategic communications manage UD’s position for special issues, initiatives, and programs;
• Campus events invite influencers and partners to the look to the future with UD;
• New websites connect and help build UD’s story with reach and relevance;
• Planning and alignment of media outlets to carry UD’s strategic priorities forward.

Mr. Carter noted that OCM’s focus framework includes four areas: content, public relations, creative services, and marketing. He highlighted the several levels of support provided by OCM in each of these areas, and discussed efforts that are underway to advocate and activate through UD’s Research Communications; revamp and refresh UD’s key strategic platforms (Messenger, UDaily, UD Experts); and outreach, promotion and engagement through new programs (Biden is Back).

Mr. Carter also discussed new opportunities that lie ahead with a revamp of the UD Brand. The goal of the effort will be to optimize the brand experience for UD with a refresh that is both strategic and creative, elevating opportunity for impact across all communication channels to enhance reputation, differentiation, thought leadership and institutional appeal/pride for key target audiences. Mr. Carter outlined the revamp timeline to include research assessment and internal concept review/feedback, to be followed by creative asset development and content creation. The new UD brand would be launched in Fall 2017 in conjunction with and in support of the Campaign rollout.

REPORT AND UPDATE ON DEVELOPMENT AND ALUMNI RELATIONS (DAR):
Ms. Brand noted that the meeting materials included updates on the development efforts generally for the University and specifically for the Colleges and other focus areas. She encouraged the trustees to review the materials and to contact her team with any questions.

Ms. Brand discussed the efforts of DAR in recent months, with an emphasis on reorienting the DAR team to Dr. Assanis’ strategic themes of:
• Enhancing the success of our students;
• Building an environment of inclusive excellence;
• Investing in our intellectual and physical capital;
• Strengthening interdisciplinary and global programs;
• Fostering a spirit of innovation and entrepreneurship;
• Building a culture of philanthropy across the University.

She shared the fundraising progress to date, as well as gifts expected, toward the FY17 goal of $70.0 million. She reviewed the accomplishments of the DAR team as well as the challenges the team has faced. She also reviewed the many Presidential Engagement events that have been held from May 2016 through March 2017, with President and Mrs. Assanis engaged with nearly 3,400 individuals through 30 DAR-managed events.
Plans for FY18 include:

- public launch of UD’s fundraising campaign through increased fundraising, events and communications;
- continued efforts to build UD’s regional programming;
- expand Biden Initiative development;
- strengthen alumni engagement through substantive club programming;
- deploy techniques to improve data and prospect information.

Ms. Brand also highlighted DAR’s numerous and successful on-campus collaborations with the Career Services Center and the Office of Admissions.

RESOLUTION FOR APPROVAL:
Mr. Grant called the Committee’s attention to the resolution included in the Meeting Booklet to recognize the generosity of individual donors.

On a motion made and seconded, the Committee approved the resolution as presented.

ADJOURNMENT:
With no additional business, the meeting was adjourned at approximately 11:15 a.m.

APPROVED ON A MOTION MADE AND SECONDED:
 Minutes of the Committee’s meeting of November 2, 2016

RESOLUTIONS FOR APPROVAL:
 On motions made and seconded, the following resolutions were approved:

1. WHEREAS, the MS in Disaster Science and Management was given provisional approval in April 2009, and thus needs to gain permanent status, and

   WHEREAS, Disaster Science and Management is a program supported by faculty from three colleges and the Disaster Research Center and meets the goals of graduate education and fits the Path to Prominence, and

   WHEREAS, the Disaster Science and Management program is a truly interdisciplinary program that prepares students to address the complexities associated with understanding and managing the risks, causes, and consequences of disasters, and

   WHEREAS, the Disaster Science and Management MS program has grown rapidly from zero to thirty-one students including twenty-two graduates, and

   WHEREAS, students who have graduated with the degree have had an excellent placement history in the industry and in academic programs, and

   WHEREAS, the Faculty Senate recommends permanent approval of the MS in Disaster Science and Management,

   NOW THEREFORE, BE IT RESOLVED, that the Board of Trustees grants approval for the permanent status of the MS in Disaster Science and Management.

2. WHEREAS, the PhD in Disaster Science and Management was given provisional approval in April 2009, and thus needs to gain permanent status, and

   WHEREAS, Disaster Science and Management is a program supported by faculty in three colleges and the Disaster Research Center and meets the goals of graduate education and fits the Path to Prominence, and

   WHEREAS, the Disaster Science and Management program is a truly interdisciplinary research-based program that prepares
students to explore the complexities associated with understanding how the social, built, and natural environment intersect to generate disasters, and

**WHEREAS**, the Disaster Science and Management PhD program has grown rapidly from zero to thirty-two students with eleven graduates, and

**WHEREAS**, students who have graduated with the degree have had an excellent placement history in the academy, industry, and government, and

**WHEREAS**, the Faculty Senate recommends permanent approval of the PhD in Disaster Science and Management,

**NOW THEREFORE, BE IT RESOLVED**, that the Board of Trustees grants approval for the permanent status of the PhD in Disaster Science and Management.

3. **WHEREAS**, the Department of Human Development and Family Studies in the College of Education and Human Development is responding to a national initiative to change the name of all of these types of departments to the department of Human Development and Family Sciences, and

**WHEREAS**, a name change will provide branding consistency with the name of the department and is consistent with the national trends as evidences by competitor and peer departments that have already changes their names; and

**WHEREAS**, the name change has the full support of the HDFS faculty and the Faculty Senate;

**NOW THEREFORE, BE IT RESOLVED**, that the Board of Trustees grants its approval to change the name of the Department of Human Development and Family Studies to the Department of Human Development and Family Sciences, Effective July 1, 2017.

4. **WHEREAS**, in fall 2016 the Literacy faculty reviewed the 2017 International Literacy Association’s standards for reading/literacy professionals; and

**WHEREAS**, the Literacy faculty determined a name change will reflect a more inclusive focus of the program; and
WHEREAS, the name change has the support of the Graduate Studies Committee and the Faculty Senate,

NOW THEREFORE, BE IT RESOLVED, that the Board of Trustees grants its approval to change the name of the Master of Education in Reading to Master of Education in Literacy, effective July 1, 2017.

