NOW, THEREFORE, BE IT RESOLVED, that the Board of Trustees of the University of Delaware hereby honors Nancy M. Targett by conferring upon her the title of Dean Emerita and Distinguished Professor Emerita of Marine Biosciences, with all the rights and privileges thereto appertaining.

42. WHEREAS, Nancy M. Targett has served the University of Delaware as Acting President since July 1, 2015; and

WHEREAS, her term will conclude on June 5, 2016; and

WHEREAS, Dr. Targett had led the University through this period of transition with clarity, vision and boundless energy; and

WHEREAS, Dr. Targett has addressed major issues facing the institution with insight and foresight; and

WHEREAS, Dr. Targett has strengthened the administration's relationships with the faculty and staff and has won the admiration, support and affection of the University's students, alumni and donors; and

WHEREAS, Dr. Targett has been a powerful advocate and spokesperson for the University with the institution's external audiences in the state, the region, the nation and the world; and

WHEREAS, Dr. Targett's leadership has enabled the University to build on its forward momentum and achieve its goals during this transition period,

NOW, THEREFORE, BE IT RESOLVED, that the Board of Trustees of the University of Delaware thanks and honors Dr. Targett for her
exemplary service, removes the word Acting from her title and officially recognizes her as the 27th -- and first female -- President of the University of Delaware.

OPENING:
Chairman Cochran convened the meeting at 3 p.m. and welcomed all those in attendance.

Mr. Cochran welcomed Chrissi Rawak as the new Director of Intercollegiate Athletics and Recreation Services. He also thanked Carey McDaniel for her years of devoted service to the Board and read into the record a resolution honoring her trustee service.

Mr. Cochran then requested a moment of silence in remembrance of friends of the University who had recently passed away. Mrs. Willis then presented the Attendance Report.

APPROVAL OF THE MINUTES:
On a motion made and seconded, the minutes of the Board’s meeting of December 8, 2015 were approved as presented in the Meeting Booklet.

REPORTS OF THE PRESIDENT AND PROVOST:
In her final presentation to the University of Delaware Board of Trustees, Dr. Targett lauded the contributions of students, faculty and staff. She said that serving as Acting President helped enlarge her perspective on changes occurring across the landscape of higher education, both nationally and at the state’s flagship university.

She highlighted outstanding student events and achievements during the 2015-16 academic year, including the UDance marathon which raised a record $1.7 million to benefit the Andrew McDonough B+ Foundation for children with cancer, as well as the contributions of the nearly 350 students who performed service projects in communities around the country during their spring break. Academically, UD students have won prestigious Fulbright, Truman, Goldwater, Gates-Cambridge and Hollings scholarships. Dr. Targett also thanked the UD staff and faculty for their continued dedication to create the unique UD experience. She expressed her appreciation to the Board for their confidence in asking her to serve as Acting President.

Provost Grasso expressed his appreciation for Dr. Targett’s service and her skill in guiding UD through a year of transition and challenge. He also took the opportunity to recognize the outstanding scholarship, research and community service efforts of several students attending the meeting. Dr. Grasso also noted UD’s involvement in addressing changes yet to come involving cybersecurity, big data, energy research, health and
well-being, transportation and public policy – issues that also require contributions from the social sciences and the arts and humanities.

SPECIAL PRESENTATION:
Dr. Cole Galloway, professor of physical therapy, and Devina Kumar, a doctoral student, offered a video presentation on Go Baby Go and the Gravity restaurant concept that incorporates the harness systems used on UD’s Science, Technology and Advanced Research (STAR) Campus.

REPORT ON ADMISSIONS AND ENROLLMENT MANAGEMENT:
Chris Lucier, vice president for enrollment management, gave a preview of the Class of 2020, the members of which will be arriving as first year students this fall. This is the smallest incoming class in three years.

He noted that almost 26,000 applications were received, including a record 3,712 from First State students applying for attendance on the Newark campus or the Associate in Arts Program, which represents a 20 percent increase over 2013. He added that a record number of applications – 4,407 – were received from underrepresented minority students, marking a 25 percent increase, and the most admitted in UD history.

Mr. Lucier noted that, academically, the Class of 2020 will arrive with average SAT scores of 1810, and a 3.7 grade point average, the highest ever. Also, UD is enrolling 480 Honors Program students and nine Unidel Eugene du Pont Memorial Scholars from five states, a cohort that includes four minority students.

Mr. Lucier added that recruiting and admitting students in a highly competitive enrollment environment requires that UD be nimble and responsive to the market, and continue to build and promote academic excellence and distinctiveness that deliver real opportunities for students at graduation.

Mr. Sparks then excused Mr. Cochran, Mr. Chandler, Ms. Kelly and Mrs. Willis, and proceeded to present the Slate of Officers for the 2016-17 year:

John R. Cochran, Chair
William B. Chandler, III, Vice Chair
Terri L. Kelly, Vice Chair
Mary Jane Willis, Secretary/Treasurer

On a motion made and seconded, the Slate of Officers was approved as presented. The officers then returned to the room to the applause of those assembled.

EXECUTIVE COMMITTEE:
Mr. Cochran reported that the Executive Committee met on May 10, 2016 and received reports from all of the Committee chairs. He noted that the Executive Committee approved the resolutions brought forward by each of the Committees, all of which are presented in the Consent Agenda for action by the full Board of Trustees.
In addition, Mr. Cochran expressed his gratitude to President Targett and Gil Sparks for their work on the project which resulted in recommended changes to Article 3 of the University of Delaware Bylaws. He noted that they led a very thoughtful and inclusive effort which resulted in an updated version of Article 3 that is more in keeping with accepted governance practices in higher education.

Mr. Cochran added that the revised version of Article 3 represents a compromise based on inputs provided by the faculty, the administration and the Board which address issues of concern for the trustees (primarily, a more appropriate apportionment of governance responsibilities between the faculty and the administration, specifically the President and Provost) while maintaining the spirit of shared governance that is an essential part of University culture.

Mr. Cochran noted that Dr. Targett and Mr. Sparks had presented their recommendations to the Executive Committee and the Executive Committee voted to approve the revisions to Article 3, and noted that those revisions were presented for the full Board’s review in the Appendix of the May 17 meeting materials. He added that there would be no formal presentation on this issue, so with the inclusion of the recommended changes in the Appendix as an information item for the Board’s review, a resolution was included in the Consent Agenda for approval of these changes as recommended.

CONSENT AGENDA:
Mr. Cochran then called for approval of the resolutions presented in the Consent Agenda. On a motion made and seconded, all resolutions in the Consent Agenda were approved unanimously, as presented.