5. WHEREAS, in 2015 the department of Foreign Languages & Literatures changed its name with Senate approval to the department of Languages, Literatures, and Cultures; and

WHEREAS, Languages, Literatures, & Cultures currently offers four graduate degrees that use the old department name; and

WHEREAS, the degree name change of “Foreign Languages & Literatures” to “Languages, Literatures, and Cultures” has the support of the department’s Graduate Studies Committee and the Faculty Senate,

NOW THEREFORE, BE IT RESOLVED, that the Board of Trustees approves a degree name change for the following degree, substituting “Languages, Literatures, and Cultures” for “Foreign Languages and Literatures” in Foreign Languages and Literatures (MA).

6. WHEREAS, in 2015 the department of Foreign Languages & Literatures changed its name with Senate approval to the department of Languages Literatures and Cultures; and

WHEREAS, Languages Literatures & Cultures currently offers four graduate degrees that use the old department name; and

WHEREAS, the degree name change of “Foreign Languages & Literatures” to “Languages, Literatures, and Cultures” has the support of the department’s Graduate Studies Committee and the Faculty Senate;

NOW THEREFORE, BE IT RESOLVED, that the Board of Trustees grants a degree name change for the following degree, substituting “Childhood Education in Languages, Literatures, and Cultures” for “Childhood Foreign Language Education” in Childhood Foreign Language Education (MA-CE/LLC) (4+1 BS in Early Childhood Education MA in Childhood Foreign Languages Education) (4+1 BS in Elementary Teacher Education/MA in Childhood Foreign Languages Development programs).
7. **WHEREAS**, in spring 2016 a faculty committee in consultation with students, parents, and industry professionals recommended an addition to the name of the Financial Planning degree; and

**WHEREAS**, including wealth management in the degree title will better articulate the focus of the program; and

**WHEREAS**, the Faculty Senate approves a name change for the Bachelor of Science in Financial Planning to Bachelor of Science in Financial Planning and Wealth Management,

**NOW THEREFORE, BE IT RESOLVED,** that the Board of Trustees grants its approval to the name change effective July 1, 2017.

8. **WHEREAS**, in 2015 the department of Foreign Languages & Literatures changed its name with Senate approval to the department of Languages Literatures & Cultures; and

**WHEREAS**, Languages Literatures & Cultures currently offers nine undergraduate language degrees in the form of concentrations under the outdated major “Foreign Languages and Literatures”; and

**WHEREAS**, Languages Literatures & Cultures currently offers five additional undergraduate degrees as stand-alone majors; and

**WHEREAS**, the nine undergraduate language concentrations share no common curricular core; and

**WHEREAS**, the change from language concentration to language major has the support of the department’s Undergraduate Studies Committee and the Faculty Senate,

**NOW THEREFORE, BE IT RESOLVED,** that the Board of Trustees grants its approval to a degree name change for the following degrees, establishing the language concentrations as majors:

**Old name:**

9. **RESOLVED**, to approve the personnel actions (faculty *emeriti* and
promotions and tenure) presented in the April 26, 2017 meeting booklet
of the Trustee Committee on Academic Affairs.

CALL TO ORDER:
Mr. Borel convened the meeting at 1:30 p.m. and welcomed all in
attendance. He welcomed Donna Fontana as a new member of the
Committee.

UPDATE ON ADMISSIONS:
Mr. Lucier provided a brief update on admissions and the entering class of
Fall 2017. Highlights included:

- UD received a record number of applications from prospective
  freshmen – 27,479;
- Applicants represent 48 states and 101 countries;
- UD received the highest number ever of applications from
  Delaware students – 3,886, up four percent from last fall and up
  25% from three years ago;
This year’s applicant pool is more diverse than ever, with 1,141 applications from Delaware underrepresented racial/ethnic groups – nearly one-third of all in-state applicants.

ENHANCING THE SCHOOL OF PUBLIC POLICY AND ADMINISTRATION:
Dean Watson and Associate Dean Wilson reviewed plans and strategic investments for the School of Public Policy and Administration (SPPA) to raise its profile and national prominence significantly over the next five years. By amplifying SPPA’s existing strengths and connecting them with other areas of university excellence, SPPA will become a globally-recognized, comprehensive school of public policy that will offer outstanding undergraduate, graduate, and professional degree programs, conduct interdisciplinary and policy-oriented scholarship on critical challenges of our times, and conduct public and community service to improve the quality of life in Delaware, across the nation, and around the world.

Presently, SPPA is in the top-tier of nationally-ranked comprehensive public policy programs, those possessing multifaceted graduate and undergraduate programs as well as multiple research and public service centers. U.S. News and World Reports currently ranks SPPA 45th out of about 300 programs. The School currently has 24 full-time faculty (16 tenure-track; 8 continuing track), and 34 research and public service professionals working in its five centers. SPPA supports over 700 undergraduate and graduate students – 255 majors and 326 minors, and 138 graduate students.

Plans include strategic investments in SPPA’s highly-ranked programs in urban policy (19th) and public management (27th), combined with investments in policy analysis and evaluation, and in strategic areas of specialization. These priorities take advantage of SPPA’s strengths and connect them with strengths in other UD units, including sociology and criminal justice, civil and environmental engineering, education and human development, and environmental and marine policy.

There are four areas of proposed priority:

- Urban Policy with a focus on Smart Cities;
- Energy and Environmental Policy with a focus on Sustainable Development and Environmental Justice;
- Social Policy with a focus on Civil Rights/Social Justice, Education and Community Health;
- Disaster Science and Management with a focus on Community Preparedness.
With strategic investments in SPPA, UD will create a unit that will be distinctive for providing research driven, real-world solutions to the world’s most challenging issues:

- improving education, community health, and environmental quality;
- encouraging economic innovation and prosperity;
- promoting equity, social justice, and cultural understanding; and
- strengthening services from all sectors to support a better and more secure quality of life.

INTERNATIONALIZATION OF CAMPUS:

Dr. Okagaki made a presentation on the programs and efforts to support the internationalization of campus. From founding the first U.S. study abroad program in 1923 to hosting U.S. Department of State leadership programs, the University of Delaware is known as a leader in international higher education. In fact, UD received the Senator Paul Simon Award for Comprehensive Campus Internationalization from NAFSA, the leading association of international educators in 2015. This award recognized our institution-wide commitment to embed international and diverse perspectives in all that we do.

Comprehensive internationalization is a strategic and coordinated integration of institutional programs and practices including international student enrollment, exchange visitor programs, education abroad, and international research and partnerships. At the University of Delaware, a global perspective is reflected in our community and in our actions, infused in our teaching, research, and experiential opportunities. The impact is felt in the contributions by and support for our international community of students, scholars, and family members. It informs our strategic partnerships, strengthens our reputation at all levels, and fuels student mobility, ensuring that our graduates emerge with the competencies needed to lead in an interconnected world.

Building upon historic strengths and fostering a spirit of innovation, the following are some of the ways in which comprehensive internationalization is woven throughout the University:

- Supporting international students and scholars at UD;
- Global partnerships;
- US. Department of State Exchange Programs;
- Education Abroad and Domestic Travel Study;
- World Scholars Program;
- Fulbright Initiative;
- Confucius Institute.
UPDATE ON NANOFABRICATION FACILITY:
Dr. Riordan provided an update on UD's Nanofabrication Facility (UDNF) and its operations. An aggressive plan for faculty hiring has yielded two new faculty members in the Department of Electrical and Computer Engineering, with appointments effective Fall 2016. Both are well underway to building their research programs, recruits students and are users of the UDNF. Additionally, these hires have enriched the faculty diversity in the College as they are women engineers. A survey of faculty search committees for these recent hires ascertained that the quality of the applicant pools and UD’s ability to recruit top candidates has increased with the opening of the UDNF.

Approximately 45 graduate students have been trained and have access to the UDNF with training provided by UDNF technical staff members. Eighteen UD faculty have used the facility. Faculty in multiple departments in Engineering and Physics and Astronomy have noted that their ability to recruit top-tier applicants to their graduate programs has increased since the UDNF has come online. The external user base is currently 22% of the total with representative companies including DuPont, Chemours and Lightwave Logic.

All Phase One equipment has been installed and is fully operational. Phase Two tool selection and installation is progressing. The range of capabilities of the current tools places the UDNF among the top 25 academic nanofabrication facilities in the nation.

With respect to operational costs and revenues, FY16 closed with all expenses covered. FY17 year-to-date expenditures and revenues are tracking similarly with an increase in revenues over FY16. Staffing remains at 2015 levels, i.e. four technical staff members. The start-up resources allocated to new faculty include funds expendable on user fees in the UDNF.

ACADEMIC PROGRAM RESOLUTIONS:
The Committee reviewed eight academic program resolutions. Following review, on a motion made and seconded, the resolutions were approved as presented. The record shows that Mr. Grant opposed the resolutions on the grounds that these matters, in accordance with Article III of the University By-Laws, are under the purview of the faculty and should not require Board action.

REVIEW OF FACULTY AND PROFESSIONAL PERSONNEL ACTIONS:
The Committee reviewed the personnel actions outlined in the meeting booklet, including emeriti appointments and promotions and tenure. On a
motion made and seconded, the Committee voted to approve these personnel actions as presented.

ADJOURNMENT:
With no additional business, the meeting was adjourned at 3:15 p.m. for a brief Executive Session.

On motions made and seconded, the following resolutions were approved:

1. WHEREAS, prudence suggests that endowment policy consider the preservation of endowed principal along with spending needs of the University, and,

WHEREAS, the University endowment spending policy guideline provides for an annual distribution in the range of 4 - 5% of the pooled endowment portfolio average market value over the twelve trailing quarters through December of the year prior to the new fiscal year,

NOW, THEREFORE BE IT RESOLVED, that the endowment pooled portfolio distribute $3.90 per unit in Fiscal Year 2018 which represents 4.14% of the endowment pooled portfolio average market value over the twelve trailing quarters through December 31, 2016.

2. WHEREAS, The University, in concurrence with Paul B. Parvis, the son of Martha T. Parvis, recommends that the Parvis Fund be repurposed as proposed;

NOW, THEREFORE, BE IT RESOLVED, the Committee recommends to the Board of Trustees the approval to change the fund restrictions such that the income from the Parvis Fund will be used to support undergraduate research experiences associated with the University of Delaware’s Botanic Gardens (“UDBG”).

3. WHEREAS, the State of Maryland requires domestic and foreign corporations who do business in the State of Maryland to have an instate resident agent;

WHEREAS, the University’s resident agent for the State of Maryland has been Gary Stokes, the University’s Director of Risk Management, who resides in Maryland;

WHEREAS, Mr. Stokes is scheduled to retire effective June 30, 2017 and the University needs to change its resident agent;

WHEREAS, the State of Maryland allows a change of resident agent, subject to receipt of a certified copy of a resolution of its Board of Trustees, which authorizes the change;

WHEREAS, the Administration has selected CT Corporation to serve as the University’s new registered agent in Maryland;

NOW, THEREFORE, BE IT RESOLVED, the Board hereby approves changing the University’s resident agent for the State of Maryland to the CT Corporation.
CALL TO ORDER:
Dr. Puglisi convened the meeting at approximately 11 am and welcomed all in attendance.

ADMISSIONS UPDATE:
Mr. Lucier provided a brief update on admissions and the entering class of Fall 2017. Highlights included:

- UD received a record number of applications from prospective freshmen – 27,479;
- Applicants represent 48 states and 101 countries;
- UD received the highest number ever of applications from Delaware students – 3,886, up four percent from last fall and up 25% from three years ago;
- This year’s applicant pool is more diverse than ever, with 1,141 applications from Delaware underrepresented racial/ethnic groups – nearly one-third of all in-state applicants.

INVESTMENT VISITING COMMITTEE UPDATE:
Keith Walter, Chief Investment Officer, gave a brief update on endowment performance. To date, UD’s endowment continues to beat the benchmark with higher returns than our peers while introducing less risk. The pooled investment portfolio as of April 27 was $1.53 billion, which represents an increase in market value of about $32 million from CY2016. The approximate rate of return on the endowment is five percent (5%) for the current year and the 20-year average is 7.6%.

Mr. Walter noted that 2017 is off to a good start with returns slightly above five percent (5%) and the pooled portfolio continues to be overweight in global equities vs benchmark peers. The pooled portfolio is currently weighted 47% in equity allocations but continues to improve liquidity and prepare for capital commitments for private investments.

ENDOWMENT SPENDING RATE RECOMMENDATION:
The endowment-spending rate was recommended to be held constant at $3.90 for fiscal year 2018. This represents 4.14% of the endowment pooled portfolio average market value over the twelve trailing quarters through December 31, 2016. Following review and discussion, the accompanying resolution was approved as presented.
ENDOWMENT MARKET VALUE VS. ORIGINAL GIFT VALUE:
Information was provided to the Committee on the status of endowment market value vs. original gift value with comparisons from January 2015, 2016, and 2017. As of January 31, 2017, no accounts are being reinvested due to the Underwater Endowment Policy.