Mr. Cochran noted the additional resolution on faculty personnel actions, as provided for each of the trustees. On a motion made and seconded, the Board approved the resolution recognizing faculty personnel actions. Those members of the faculty who were present were asked to stand for recognition and applause by those gathered.

ADDITIONAL RECOGNITIONS:
Mr. Cochran then invited Dr. Targett and Provost Grasso to join him at the podium for some special recognitions. He provided an overview of Dr. Targett’s work over the past year and expressed appreciation on behalf of the Board and members of the UD Community for her dedication and commitment to the best ideals of the University.

Mr. Cochran read into the record a resolution recognizing Dr. Targett as Dean Emerita and Distinguished Professor Emerita of Marine Biosciences. He then read into the record a second resolution recognizing and
acknowledging her contributions during her tenure as Acting President, and honored her for her exemplary service by removing the word “Acting” from her title, and officially recognizing her as the 27th – and first female – President of the University of Delaware.

On a motion made and seconded, the Board unanimously and enthusiastically approved the two resolutions as presented.

Dr. Targett was greeted with enthusiastic applause and a standing ovation by those assembled. She expressed her sincere gratitude to all members of the Board and the UD community.

ADJOURNMENT:
With no further business, the meeting was adjourned at approximately 4:30 p.m.

Respectfully submitted:

She added that the increased needs in Student Services could be absorbed with the exception of Career Services. With respect to the triple room arrangements, amenities would include large rooms in newer air-conditioned buildings, with three complete sets of furniture for the occupants. In addition, variable housing rates would be effective for 2016-2017. Ms. Thompson noted that these amenities had resulted in significantly increased satisfaction of students/families.

Ms. Thompson also discussed the impact of increasing enrollment by 1,000 students over the next five years. In this longer term scenario, 450-475 triple rooms would be in use by FY2022 (35% of first-year students), also while continuing to guarantee housing for all transfers and housing for all four years. Overall capacity increases would be predicted to rise from 102% in Fall 2017 to 107% in Spring 2022, and would preclude the possibility of moving to a sophomore residential requirement. In the area of Student Services, international student needs would have to be addressed; Ms. Thompson noted that a study is currently underway to determine resources needed in this area. With respect to Career
Services, UD’s Student to Staff ratio would be 894:1 vs. a Peer ratio of 609:1. The needs of international students would again need to be addressed, and a possible overall program review for Career Services could be needed.

Ms. Thompson also discussed continued efforts to enhance success and build on an environment for inclusive excellence. She noted that currently a search is underway to fill the position of Assistant VP – Student Life Diversity & Inclusion. Plans are also being discussed for a Multicultural Center on campus.

DEPARTMENT UPDATE ON EQUITY AND INCLUSION:
Dr. Groff reviewed the kNOw More Awareness Campaign rollout, noting that this program provides unified messaging across campus to communicate the goals of the plan while reinforcing that UD 1) takes matters of sexual misconduct seriously; 2) has a commitment to address sexual misconduct; 3) has a commitment to ongoing efforts to increase safety, education and awareness on the UD campus.

Dr. Groff also reviewed the broad efforts across campus in the areas of Education and Prevention. She noted that six information sessions would be offered during the spring semester. She also reviewed completion rates for online training to date of 67% full-time faculty; 99% full-time staff; 62% part-time faculty and staff, for an overall completion rate of 71%.

Dr. Groff also provided a summary of incident reports, noting that there are currently seven active investigations.

**CALL TO ORDER:**
Mr. Burns convened the meeting at 1:30 p.m. and welcomed all in attendance.

**PRESENTATION ON STRATEGIC PRIORITIES:**
Dr. Assanis made a special presentation on his strategic priorities as President of the University. He reviewed detailed information on his plans with respect to institutional goals, strategic planning, aspirations, the emerging set of peer institutions, and strategic principles. Dr. Assanis noted that he would make a similar presentation to all the committees at their respective fall meetings.

**DEFERRED MAINTENANCE:**
Mr. Krawchyk presented an overview of A Program for the Renewal of Existing Facilities, prepared by the Office of Facilities, Real Estate and Auxiliary Services (FREAS). He noted that this program has been developed to document and understand the gradual deterioration of building components and systems and to develop a strategic approach to fund, plan, and renew our physical assets, all while supporting the University's strategic vision.

The report was developed using the AuditMate database, and provides a comprehensive presentation of the deferred maintenance needs as well as an examination of every building component for all UD buildings (roofing, windows, interior finishes, etc.). In 2016, FREAS completed an assessment of 433 buildings and determined for each the Facilities Condition Index (FCI - the industry assessment standard). The FCI will be used as the benchmark by which facilities can be prioritized for needed action. Mr. Krawchyk noted that over one-third of UD’s square footage
falls in the 50- to 70-year building renewal window. FREAS assessed the top 25 UD facilities with the highest FCI rating, 11 of which are academic buildings and eight of which are research facilities. The recommended action plan for facility renewal will require the addition of approximately $18 million per year to the capital projects budget for FY18 through FY22, with approximately three percent of that funding being used for program management.

Mr. Krawchyk noted that he will continue to provide this report to the Committee at future meetings, including updates on actions taken.

IRS 990 OVERVIEW:
Mr. Oler reviewed the University’s 2014 IRS Form 990 Part I Summary, Line 19, which showed $216 million revenues less expenses. He noted that some members of the UD community have interpreted this to mean the University has a large surplus available to support operating activities. In an effort to clarify this issue, Mr. Oler felt it was appropriate to review the $216 million revenues less expenses and its relationship to the operating surplus reflected in the audited financial statements.

Mr. Oler provided an overview reconciling the IRS 990 form to the audited financial statements, particularly the IRS 990 Part 1 Summary revenue less expenses ($216 million for fiscal 2015) and its relationship to the GAAP operating surplus.

Part I of the 990 only shows realized gains and losses and does not display the reversal of the unrealized gains and losses that had been recognized in previous years.

Mr. Oler emphasized that the University’s audited financial statements are the best resource for information on the University’s financial position.

PROJECT SUMMARY:
Mr. Krawchyk reviewed a new Project Summary that provides a comprehensive view of projects requiring approval, project notification(s), projects in progress, and projects in planning and design in a quick-reference format. Mr. Krawchyk noted that the new summary also provides information on scope, schedule, and budget for each of the projects, but that full details for the individual projects were available in the Appendix of the meeting materials.
CAPITAL PROJECTS FUNDING PLAN:
Ms. Hudson reviewed the capital projects funding plan for FY2017 through FY2020. The presentation of the information has been revamped to correspond to the categories of projects as they are presented in the Project Summary, previously outlined by Mr. Krawchyk.