MORRIS SPECIAL PROJECTS ENDOWMENT REPORT:
Mr. Oler provided a brief report on the Morris Special Projects Endowment. Income available from the fund for 2016-17 is approximately $658,000. These funds will be used in FY2017 to honor the Morris Family by being applied toward support of the Cyber Security initiative, and also, in combination with other funds, to enhance special collections in the Morris Library.

PARVIS RESOLUTION:
Mr. Oler reported that the David A. Parvis Fund requires repurposing due to the termination of the Longwood Program. The Fund will now support the University Botanical Gardens at an undergraduate level including internship-related expenses. Following review, on a motion made and seconded, the Committee approved the resolution to change the fund restriction as outlined.

RESOLUTION FOR MARYLAND RESIDENT AGENT:
Due to the State of Maryland requiring an in-state agent, a resolution was presented to approve changing the resident agent for the State of Maryland from our Director of Risk Management, Gary Stokes (who is retiring), to CT Corporation. Following review, on a motion made and seconded, the accompanying resolution was approved as presented.

ACCOUNTS RECEIVABLES DELINQUENCIES:
Mr. Oler provided an update on receivables and write-offs, all of which were provided for informational purposes.

STUDENT LOAN PROGRAM DEFAULT:
Mr. Oler reviewed Student Loan Program Default Rates, including the Perkins Program and the Nursing Loan Program. All were routine and required no action by the Committee. The Committee took note on the strong performance and relatively low default rates for UD, indicating this is not only a strong statistic on operational performance, but also an indication of our graduates’ ability to fulfill their loans.
PROPERTY PLANT AND EQUIPMENT INVENTORY:
University policy requires an annual physical inventory of equipment for each University unit. Mr. Oler briefly reviewed the details of the inventory, noting routine write-offs for scientific equipment, computer equipment and vehicles.

RESTRICTED GIFT CERTIFICATION:
Mr. Oler reviewed the details of gifts received and as reported to the Trustee Committee on Public Affairs & Advancement. During the period of July 1, 2016 and December 31, 2016, no gifts with undue financial obligations were reported.

ADJOURNMENT:
With no additional business, the regular session meeting was adjourned at 2:45 p.m. for an Executive Session.

APPROVED:

Donald J. Puglisi, Chair
Report of the Nominating Committee

Spring 2017

Recommended for Election to a six-year term:

Debra Hess Norris

Professor Norris is the Chairperson of UD’s world-renowned Art Conservation Program. She specializes in the preservation of photographs and the conservation of damaged historic photographs, and is heavily involved with international movements to preserve world cultural heritage.

Recommended for Election to a two-year term as Recent Graduate Trustee:

Georgina Class-Peters

Georgina Class-Peters is a Smyrna, Delaware native. She graduated from the University of Delaware in 2016, with double majors in Criminal Justice and Political Science. While a UD student, Georgina was selected as a 2015 Woman of Promise, and held several leadership positions including President of the Cultural Programming Advisory Board, member of the Student Executive Board through the Office of Undergraduate Admissions, and Student Engagement Advisor. With funding from various University offices, Georgina released her first documentary titled Through the Eyes of the Beholder: Perceptions of Beauty, which looks at the negative psychological and emotional effects that result from an oppressive beauty culture.

Georgina is now a graduate student at UD and also works as an Admissions Counselor in UD’s Office of Admissions.

7. RESOLVED, that, effective fall 2017, the University Student Centers fee shall remain at $119 per semester.

8. RESOLVED, that, effective fall 2017, the graduate recreation fee shall remain at $50 per semester for full-time graduate students and as an optional $25 per semester fee for part-time graduate students.

9. WHEREAS, the Committee has reviewed the capital projects materials, presented to the Trustee Committee on Grounds & Buildings at its April 2107 meeting; and

WHEREAS, the specific capital projects (herein collectively referred to as the “Projects”) and project budget costs as follows:
• Wolf to Harter Hall Underground Steam Piping Replacement - $2,681,900;
• Rullo Stadium Renovations - $2,190,000;
• Sharp Lab Fire Alarm and Sprinkle Replacement - $1,398,000;
• Arsht Hall HVAC Renovation - $3,887,000;
• Harker Laboratory Clean Room Tool Fit-Out Phase II - $1,145,000;
• STAR Campus Infrastructure - $5,795,000.

**NOW, THEREFORE, BE IT RESOLVED,** the Committee recommends to the Board, (1) the approval of the Projects and (2) the authorization of the Administration to take such further action as they deem necessary to implement, complete and pay for the Projects as listed above.

10. **WHEREAS**, the Newark Regional Train Center is a new train station to be constructed at the northeastern end of STAR campus ("NRTC Project") at the University of Delaware;  

**WHEREAS**, the NRTC Project will be constructed on property currently owned by the State of Delaware ("State"), but the parking for the station will be on land leased by 1743 Holdings to the State;  

**WHEREAS**, the State is paying for the bulk of the costs associated with the NRTC Project through grants and other funding; however, the University is to contribute $3 million towards the overall cost (estimated at $50 million) on or by August 1, 2018;  

**WHEREAS**, as part of the overall project, there are certain pieces of property that will be transferred (at fair market value) between the various parties;  

**WHEREAS**, 1743 Holdings will acquire some DelDOT property along Route 896/South Chapel Street and incorporate it into the Star Campus (although some of this acquired property will then be leased back to the State), DelDOT will receive an easement from the University in connection with extending certain utility lines and Amtrak, the State, and the University will also exchange small bits of land in connection with relocating train tracks and other lot line adjustments;  

**WHEREAS**, all of these properties will be appraised to determine the price to be paid by the acquiring party for a particular parcel and overall the University is acquiring more property than it is selling (a net gain of
approximately 2.2 acres), so there will be a net payment by the University for the property it is acquiring;

**NOW, THEREFORE, BE IT RESOLVED,** the Committee recommends to the Board, the approval of the University’s contributions toward the NRTC Project and the authorization of the Administration to take all further action deemed necessary or appropriate to carry out the intent and purpose of this Resolution including the execution any agreements as the Administration determines is necessary or appropriate.

11. **WHEREAS,** the following donors have generously given to the University of Delaware; and

*(details as contained in the listing provided in the Spring 2017 PA&A Committee meeting booklet and detailed in the listing included at the conclusion of these minutes)*

**NOW, THEREFORE BE IT RESOLVED,** that the Board of Trustees hereby expresses its sincere gratitude for the generosity of these donors.

12. **WHEREAS,** the MS in Disaster Science and Management was given provisional approval in April 2009, and thus needs to gain permanent status, and

**WHEREAS,** Disaster Science and Management is a program supported by faculty from three colleges and the Disaster Research Center and meets the goals of graduate education and fits the Path to Prominence, and

**WHEREAS,** the Disaster Science and Management program is a truly interdisciplinary program that prepares students to address the complexities associated with understanding and managing the risks, causes, and consequences of disasters, and

**WHEREAS,** the Disaster Science and Management MS program has grown rapidly from zero to thirty-one students including twenty-two graduates, and

**WHEREAS,** students who have graduated with the degree have had an excellent placement history in the industry and in academic programs, and

**WHEREAS,** the Faculty Senate recommends permanent approval
of the MS in Disaster Science and Management,

NOW THEREFORE, BE IT RESOLVED, that the Board of Trustees grants approval for the permanent status of the MS in Disaster Science and Management.

13. WHEREAS, the PhD in Disaster Science and Management was given provisional approval in April 2009, and thus needs to gain permanent status, and

WHEREAS, Disaster Science and Management is a program supported by faculty in three colleges and the Disaster Research Center and meets the goals of graduate education and fits the Path to Prominence, and

WHEREAS, the Disaster Science and Management program is a truly interdisciplinary research-based program that prepares students to explore the complexities associated with understanding how the social, built, and natural environment intersect to generate disasters, and

WHEREAS, the Disaster Science and Management PhD program has grown rapidly from zero to thirty-two students with eleven graduates, and

WHEREAS, students who have graduated with the degree have had an excellent placement history in the academy, industry, and government, and

WHEREAS, the Faculty Senate recommends permanent approval of the PhD in Disaster Science and Management,

NOW THEREFORE, BE IT RESOLVED, that the Board of Trustees grants approval for the permanent status of the PhD in Disaster Science and Management.

14. WHEREAS, the Department of Human Development and Family Studies in the College of Education and Human Development is responding to a national initiative to change the name of all of these types of departments to the department of Human Development and Family Sciences, and

**NOW, THEREFORE BE IT RESOLVED, that the Board of Trustees hereby expresses its sincere gratitude for the generosity of these donors.**
VIII. CONSENT AGENDA

The following resolutions, having originated with, and having been recommended for approval on motions made and seconded by the appropriate standing committees, and subsequently recommended by the Executive Committee for approval by the full Board, or approved by the Executive Committee, are hereby submitted to the Board for approval or ratification.

1. **RESOLVED**, that the following individuals are approved as members of the University of Delaware Honorary Degree Class of 2017, with degrees conferred, *honoris causa*, during the Spring 2017 Commencement ceremony:

   - **Margaret L. Andersen**, Edward F. & Elizabeth Goodman Rosenberg Professor Emerita;
   - **The Honorable Jack Markell**, Former Governor of Delaware;
   - **James Wagner**, President Emeritus - Emory University, UD Alumnus ’75 EG;
   - **Marna Whittington**, Retired CEO - Allianz Global Investors Capital, UD Alumna ’68 AS.

2. **RESOLVED**, that the University of Delaware Medal of Distinction shall be bestowed upon the following individuals:

   - **Louis L. Hirsh**, Director of Admissions for UD (1984-2012); and
   - **Evelyn Hayes**, Trustees’ Distinguished Professor Emerita (Nursing).

3. **RESOLVED**, that, effective for fall 2017, the University dining plan rates will be increased an average of 2.5 percent.

4. **RESOLVED**, that, effective for fall 2017, the rate for University traditional residence hall rooms will be increased by an average of 2.0 percent.

5. **RESOLVED**, that, effective fall 2017, the student Comprehensive fee for fulltime students remain at $299 per semester and that the $50 per semester fee for part-time students and the $50 fee per winter and summer sessions for all students shall remain the same.

6. **RESOLVED**, that, effective fall 2017, the Student Health Services fee shall remain at $227 per semester and that the $88 Summer Session fee and the $66 Winter Session shall remain the same.

7. **RESOLVED**, that, effective fall 2017, the University Student Centers fee shall remain at $119 per semester.

8. **RESOLVED**, that, effective fall 2017, the graduate recreation fee shall remain at
$50 per semester for full-time graduate students and as an optional $25 per semester fee for part-time graduate students.

9. WHEREAS, the appropriate Board committees have reviewed the capital projects materials as presented during the Spring 2017 meeting cycle; and

WHEREAS, the specific capital projects (herein collectively referred to as the “Projects”) and project budget costs as follows:

- Wolf to Harter Hall Underground Steam Piping Replacement - $2,681,900;
- Rullo Stadium Renovations - $2,190,000;
- Sharp Lab Fire Alarm and Sprinkler Replacement - $1,398,000;
- Arshht Hall HVAC Renovation - $3,887,000;
- Harker Laboratory Clean Room Tool Fit-Out Phase II - $1,145,000;
- STAR Campus Infrastructure - $5,795,000.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Trustees (1) approves the Projects and (2) authorizes the Administration to take such further action as they deem necessary to implement, complete and pay for the Projects as listed above.

10. WHEREAS, the Newark Regional Train Center is a new train station to be constructed at the northeastern end of STAR campus (“NRTC Project”) at the University of Delaware;

WHEREAS, the NRTC Project will be constructed on property currently owned by the State of Delaware (“State”), but the parking for the station will be on land leased by 1743 Holdings to the State;

WHEREAS, the State is paying for the bulk of the costs associated with the NRTC Project through grants and other funding; however, the University is to contribute $3 million towards the overall cost (estimated at $50 million) on or by August 1, 2018;

WHEREAS, as part of the overall project, there are certain pieces of property that will be transferred (at fair market value) between the various parties;

WHEREAS, 1743 Holdings will acquire some DelDOT property along Route 896/South Chapel Street and incorporate it into the Star Campus (although some of this acquired property will then be leased back to the State), DelDOT will receive an easement from the University in connection with extending certain utility lines and Amtrak, the State, and the University will also exchange
small bits of land in connection with relocating train tracks and other lot line adjustments;

WHEREAS, all of these properties will be appraised to determine the price to be paid by the acquiring party for a particular parcel and overall the University is acquiring more property than it is selling (a net gain of approximately 2.2 acres), so there will be a net payment by the University for the property it is acquiring;

NOW, THEREFORE, BE IT RESOLVED, the Board of Trustees approves the University’s contributions toward the NRTC Project and the authorization of the Administration to take all further action deemed necessary or appropriate to carry out the intent and purpose of this Resolution including the execution any agreements as the Administration determines is necessary or appropriate.