PROJECTS REQUIRING APPROVAL:
Mr. Krawchyk outlined three projects requiring approval, including the description, project schedule and project budget for each:

- Drake Hall – Phase II Renovations;
- Pearson Hall – Makerspace;
- Worrilow Hall – Food Processing Center.

Following review and discussion on each of the projects, on a motion made and seconded, the Committee approved the three projects as presented.

REAL ESTATE:
Mr. Sunkett reviewed the details of several real estate matters, including descriptions, project schedule and budget projections:

- STAR Campus – Phase III: a new 10-story tower, planned by Delle Donne & Associates, Inc., will provide needed expansion space for the College of Health Sciences and corporate partners. This project will be developed under the existing ground lease between Delle Donne & Associates, Inc. (STC III) and 1743 Holdings, Inc.
- STAR Campus – Audion: as an enhancement to the STAR Campus’ goal of fostering innovation and entrepreneurship, the Audion space will provide state-of-the-art conference capabilities for the University community and our corporate partners.
- STAR Campus – College of Health Sciences Facility Lease: an expansion of the College of Health Sciences will be housed in the new tower planned by Delle Donne & Associates, Inc., and will be leased to provide needed space for the College’s teaching and research mission.

Following review of the details of each of these projects and following discussion on each, on motions made and seconded, the Committee approved the accompanying resolutions for each of these projects.
Mr. Sunkett also reviewed continued efforts on the STAR Campus – Newark Regional Transportation Center. Presently, several agreements are being drafted between the University and DelDOT for the land transfers, ground lease and easements which are necessary to move this project forward. Mr. Sunkett noted that requests for final approvals on this project are expected to be brought forward for the Committee’s consideration at its February 2017 meeting.

Mr. Sunkett added that a letter of interest has been released by the Office of Real Estate to solicit interest from the hospitality marketplace in the development of a full service hotel with restaurant and conference center for the STAR campus. A report will be provided to the Committee on the responses received.

OTHER MATTERS:
There were no additional matters for the Committee’s consideration.

Minutes of the Committee’s meeting of April 14, 2016

RESOLUTION FOR APPROVAL:
On a motion made and seconded, the following resolution was approved:

RESOLVED, to recognize the personnel actions (faculty emeriti and promotions and tenure) presented in the November 2, 2016 meeting booklet of the Trustee Committee on Academic Affairs.

CALL TO ORDER:
Mr. Borel convened the meeting at 10 a.m. and welcomed all in attendance.

PRESENTATION ON STRATEGIC PRIORITIES:
Dr. Assanis made a special presentation on his strategic priorities as President of the University. He reviewed detailed information on his plans with respect to institutional goals, strategic planning, aspirations, the emerging set of peer institutions, and strategic principles. Dr. Assanis noted that he would make a similar presentation to all the committees at their respective fall meetings.

UPDATES FROM THE PROVOST:
Dr. Grasso provided updates on a variety of issues, including gift support from the Unidel Foundation of $9.8 million this year, the largest amount the University has received in many years. He also highlighted the expansion of the College of Health Sciences on STAR Campus, and the incorporation of entrepreneurial studies as part of the General Education requirements.

COMMENTS FROM PRESIDENT OF THE FACULTY SENATE:
Dr. Dhurjati noted that his goals as President of the Faculty Senate include improving trust and respect among faculty, between faculty and administration, and between faculty and the Board. He also noted that transparency and use of technology can enhance the work environment and increase efficiency. He added that he also will focus on recruiting the best faculty to participate in Faculty Senate committees and serve as officers.

BLUE HEN SUCCESS COLLABORATIVE:
Dr. Okagaki, Deputy Provost for Academic Affairs, made a report on the Blue Hen Success Collaborative (BHSC), which is a coordinated effort led by faculty, staff, and academic leadership to implement the Education Advisory Board’s (EAB) Student Success Collaborative Platform.
The BHSC will have a major impact on the work UD can do to support undergraduate students from initial enrollment to graduation. By combining technology, best practice research and predictive analytics, the BHSC will help UD leverage data and manage advising and academic support resources to increase retention and graduation rates for undergraduate students. This system will help advisors better recognize and intervene with at-risk students—increasing retention and graduation rates—particularly for those who are from underrepresented and underserved populations.

A pilot group of faculty and staff advisors, with representation from all of the colleges, will utilize the platform in fall 2016. The BHSC is being released over the course of three to four semesters with features being implemented in a strategic fashion. Additional advisors and campus service offices will be added throughout 2017-2018.

LIBRARY STRATEGIC PLAN:
Dr. Dawes, Vice Provost for Libraries and Museums and May Morris University Librarian, joined UD on July 1, 2016, succeeding Susan Brynteson, who retired in August, 2015.

He discussed the goals of the Morris Library, set within the parameters of five strategic themes identified by Dr. Assanis when he assumed the UD presidency:

- Enhancing the success of our students
- Building an environment of inclusive excellence
- Investing in our intellectual and physical capital
- Strengthening interdisciplinary and global programs
- Fostering a spirit of innovation and entrepreneurship

Dr. Dawes noted that the Library will undergo a strategic planning process that will help to more closely align its goals – and necessary actions – to the university’s mission. This process will begin in fall 2016 with the planning process targeted to be complete in early 2017.

Dr. Dawes added that the Library has often been referred to as the “intellectual heart of the university.” While this is true because of the vast collections to which the Library provides access, the Library is much more than its collections. It is a boundary-spanning organization that brings people together; helps with the teaching, learning, research, and scholarly mission of the campus and broader community. The Library staff will continue efforts to enhance the perception of the Library and will continue to do so through the changes that can be expected under the new leadership – at the Library and across the campus. The planning process will be the first step in setting this new direction.

2. **WHEREAS**, Wells Fargo is the Trustee under the will of Edward C. Davis, and

   **WHEREAS**, the will provides that Trust income shall be paid to the University of Delaware "for scholarships for students in the School of Civil Engineering at the University of Delaware, or for such other purposes as the University shall, in writing, represent to the Trustee at the time of any such payment or payments that it needs for some specific purpose in advancing the efficiency of the School of Civil Engineering are greater than its needs for scholarships in that school."

   **NOW, THEREFORE, BE IT RESOLVED**, that the President of the University be, and hereby is, directed to certify in writing to Wells Fargo that the University needs an estimated amount of $180,000 for undergraduate scholarships during FY 2018, and that the University's need for the balance of the Trust income for
FY 2018 for fellowships for graduate students, for facilities renewal, and for faculty support of named professorships in the Department of Civil Engineering is greater than the University's need for additional undergraduate scholarships in that Department, and further,

BE IT RESOLVED, to request the Trustee to pay the income from the Trust to the University for such support.

3. RESOLVED, that the Committee approves the concept proposed by the Blue Hen Investment Club to provide a two percent payout of the Club’s investment return annually to UD’s charitable organizations that actively engage throughout the campus; and

BE IT FURTHER RESOLVED that, in the spirit of the educational experience associated with not only managing a fund, but engaging the UD student body, the following stipulations be included:

1) The Office of the Vice President for Student Life to approve all final charitable funding initiatives.
2) The Blue Hen Investment Club imposes limits on the amount any one charity can receive in terms of overall payout (currently established at $10,000 per charitable organization).
3) Ensure there is clarification regarding communication of the strategy and mission of the funding and the criteria the Blue Hen Investment Club will use for selection.
4) Establishment of a two-year timeframe, after which this initiative will be re-evaluated.

CALL TO ORDER:
Dr. Puglisi convened the meeting at approximately 10 am and welcomed all in attendance.

PRESENTATION ON STRATEGIC PRIORITIES:
Dr. Assanis made a special presentation on his strategic priorities as President of the University. He reviewed detailed information on his plans with respect to institutional goals, strategic planning, aspirations, the emerging set of peer institutions, and strategic principles. Dr. Assanis noted that he would make a similar presentation to all the committees at their respective fall meetings.

RESOLUTION ON FINANCIAL SIGNATURE AUTHORITY:
Mr. Oler explained that the limits of Financial Signature Authority were last increased by resolution on November 12, 2007 by the Trustee Committee on Finance. Administration is recommending an increase in approval limits for
executive leadership including the President, Executive Vice President, and Provost to aid in conducting routine financial transactions. Mr. Oler reviewed the Table of Authorities provided in the meeting materials and the areas of the proposed increases in approval limits. Following discussion, on a motion made and seconded, the Committee approved the recommended increases as presented.

PRESENTATION BY THE BLUE HEN INVESTMENT CLUB:
The Blue Hen Investment Club presented the concept of introducing a 2% payout which would go toward charitable organizations that actively engage throughout the campus. A discussion around the involvement of student life, conflicts of interest, payout limits and allocations, as well as governance were all discussed.

In the spirit of the educational experience associated with not only managing a fund, but engaging the UD student body, on a motion made and seconded, the Committee approved a resolution approving the concept with the following stipulations included:

1) The Office of the Vice President for Student Life to approve all final charitable funding initiatives.
2) The Blue Hen Investment Club imposes limits on the amount any one charity can receive in terms of overall payout (currently established at $10,000 per charitable organization).
3) Ensure there is clarification regarding communication of the strategy and mission of the funding and the criteria the Blue Hen Investment Club will use for selection.
4) Establishment of a two-year timeframe, after which this initiative will be re-evaluated.

INVESTMENT VISITING COMMITTEE REPORT:
Mr. Walter reviewed the oversight roles of the IVC, as delegated by the Trustee Committee on Finance. These include management oversight of the pooled endowment portfolio, reporting oversight of the Blue Hen Investment Club, Funds Held In Trust By Others and Life Income Funds. In 2015, the Executive Committee added oversight of the University’s 403(b) Plan and the Finance Committee added management of the Intermediate Investment Pool.

Mr. Walter reported that both the Intermediate Investment Account and the Pooled Investment Portfolio increased in value. He added that these returns have been achieved while maintaining a lower risk profile than both the benchmark and investment peers. Compared to Public AAU Endowment peers, UD’s FY15 return ranked in the 38th percentile, and by size, the endowment ranked 15th out of 26 peer universities. The UD Endowment ranks in the 38th percentile in endowment per student, and among Endowment and Foundations
of $1-3 billion, UD’s FY16 return ranked in the 38\textsuperscript{th} percentile. The median endowment with assets of $1-3 billion was -3.12\% compared to UD’s -2.34\% net return.

Looking forward, the market environment is expected to be more challenging with low interest rates and stagnant growth rates. Future endowment returns are expected to be muted, however, for FY17 the endowment is off to a strong start with a return of +3.62\% vs. +3.11\% in the benchmark (at 8/31/16). All major asset classes, except for private investments, are outperforming their benchmarks. With respect to asset allocations, the endowment is slightly overweight in global equity, hedge funds are transitioning to Direct Investing from Fund-of-Funds, Private Investments are expected to meet the 25\% allocation target by 2020, and the Fixed Income allocation is positioning for a rising interest rate environment.

REPORT ON INSURANCE/COVERAGE AND RATES:
Mr. Stokes provided a report on insurance coverage and rates for General Liability Coverage, Trustees’ and Officers’ Liability Insurance, Property Insurance, Owner Controlled Insurance Program, and Master Builders Risk Insurance. He noted that the insurance market continues to be favorable and stable, and that the University is somewhat insulated from market cycles due to UD’s participation in Pinnacle and the University Risk Funding Group. Mr. Stokes added that the five-year rolling Owner Controlled Insurance Program expired September 1, 2016 and there are currently no projects that require this coverage. Cannon Laboratory and South Academy Street Residence Hall projects were added to the Master Builders Risk coverage this past fiscal year.

FINANCIAL PERFORMANCE OVERVIEW – FY2016:
Mr. Oler reported on the UD Audited Financial Statements for the fiscal year ending June 30, 2016. He noted several budget fluctuations, which included:

- Increase in cash and cash equivalents due to the new intermediate pool and operating cash strategy;
- Decrease in investments due to a return of -2.34\%, endowment payouts and classification of investments;
- Increase in post-employment benefits liability due primarily to a decrease in interest rates in June 2016.

Mr. Oler added that the unrestricted operating surplus decreased significantly due to increased benefits costs in group health and post-employment benefit accruals, and the write-off associated with the anticipated sale of the Rodney property.
IRS 990 OVERVIEW:
Mr. Oler provided an overview reconciling the IRS 990 form to the audited financial statements, particularly the IRS 990 Part 1 Summary revenue less expenses ($216 million for fiscal 2015) and its relationship to the GAAP operating surplus.

Part I of the 990 only shows realized gains and losses and does not display the reversal of the unrealized gains and losses that had been recognized in previous years.

Mr. Oler emphasized that the University's audited financial statements are the best resource for information on the University's financial position.