11. WHEREAS, the following donors have generously given to the University of Delaware; and

(details as contained in the listing provided in the Spring 2017 PA&A Committee meeting booklet and detailed in the listing included at the conclusion of these minutes)

NOW, THEREFORE BE IT RESOLVED, that the Board of Trustees hereby expresses its sincere gratitude for the generosity of these donors.

12. WHEREAS, the University of Delaware in 2010 began counting funds raised to elevate UD’s profile and reputation in service to our mission to cultivate learning, develop knowledge, and foster the free exchange of ideas; and

WHEREAS, a new comprehensive campaign will grow the University’s philanthropic relationships and engage constituents while providing important endowment, capital, and operating support to a state-assisted but privately governed major research university; and

NOW, THEREFORE, BE IT RESOLVED, that the Board of Trustees approves the public launch of a campaign on campus on November 10-11, 2017.

13. WHEREAS, the MS in Disaster Science and Management was given provisional approval in April 2009, and thus needs to gain permanent status, and

WHEREAS, Disaster Science and Management is a program supported by faculty from three colleges and the Disaster Research Center and meets the goals of graduate education and fits the Path to Prominence, and
WHEREAS, the Disaster Science and Management program is a truly interdisciplinary program that prepares students to address the complexities associated with understanding and managing the risks, causes, and consequences of disasters, and

WHEREAS, the Disaster Science and Management MS program has grown rapidly from zero to thirty-one students including twenty-two graduates, and

WHEREAS, students who have graduated with the degree have had an excellent placement history in the industry and in academic programs, and

WHEREAS, the Faculty Senate recommends permanent approval of the MS in Disaster Science and Management,

NOW THEREFORE, BE IT RESOLVED, that the Board of Trustees grants approval for the permanent status of the MS in Disaster Science and Management.

14. WHEREAS, the PhD in Disaster Science and Management was given provisional approval in April 2009, and thus needs to gain permanent status, and

WHEREAS, Disaster Science and Management is a program supported by faculty in three colleges and the Disaster Research Center and meets the goals of graduate education and fits the Path to Prominence, and

WHEREAS, the Disaster Science and Management program is a truly interdisciplinary research-based program that prepares students to explore the complexities associated with understanding how the social, built, and natural environment intersect to generate disasters, and

WHEREAS, the Disaster Science and Management PhD program has grown rapidly from zero to thirty-two students with eleven graduates, and

WHEREAS, students who have graduated with the degree have had an excellent placement history in the academy, industry, and government, and

WHEREAS, the Faculty Senate recommends permanent approval of the PhD in Disaster Science and Management,

NOW THEREFORE, BE IT RESOLVED, that the Board of Trustees grants approval for the permanent status of the PhD in Disaster Science and Management.

15. WHEREAS, the Department of Human Development and Family Studies in the College of Education and Human Development is responding to a national
initiative to change the name of all of these types of departments to the department of Human Development and Family Sciences, and

WHEREAS, a name change will provide branding consistency with the name of the department and is consistent with the national trends as evidenced by competitor and peer departments that have already changed their names; and

WHEREAS, the name change has the full support of the HDFS faculty and the Faculty Senate;

NOW THEREFORE, BE IT RESOLVED, that the Board of Trustees grants its approval to change the name of the Department of Human Development and Family Studies to the Department of Human Development and Family Sciences, Effective July 1, 2017.

16. WHEREAS, in fall 2016 the Literacy faculty reviewed the 2017 International Literacy Association’s standards for reading/literacy professionals; and

WHEREAS, the Literacy faculty determined a name change will reflect a more inclusive focus of the program; and

WHEREAS, the name change has the support of the Graduate Studies Committee and the Faculty Senate,

NOW THEREFORE, BE IT RESOLVED, that the Board of Trustees grants its approval to change the name of the Master of Education in Reading to Master of Education in Literacy, effective July 1, 2017.

17. WHEREAS, in 2015 the department of Foreign Languages & Literatures changed its name with Senate approval to the department of Languages, Literatures, and Cultures; and

WHEREAS, Languages, Literatures, & Cultures currently offers four graduate degrees that use the old department name; and

WHEREAS, the degree name change of “Foreign Languages & Literatures” to “Languages, Literatures, and Cultures” has the support of the department’s Graduate Studies Committee and the Faculty Senate,

NOW THEREFORE, BE IT RESOLVED, that the Board of Trustees approves a degree name change for the following degree, substituting “Languages, Literatures, and Cultures” for “Foreign Languages and Literatures” in Foreign Languages and Literatures (MA).

18. WHEREAS, in 2015 the department of Foreign Languages & Literatures
changed its name with Senate approval to the department of Languages Literatures and Cultures; and

**WHEREAS**, Languages Literatures & Cultures currently offers four graduate degrees that use the old department name; and

**WHEREAS**, the degree name change of “Foreign Languages & Literatures” to “Languages, Literatures, and Cultures” has the support of the department’s Graduate Studies Committee and the Faculty Senate;

**NOW THEREFORE, BE IT RESOLVED**, that the Board of Trustees grants a degree name change for the following degree, substituting “Childhood Education in Languages, Literatures, and Cultures” for “Childhood Foreign Language Education” in Childhood Foreign Language Education (MA-CE/LLC) (4+1 BS in Early Childhood Education MA in Childhood Foreign Languages Education) (4+1 BS in Elementary Teacher Education/MA in Childhood Foreign Languages Development programs).

19. **WHEREAS**, in spring 2016 a faculty committee in consultation with students, parents, and industry professionals recommended an addition to the name of the Financial Planning degree; and

**WHEREAS**, including wealth management in the degree title will better articulate the focus of the program; and

**WHEREAS**, the Faculty Senate approves a name change for the Bachelor of Science in Financial Planning to Bachelor of Science in Financial Planning and Wealth Management,

**NOW THEREFORE, BE IT RESOLVED**, that the Board of Trustees grants its approval to the name change effective July 1, 2017.

20. **WHEREAS**, in 2015 the department of Foreign Languages & Literatures changed its name with Senate approval to the department of Languages Literatures & Cultures; and

**WHEREAS**, Languages Literatures & Cultures currently offers nine undergraduate language degrees in the form of concentrations under the outdated major “Foreign Languages and Literatures”; and

**WHEREAS**, Languages Literatures & Cultures currently offers five additional undergraduate degrees as stand-alone majors; and

**WHEREAS**, the nine undergraduate language concentrations share no common curricular core; and
WHEREAS, the change from language concentration to language major has the support of the department’s Undergraduate Studies Committee and the Faculty Senate,

NOW THEREFORE, BE IT RESOLVED, that the Board of Trustees grants its approval to a degree name change for the following degrees, establishing the language concentrations as majors:

21. RESOLVED, the Board of Trustees approves the personnel actions (faculty emeriti and promotions and tenure) presented to the appropriate committees during the Spring 2017 meeting cycle.