ACCOUNTS RECEIVABLE DELINQUENCES:
Mr. Oler provided an overview of Accounts Receivable Delinquencies including several write-offs of uncollectible student accounts, as authorized and delegated by the Trustee Committee on Finance. Past Due Miscellaneous Receivables write-offs included uncollectible accounts for the Physical Therapy Clinic and UD's Children's Campus (Early Learning Center/The College School). Sponsored Programs Receivables included write-offs of 32 uncollectible accounts. None of these write-offs needed to be brought forward for the Committee's approval.

STUDENT LOAN PROGRAM DEFAULT RATES:
Mr. Oler reviewed Student Loan Program Default Rates, including the Perkins Program and the Nursing Loan Program. All were routine and required no action by the Committee.

GIFTS:
Mr. Oler reviewed the details of gifts received and as reported to the Trustee Committee on Public Affairs & Advancement. During the period of July 1, 2015 and June 30, 2016, no gifts with undue financial obligations were reported.

DAVIS TRUST RESOLUTION:
The Committee reviewed the recommendation on the Edward C. Davis Trust for FY2018, which provides scholarship and operational support for the Department of Civil Engineering. For FY 2017, income is estimated to be $279,084 (including a supplemental distribution of $58,800 related to the prior year). For FY 2018, the Chair of the Department of Civil Engineering is asking that $180,000 be approved for undergraduate scholarships, with the balance to be used for faculty support, fellowships for graduate student program development, and facilities
renewal. On a motion made and seconded, the Committee approved the resolution for the FY2018 disbursement, as outlined in the meeting materials.

RECOMMENDATIONS OF ENDOWMENTS:
Mr. Oler noted that there are times when the University seeks resolution on recommendations for endowments, for various reasons, seeking clarification on gift use and related restrictions. During FY 2016 there were 31 endowments created, for which no additional clarification was needed for gift use or restrictions.

ADJOURNMENT:
With no additional business, the regular session meeting was adjourned at 11 a.m.

CALL TO ORDER:
Mr. Grant convened the meeting at 1:30 p.m. and welcomed all in attendance.

REPORT ON GOVERNMENT RELATIONS:
Mr. Deadwyler provided an update on state and local government relations, including:
• An overview of the State of Delaware financial outlook, including FY2017 State Operating and Capital Budgets and potential impacts for UD;
• A review of 2016 Legislative opportunities and impacts;
• A review of proactive approaches and engagement efforts to strengthen the relationship between UD and Delaware State Legislature;
• An overview of Government Relations engagement events during the Fall 2016 and Winter/Spring 2017.

Ms. Anderson presented a report on Federal government relations, with the following highlights:
• Activities of the past six months, including the submission of 13 appropriations requests to DE’s Congressional delegation; 15 Congressional staff visits to UD’s campus, Delaware National Lab Day, and UD’s participation in USA Science and Engineering Festival;
• Forecasting of the 115th Congress;
• Issues to be addressed in the first 100 days of the 45th President;
• Upcoming Congressional Legislation and areas of concern;
• Upcoming UD Federal Relations events.
REPORT FROM THE OFFICE OF COMMUNICATIONS AND MARKETING (OCM):

Mr. Carter shared that in his new role, he is excited about the opportunity for the Office of Communications and Marketing to lend strategic value and competitive advantage to the University of Delaware. He noted that the keys to success will be collaboration and integration, and he reviewed concepts to enhance the UD Brand and bring it to life with creativity and impact, with the ultimate goal of showcasing UD as a university with extraordinary opportunities and yield a vibrant and connected community for creativity and learning.

REPORT AND UPDATE ON DEVELOPMENT AND ALUMNI RELATIONS (DAR):

Ms. Brand noted that the meeting materials included updates on the development efforts generally for the University and specifically for the Colleges and other focus areas. She encouraged the trustees to review the materials and to contact her team with any questions.

Ms. Brand reported that DAR had a very successful year and closed FY2016 with an historic fundraising total of more than $67 million. DAR’s development and campaign efforts for FY2017 will be focused on creating funding opportunities to support the strategic themes outlined by President Assanis. DAR will be identifying the principal gifts required to achieve the President’s vision, engaging campaign counsel and completing a peer assessment to strengthen the University’s fundraising potential.

DAR has launched a new opportunity for virtual alumni engagement through the UD Career Advising Network (UD CAN). The FY2017 goal of alumni advisors has been increased from 800 to 1,400 as the program’s early success has to date attracted 854 alumni advisors and 392 student advisees. Presently, the network includes alumni advisors over five decades (1970s to 2010s), with young alumni making up 47% of the group. All colleges are represented with College of Arts and Sciences, Business and Engineering being the top three. The group is geographically diverse with advisors in 36 states, District of Columbia and 10 countries. Ms. Brand noted that this engagement is the first step for many of these alumni: 39.3% have no engagement history with UD following their graduation and 46.5% have no giving history. Ms. Brand also discussed the used of Brazen as a virtual networking tool where events can be customized to target specific audiences and on the day of the ‘virtual event,’ participants enter from a main screen and then move among the ‘virtual booths’ that are set up for networking and interaction.

Another of DAR’s goals is increasing the alumni participation rate. Regional clubs and spirit cities will be engaged in a Regional Giving Challenge to leverage financial support for UD, while increasing the overall participation in alumni giving and capitalizing on the impact of peer-to-peer encouragement. The Regional Giving Challenge, which will be officially launched February 1,
2017, will be sponsored by the UD Alumni Association. The winner receives funds toward alumni programming for their club/spirit city. Special recognition will be given for highest rates of participation, highest increase in participation and highest increase in Young Alumni donors.

Efforts to expand UD’s regional presence include plans to hire a Director of Special Gifts for the NYC region, due to the significant number of UD alumni and UD parents, many of whom are highly rated as donor prospects. It will be a considerable advantage to have someone dedicated to this metropolitan area to engage with alumni and parents on a more regular basis. Ms. Brand added that also under consideration is the establishment of a NY office for DAR. The venue could serve multiple purposes, including serving as a location to hold events for Admissions or Career Services, or as meeting space for traveling UD executives, UD advisory boards or committees.

RESOLUTION FOR APPROVAL:
Mr. Grant called the Committee’s attention to the resolution included in the Meeting Booklet to recognize the generosity of individual donors.

On a motion made and seconded, the Committee approved the resolution as presented.

ADJOURNMENT:
With no additional business, the meeting was adjourned at approximately 2:45 p.m.