22. WHEREAS, prudence suggests that endowment policy consider the preservation of endowed principal along with spending needs of the University, and,
WHEREAS, the University endowment spending policy guideline provides for an annual distribution in the range of 4 - 5% of the pooled endowment portfolio average market value over the twelve trailing quarters through December of the year prior to the new fiscal year,

NOW, THEREFORE BE IT RESOLVED, that the endowment pooled portfolio distribute $3.90 per unit in Fiscal Year 2018 which represents 4.14% of the endowment pooled portfolio average market value over the twelve trailing quarters through December 31, 2016.

23. WHEREAS, The University, in concurrence with Paul B. Parvis, the son of Martha T. Parvis, recommends that the Parvis Fund be repurposed as proposed;

NOW, THEREFORE, BE IT RESOLVED, the Board of Trustees approves the change to the fund restrictions such that the income from the Parvis Fund will be used to support undergraduate research experiences associated with the University of Delaware’s Botanic Gardens (“UDBG”).

24. WHEREAS, the State of Maryland requires domestic and foreign corporations who do business in the State of Maryland to have an instate resident agent;

WHEREAS, the University’s resident agent for the State of Maryland has been Gary Stokes, the University’s Director of Risk Management, who resides in Maryland;

WHEREAS, Mr. Stokes is scheduled to retire effective June 30, 2017 and the University needs to change its resident agent;

WHEREAS, the State of Maryland allows a change of resident agent, subject to receipt of a certified copy of a resolution of its Board of Trustees, which authorizes the change;

WHEREAS, the Administration has selected CT Corporation to serve as the University’s new registered agent in Maryland;

NOW, THEREFORE, BE IT RESOLVED, the Board hereby approves changing the University’s resident agent for the State of Maryland to the CT Corporation.

25. WHEREAS, the University of Delaware (the “University”) recognizes the importance of having the flexibility to timely enter the bond market to help raise capital funds for the University’s capital projects and/or to refinance prior outstanding indebtedness for debt service savings; and
WHEREAS, the University has issued from time to time its revenue bonds ("Revenue Bonds") pursuant to the terms of that certain Trust Agreement dated as of October 1, 1989, as amended and supplemented (as so amended and supplemented, collectively, the “Trust Agreement”), between Wilmington Trust Company, as trustee (the “Trustee”) and the University. Capitalized terms used herein and not defined shall have the meanings ascribed to them as set forth in the Trust Agreement; and

WHEREAS, the University is also permitted to issue, and has from time to time issued, bonds secured by the general revenue of the University ("General Revenue Bonds"); and

WHEREAS, as of June 30, 2016, the University’s total outstanding principal on its Revenue Bonds and General Revenue Bonds is $478,790,000 in the aggregate, and scheduled principal payments for the period July 1, 2016 through June 30, 2027 on such outstanding indebtedness shall equal $167,000,000 in the aggregate; and

WHEREAS, the University has determined that it is in the best interest of the University to undertake a 10-year capital improvement program (hereinafter referred to collectively as the “Capital Improvement Program”), which the University anticipates will be financed with approximately $250,000,000 of indebtedness issued in multiple phases; and

WHEREAS, the University anticipates that the first phase of the Capital Improvement Program shall include the following (collectively, the “Phase I Projects”):

1. a housing facilities plan;
2. an infrastructure improvement plan on the STAR Campus; and
3. an infrastructure plan on or near the Newark Campus that may include, but is not limited to, renovations to and/or rehabilitation or construction of various academic facilities; and

WHEREAS, the University desires to confirm the authority of the Executive Committee, pursuant to Section 2.2.2 of the Bylaws of the University, to review, identify and approve specific capital projects within the Capital Improvement Program that have been identified and considered by the Committee on Finance and the Committee on Grounds and Buildings and deemed to be ready for construction, equipping and/or rehabilitation (for purposes of this Resolution, such subset of identified capital projects are referred to herein as the “Specific Phase I Projects”); and
WHEREAS, the University has further determined that a portion of the Specific Phase I Projects, together with the costs of issuance associated with financing the Specific Phase I Projects, should be financed by the issuance of new money bonds in one or more series on a tax-exempt and/or taxable basis in an aggregate principal amount not to exceed $200,000,000 (the “Bonds”); and

WHEREAS, such Bonds may be issued (i) after the Executive Committee has identified and approved the Specific Phase I Projects which have been identified and considered by the Committee on Finance and the Committee on Grounds and Buildings as deemed ready for construction, equipping and/or rehabilitation, and (ii) either as Revenue Bonds, General Revenue Bonds or a combination thereof as the Executive Committee shall determine to be in the best interest of the University given market conditions; and

WHEREAS, the University plans to pay for certain costs of the Specific Phase I Projects prior to the issuance of any series of Bonds and to later reimburse itself for such payments from the proceeds of the Bonds; and

WHEREAS, the University has determined to authorize the issuance of refunding bonds in one or more series on a tax-exempt and/or taxable basis (the “Refunding Bonds”) for the purpose of refunding all or a portion of the University’s outstanding bonds if determined by the Bond Committee (as established herein) to be in the best interest of the University given market conditions (the “Refunding Program”); and

WHEREAS, in connection with the prior issuance of Revenue Bonds as well as other ancillary debt obligations (“Ancillary Obligations”), the University, or an entity of which the University is the sole member, has entered into separate interest rate swap transactions (collectively, the “Prior Swap Transactions”), pertaining to such prior series of Revenue Bonds or Ancillary Obligations, as the case may be, with a banking institution named in each such Swap Transaction (in each case, the “Counterparty”), pursuant to certain interest rate swap agreements (collectively, the “Prior Swap Agreements”); and

WHEREAS, the University has determined to authorize the Bond Committee to terminate or modify any Prior Swap Agreement; and

WHEREAS, the Board of Trustees of the University now desires: (i) to recommend approval of the issuance of the Bonds and the Refunding Bonds; (ii) to confirm the Executive Committee’s authority to approve, from time to time, the Specific Phase I Projects and to approve and authorize the necessary acts to effectuate the financing of such capital projects; and (iii) to create a Bond Committee to (a) approve and authorize the necessary acts to effectuate the financing of the Refunding
Program, (b) determine the type of as well as the final terms of the Bonds and the Refunding Bonds to be issued, and (c) terminate or modify any Prior Swap Agreement.