REVISIONS TO UNIVERSITY OF DELAWARE BYLAWS
ARTICLES 1, 2, 3 AS RECOMMENDED FOR APPROVAL BY THE BOARD OF TRUSTEES AT ITS SEMI-ANNUAL MEETING DECEMBER 13, 2016
Bylaws of the University of Delaware

ARTICLE 1: THE BOARD OF TRUSTEES

SECTION 1.1. COMPOSITION AND METHOD OF APPOINTMENT OF THE BOARD OF TRUSTEES

SECTION 1.1.1. Composition of the Board; Method of Appointment. The composition of the Board and method of appointment of Trustees shall be as prescribed by the Charter of the University.

SECTION 1.1.2. Vacancies; Resignation; Removal of Trustees.

SECTION 1.1.2.1. Any vacancy in the Board caused by the expiration of term, death, resignation or otherwise, of a Trustee who was appointed by the Governor shall be filled by the Governor, so that there shall at all times be eight members of the Board appointed by the Governor. All other vacancies shall be filled by election by the Board.

SECTION 1.1.2.2. Any Trustee may resign at any time by mailing or otherwise delivering a written resignation to the Chair of the Board or the Vice President and University Secretary.

SECTION 1.1.2.3. Any Trustee, upon recommendation by not less than two-thirds of the members of the Executive Committee, may be removed from the Board for any cause deemed by the Board to be appropriate, by the vote of two-thirds of the Trustees then serving.

SECTION 1.1.2.4. If any Trustee shall be convicted of a felony, whether the conviction resulted from a plea of guilty or nolo contendere or from a verdict after trial or otherwise, such member shall be deemed to have automatically resigned as a member of the Board as of the date of such conviction. If any Trustee shall be charged with a felony, such Trustee shall be placed on leave automatically during the pendency of the proceeding, unless thereafter by an affirmative vote of at least two-thirds of the Trustees the Board determines otherwise.

SECTION 1.1.3. Attendance at Board Meetings.

SECTION 1.1.3.1. The place of a Trustee who shall be absent from three successive regular meetings shall be vacated, unless the Board shall otherwise specially direct, and a vacancy thus created shall be filled as in other cases. The acceptance by the Board of an excuse for nonattendance shall be construed as a special direction that such absence shall not operate toward creating a vacancy. A Trustee appointed or elected and not accepting at or before the next regular meeting shall be considered as declining and a new appointment shall be made.
SECTION 1.1.3.2. Trustees shall attend Board meetings and meetings of standing, special, and visiting Board committees in person, except that a Trustee may, with advance permission of the Chair of the Board, participate in a meeting by means of telephone or video conference or similar medium that enables all persons participating in the meeting to hear one another.

SECTION 1.1.4. Honorary Counselor to the Board. The Board may in its discretion, from time to time, appoint any person to the office of Honorary Counselor to the Board, in recognition of long and distinguished service to the University. The Counselor to the Board shall be privileged to attend all meetings of the Board and speak on any matter coming before the Board and shall have such other functions as the Board may by resolution provide. An Honorary Counselor to the Board, not being a member of the Board, shall not be counted for the purpose of determining the presence of a quorum and shall have no vote.

SECTION 1.1.5. Trustees Emeriti. The Board may in its discretion, from time to time, appoint any former Trustee to the office of Trustee Emeritus of the Board in recognition of distinguished service to the University as a Trustee. A Trustee Emeritus shall be privileged to attend all meetings of the Board and speak on any matter coming before the Board and shall have such other functions as the Board may by resolution provide. A Trustee Emeritus of the Board, not being a member of the Board, shall not be counted for the purpose of determining the presence of a quorum and shall have no vote.

SECTION 1.2. POWERS OF THE BOARD OF TRUSTEES

SECTION 1.2.1. Powers of the Board. As provided in Section 5106 of the Charter of the University, the Board shall have the entire control and management of the affairs of the University; and nothing provided in these Bylaws shall diminish or reduce the Board’s plenary authority over all matters related to the control and management of the affairs of the University.

SECTION 1.3. MEETINGS OF THE BOARD OF TRUSTEES

SECTION 1.3.1. Regular Meetings. Two regular meetings of the Board shall be held every year at the University or such other location as the Chair of the Board shall determine, one in the fall and the other in the spring, the specific day to be determined by the Chair of the Board. Other regular meetings may be held on the call of the President, which the President may make at the President's own discretion, and shall make on the written request of any two or more Trustees.

SECTION 1.3.2. Special Meetings. Special meetings may be held at the call of the Chair of the Board, which the Chair of the Board may make at his or her discretion and shall make on the written request of at least six Trustees.

SECTION 1.3.3.1. The Secretary of the Board shall give notice of all regular meetings of the Board by sending to Trustees at their address of record a written notification at least two weeks in advance of regular meetings. At least three days’ written or telephone notice shall be given of special meetings of the Board; provided, however, that the Chair of the Board
may call a special meeting upon less than three days’ notice if special circumstances warrant. The time and place of all meetings and the purpose of special meetings shall be stated in the notice thereof, and the proceedings of special meetings shall be confined to the purposes therein stated and matters germane thereto.

SECTION 1.3.3.2. Notice in writing may be effected by mail, facsimile transmission, courier service, or email or similar electronic transmission, to each Trustee’s last known address. Notice shall be deemed given on the date sent or transmitted.

SECTION 1.3.3.3. Attendance at a meeting shall constitute waiver of notice, except when a Trustee attends a meeting for the express purpose of objecting at the beginning of the meeting to the transaction of any business because the meeting was not lawfully called or convened.

SECTION 1.3.4. Quorum. Nine Trustees shall constitute a quorum to do business; a lesser number may adjourn.

SECTION 1.3.5. Ex Officio Trustees. Ex officio Trustees as specified in the Charter of the University shall be entitled to vote at all Board meetings.

SECTION 1.3.8. New Business. No business properly referable to a standing committee or committees of the Board shall, prior to such reference, be considered in a meeting of the Board without the consent of (1) a majority of the Trustees present who are members of the committee or committees concerned and (2) an affirmative vote of a majority of the Trustees present.
SECTION 1.3.9. Executive Sessions. By order of the Chair of the Board or by vote of a majority of the Trustees present at any meeting of the Board, the meeting or a portion thereof may be closed to the public, subject to the applicable requirements of State law concerning access to such meetings. Executive sessions of the Board shall include the Trustees (including the President), the Vice President & General Counsel and the Vice President and University Secretary; provided, however, that should the subject of an executive session be the performance of a specific Trustee, or the Vice President & General Counsel, or the Vice President and University Secretary, then that person shall not be entitled to attend. Other individuals may be invited to attend all or portions of an executive session as deemed necessary by the Chair of the Board or other Trustee presiding in the absence of the Chair of the Board.