NOW, THEREFORE, BE IT RESOLVED the Board of Trustees of the University, hereby approves the following:

1. **Authorization of the Capital Improvement Program; Confirmation of Executive Committee Authority to Approve Specific Phase I Projects**, which have been identified and considered by the Financing Committee and the Committee on Grounds and Buildings as ready for construction, equipping and/or rehabilitation, to be financed with the Bonds. The University hereby approves the Capital Improvement Program as described in the recitals hereto, and hereby confirms the authority of the Executive Committee under Bylaw Section 2.2.2: (a) to approve Specific Phase I Projects, which have been identified and considered by the Committee on Finance and the Committee on Grounds and Buildings and deemed ready for construction, equipping and/or rehabilitation, to be financed with the Bonds; and (b) to take all action necessary to proceed with the financing of the Specific Phase I Projects through the issuance of the Bonds.

2. **Establishment of Bond Committee**: There is hereby established a Bond Committee, a sub-committee of the Executive Committee, consisting of the Chairman of the Board, Chairman of the Committee on Finance, the Executive Vice President & University Treasurer, the Vice President for Finance and Deputy Treasurer, and the Assistant Vice President for Finance. The Bond Committee is authorized to negotiate and approve the final terms of the Bonds and the Refunding Bonds and shall do so in such manner as the total all-in-cost to the University (including amortized costs of issuance) is determined to be, after consultation with the University’s financial advisor and bond counsel, in the best interest of the University given market conditions.

    The Bonds and the Refunding Bonds shall be awarded and sold by the Bond Committee to one or more underwriters, placement agents, governmental agency or other financial institution or lender to be selected by the Bond Committee (the “Purchaser”) at a purchase price, and in accordance with such terms and conditions, as will be determined by the Bond Committee.

    The Bonds and the Refunding Bonds each shall bear such rate or rates of interest, shall mature in such principal amounts and on such dates, shall be subject to redemption, shall be sold at such price and in such manner, and shall be in such form and contain or be subject to such other terms and conditions, as shall be determined in a resolution adopted by the Bond Committee (the “Bond Committee Resolution”).

3. **Authorization of Bonds**: The University hereby authorizes the issuance of its tax-exempt and/or taxable Bonds in one or more series in an aggregate principal amount not to exceed $200,000,000 for the purpose of providing financing for a
portion of the costs associated with the Specific Phase I Projects. The University may issue such Bonds so long as the Executive Committee has approved the Specific Phase I Projects, and such Bonds may be issued either as Revenue Bonds, General Revenue Bonds or a combination thereof, as shall be determined by the Bond Committee.

4. **Authorization of Refunding Program and Issuance of Refunding Bonds.** The University hereby approves the Refunding Program as described in the recitals hereto. In particular, the Bond Committee is hereby authorized to take all action necessary, if deemed by the Bond Committee to be in the best interest of the University given market conditions, to proceed with the refunding, in whole or in part, of any outstanding bonds.

   The University hereby authorizes the issuance of its tax-exempt and/or taxable Refunding Bonds in one or more series for the purpose of providing financing for the Refunding Program. The University may issue such Refunding Bonds either as Revenue Bonds, General Revenue Bonds or a combination thereof, as shall be determined by the Bond Committee.

5. **Authorization to terminate or modify swaps.** If so deemed by the Bond Committee, after consultation with the University’s financial/swap advisor, the University hereby authorizes the Bond Committee, from time to time, to take all action necessary to approve any amendments to or terminations of any of the Prior Swap Agreements and any payments required by the University in connection therewith.

6. **Federal Tax Covenants.** In the event and to the extent that the Bonds and/or the Refunding Bonds are issued on a tax-exempt basis, the University hereby covenants not to take or omit to take any action so as to cause interest on the Bonds or the Refunding Bonds to be no longer excluded from gross income for purposes of federal income taxation and to otherwise comply with the requirements of Sections 103 and 141 through 150 of the Internal Revenue Code of 1986, as amended (the “Code”), and all applicable regulations promulgated with respect thereto, throughout the term of the Bonds or the Refunding Bonds, as the case may be. The University further covenants with the registered owners of the Bonds and the Refunding Bonds that it will make no investments or other use of the proceeds of the Bonds and/or Refunding Bonds which would cause such Bonds or Refunding Bonds, as the case may be, to be “arbitrage bonds” as defined in Section 148 of the Code. The University further covenants to comply with the rebate requirements (including the prohibited payment provisions) contained in Section 148(f) of the Code in any regulations promulgated thereunder, to the extent applicable, and to pay any interest or penalty imposed by the United States for failure to comply with rebate requirements, to the extent applicable.

7. **Official Intent.** In accordance with Treasury Reg. §1.150-2, the University hereby confirms its intentions that a portion of the proceeds of the obligations authorized by this Resolution will be used to reimburse itself for qualifying
expenditures paid prior to the date of issuance of the obligations authorized by this Resolution. All original expenditures to be reimbursed will be capital expenditures (as defined in Treas. Reg. §1.150-1(b)) and other amounts permitted to be reimbursed pursuant to Treas. Reg. §1.150-2(d)(3) and (f).

8. Authorization of Documents; Execution of Documents. The University hereby authorizes the execution and delivery of the following documents in connection with the issuance of a series of Bonds issued pursuant to this Resolution:

   a. Any documents required in connection with the Specific Phase I Projects and the Refunding Program and/or the financing thereof; and

   b. Any documents necessary to issue the Bonds and/or the Refunding Bonds.

Each of the Executive Vice President and University Treasurer, Vice President for Finance and Deputy Treasurer, and the Assistant Vice President for Finance is authorized to execute and deliver any documents to which the University is a party in such form and with such terms as he determines to be in the best interest of the University to accomplish the intent and purpose of this Resolution, his signature thereon to be conclusive evidence of his approval, and the Secretary is authorized to affix the corporate seal to any of such documents and to attest thereto.

9. Further Action. The Executive Committee, the Bond Committee, Executive Vice President and University Treasurer, the Secretary, and the other officers of the Board of Trustees and of the University are authorized to take all further action deemed necessary or appropriate to carry out the intent and purpose of this Resolution including the execution and delivery of such certificates and instruments as the officer executing the same determines is necessary or appropriate.

26. RESOLVED, that the Board of Trustees authorizes the President of the University to confer degrees on May 27, 2017, on such students as shall have completed by that time all the requirements pertaining to such degrees.