SECTION 1.3.10. Compliance with Delaware Freedom of Information Act. In those instances where Delaware’s Freedom of Information Act, 29 Del. C. Ch. 100 (“FOIA”), applies to activities of the Board, the Board shall act in compliance with FOIA.

SECTION 1.4. TRUSTEE CONFLICT OF INTEREST POLICY

SECTION 1.4.1. Scope. The purpose of this Conflict of Interest Policy is to protect the University’s interest if a transaction or arrangement to which the University is a party might benefit or might be seen as benefiting the private interest of a Trustee.

SECTION 1.4.2. Policy. It is the policy of the University that Trustees shall act in a manner consistent with their fiduciary duty and responsibilities to the University, and that, should they have a conflict of interest, they shall recuse themselves from Board consideration of the matter giving rise to the conflict of interest.

SECTION 1.4.3. Definitions. As used in this Conflict of Interest Policy, the following terms shall have the meanings indicated.

SECTION 1.4.3.1. “Trustee” means (a) a person serving as a voting or nonvoting member of the Board; (b) an honorary counselor to the Board appointed under Section 1.1.4; (c) a Trustee Emeritus or Trustee Emerita appointed to the Board under Section 1.1.5; and (d) a non-Trustee appointed to a visiting committee under Section 2.13.2.

SECTION 1.4.3.2. “Conflict of interest” means a situation in which a Trustee’s financial interest in a transaction for the provision of goods or services to the University for compensation or remuneration or his or her relationship with an organization compromises the Trustee’s independence of judgment, allows a Trustee to exploit his or her position for personal or financial gain, or causes harm to the University’s reputation.

SECTION 1.4.3.3. “Organization” means an individual, company, association, partnership, or other entity, whether incorporated or unincorporated and whether for-profit or not-for-profit, that provides or has expressed an interest in providing goods or services to the University for compensation or remuneration.

SECTION 1.4.3.4. “Affiliate” means (a) an organization of which a Trustee is an officer, director, trustee, partner, employee or agent; (b) an organization in which the Trustee has a
material interest; or (c) any spouse, parent, or child of a Trustee.

SECTION 1.4.3.5. “Material interest” means a financial interest in an organization by virtue of (a) ownership of five percent or more of the organization’s outstanding stock or comparable ownership interest in a non-corporate entity; (b) a paid consulting or employment relationship with the organization; or (c) receipt of a gift, favor, benefit, or service from the organization if the cumulative value of all such gifts, favors, benefits, and services received by such Trustee from such organization in any twelve-month period is $100 or more.

SECTION 1.4.4. No Compensation for Trustees. Trustees serve as volunteers and are not compensated for their services. Consistent with this policy, no Trustee may serve as a paid consultant to or enter into a paid employment or contractual relationship with the University or otherwise provide services to the University for payment while he or she is a Trustee or for a period of one year after service as a Trustee ends; provided, however, that the prohibition in this sentence shall not be construed or applied to prohibit a contract of full-time employment between the University and any Trustee who is employed by the University as (1) President or (2) a full-time member of the University Faculty if such Trustee was so employed prior to his or her appointment as a Trustee.

SECTION 1.4.5. Disclosure. Each Trustee shall be required to file on an annual basis, and at such other times as a potential conflict of interest may arise, a Disclosure and Compliance Affirmation Statement disclosing his or her financial interest, or that of an affiliate, in a transaction for the provision of goods and services to the University for compensation or remuneration and affirming that (1) the Trustee has read the Conflict of Interest Policy contained in these Bylaws, and (2) the Trustee will avoid participating in any University decision involving or affecting such transaction or where for other reasons the Trustee’s independent judgment could be affected by a conflict of interest.

SECTION 1.4.6. Recusal. Trustees shall avoid participating in any University decision in which, by any reasonable standard, institutional or other connections could influence the Trustee’s independent judgment. Where the Trustee is in doubt as to whether he or she should avoid participating in a decision, the Trustee shall raise the issue in advance with the Chair of the Board for determination.

SECTION 1.4.7. Quorum consideration. A Trustee who is recused under Section 1.4.6 may be counted in determining the presence of a quorum but such Trustee shall not be counted for purposes of determining whether a quorum exists with respect to the requisite action. In the event that the Chair of the Board is an interested Trustee, the senior Vice Chair of the Board in the case of the Board or the senior Trustee in the case of a committee of the Board shall undertake the powers and duties of the Chair of the Board or committee chair in connection with the matter under consideration.

SECTION 1.5. OFFICERS OF THE BOARD AND THEIR DUTIES

SECTION 1.5.1. Officers of the Board. The officers of the Board shall be a Chair of the Board, one or more Vice Chairs of the Board, a Secretary, and a Treasurer. Officers shall be elected annually...
by a majority vote of those present at the regular spring meeting of the Board. Officers shall each perform the duties imposed upon them in their respective offices by the Charter of the University, these Bylaws, and the general law, and shall hold their offices until their successors are elected. One Trustee may hold more than one office. The Board reserves the power to remove any officer and to fill vacancies occasioned by death, resignation, removal, or any other cause. Officers of the Board shall not be deemed officers of the University.

**SECTION 1.5.2. Chair of the Board.** The Chair of the Board shall preside at all meetings of the Board when present. The Chair of the Board shall have the authority to perform the duties imposed by law, the Charter of the University, these Bylaws, and resolutions of the Board. The Chair of the Board shall perform generally the functions of the executive head of the Board. The Chair of the Board shall be an *ex officio* member of all standing and special committees of the Board. With the exception of the Executive Committee, the Chair of the Board shall not be counted for purposes of determining the presence of a quorum and shall have no vote in standing and special committees.

**SECTION 1.5.3. Vice Chair of the Board.** In the event of the absence or disability of the Chair of the Board, the powers and duties of the Chair of the Board shall devolve upon the senior Vice Chair of the Board. In the event the senior Vice Chair of the Board is absent or unable to serve, or elects not to serve, the next senior Vice Chair of the Board shall be eligible to serve, and so on. Seniority shall be determined by the length of service in the office of Vice Chair of the Board. In the case of contemporaneously elected Vice Chairs of the Board, seniority shall be determined by length of service as a Trustee.

**SECTION 1.5.4. Chair of the Board pro tempore.** In the absence of the Chair of the Board and the Vice Chairs of the Board, the Board shall elect a Chair of the Board pro tempore to preside at that particular meeting.

**SECTION 1.5.5. Secretary.**

**SECTION 1.5.5.1.** The Secretary, through the Vice President and University Secretary, shall perform duties imposed by law and usually incident to that office except as otherwise provided by the Board. The Secretary shall, in addition to the sending of notices of meetings herein provided for, see that copies of the minutes of the preceding regular meeting and of any special meeting held since the last regular meeting are sent to each Trustee. As soon as possible after each meeting, the Secretary shall transmit to the proper officer, or to the chairs of the appropriate committees, all papers, matters, or business that may have been referred to them respectively. The Secretary shall notify, by letter, all persons elected or appointed to office by the Board and shall notify those upon whom honorary degrees are to be conferred.

**SECTION 1.5.5.2.** The Secretary may delegate to the Vice President and University Secretary or other appropriate officer of the University any of the duties of notification and transmittal.

**SECTION 1.5.6. Treasurer.** The Treasurer, through the Executive Vice President and Treasurer of the University, shall have general supervisory authority over the funds and moneys of the
University and the disbursement thereof, except to the extent that the Board may otherwise provide. The Treasurer shall render each year to the Committee on Finance a full report and an inventory of the investments of the University. The Treasurer shall also submit to the Board at its regular meeting in December an auditor’s report of all accounts up to the first day of the preceding July.

ARTICLE 2. COMMITTEES OF THE BOARD AND THEIR DUTIES

SECTION 2.1. STANDING COMMITTEES.

SECTION 2.1.1. The Standing Committees of the Board shall be: an Executive Committee; a Committee on Academic Affairs; a Committee on Finance; a Committee on Grounds and Buildings; a Committee on Honorary Degrees and Awards; a Committee on Public Affairs and Advancement; and a Committee on Student Life and Athletics. Each of these committees shall consist of not fewer than three members.

SECTION 2.1.2. Any matters appropriate for consideration by a standing committee ordinarily shall first be referred to that committee by the Chair of the Board, except when the Chair of the Board determines in his or her discretion that prompt action is needed. SECTION 2.1.3. The chair of each standing committee, with the concurrence of the Chair of the Board, shall have the authority to establish and appoint members to such subcommittees as he or she deems necessary or desirable to properly discharge the committee’s responsibilities and, when authorized by the Executive Committee, to appoint non-voting, advisory members who are not Trustees to attend and participate in the meetings of the standing committee or its subcommittees.

ARTICLE 4: INDEMNIFICATION AND ADVANCEMENT OF EXPENSES OF TRUSTEES AND OFFICERS

SECTION 4.1. ELIGIBILITY FOR INDEMNIFICATION. Any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he or she is or was a trustee or officer of the University of Delaware, or is or was serving at the request of the University as a trustee, director, or officer of another corporation, partnership, joint venture, trust or other enterprise, shall be indemnified by the University against expenses (including attorneys’ fees), judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with such action, suit or proceeding, if the trustee, director, or officer acted in good
faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the University, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful; provided, however, the University shall indemnify any such person seeking indemnification in connection with a proceeding (or part thereof) initiated by such person only if such indemnification is authorized by the Board. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he or she reasonably believed to be in or not opposed to the best interest of the University, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his or her conduct was unlawful; provided, however, if the action referred to above is brought by or in the right of the University to procure a judgment in its favor, no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the University unless and only to the extent that the Court of Chancery of the State of Delaware or the Court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses that the said Court shall deem proper.

SECTION 4.2. INDEMNIFICATION AGAINST EXPENSES. To the extent that any such person has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in Section 4.1, or in defense of any claim, issue or matter therein, he or she shall be indemnified against expenses (including attorneys’ fees) actually and reasonably incurred in connection therewith.

SECTION 4.3. DETERMINATION OF ELIGIBILITY. Except as provided in Section 4.2 or ordered by a court, any indemnification authorized by Section 4.1 shall be made by the University only as authorized in the specific case upon a determination that indemnification of the trustee, director, or officer is proper in the circumstances because he or she has met the applicable standard of conduct set forth in Section 4.1. Such determination shall be made (1) by the Board by a majority vote of Trustees who were not parties to such action, suit or proceeding even though less than a quorum, or (2) by a committee of such trustees designated by majority vote of such trustees even though less than a quorum, or (3) if there are no such trustees, or if such disinterested trustees so direct, by independent legal counsel in a written opinion.

SECTION 4.4. ADVANCE PAYMENT OF EXPENSES. Expenses (including attorneys’ fees) incurred by the persons identified in Section 4.1 in defending a civil or criminal action, suit or proceeding referred to in Section 4.1 shall be paid in advance of the final disposition of such action, suit, or proceeding upon receipt of an undertaking by or on behalf of such a person to repay such amount unless it shall ultimately be determined that he or she is entitled to be indemnified by the University as authorized by these Bylaws.

SECTION 4.5. MISCELLANEOUS. The foregoing rights of indemnification and advancement of expenses shall in no way be exclusive of any other rights of indemnification and advancement of expenses to which any such trustee, director, or officer may be entitled, under any other Bylaw, agreement, vote of disinterested trustees or otherwise, and shall continue as to a person who has ceased to be a trustee, director, or officer and shall inure to the benefit of the heirs, executors and administrators of such a person.
ARTICLE 5: AMENDMENT OF BYLAWS

SECTION 5.1. AMENDMENT OF BYLAWS. These Bylaws may be altered or amended at any meeting by a vote of a majority of all Trustees.

OPENING:
Chairman Cochran convened the meeting at 3 p.m. and welcomed all those in attendance.

Mr. Cochran requested a moment of silence in remembrance of friends of the University who had recently passed away. He then called on Ms. McDaniel for the Attendance Report and the Treasurer’s Report.
On a motion made and seconded, the minutes of the Board’s meetings of May 12, 2015 and November 18, 2015 were approved as presented in the Meeting Booklet.

REPORTS OF THE PRESIDENT AND PROVOST:
Acting President Nancy Targett welcomed trustees, faculty, administrators and community members while highlighting goals and accomplishments as she leads transition efforts to welcome Dennis Assanis, who will become the University’s next president on July 1, 2016. Noting that the meeting marked her 161st day as acting president, Dr. Targett said the next several months should be just as busy as the fall semester. She highlighted progress and priorities including encouraging a diverse and welcoming community, constructing an innovation/entrepreneurial ecosystem, cultivating a strong development network and fostering relationships, both on and off campus.

Dr. Targett also discussed the confrontations and conversations about racial animosity and exclusion that have stirred students on the campuses of many prominent institutions of higher education during the past year, including UD. She noted that coming to terms with a centuries-old and complicated history of race in Delaware means that the entire University community needs to pull together and continue a dialog marked by engagement, purpose and respect. Dr. Targett discussed a recently released draft action plan to address diversity and inclusion at UD includes diversity education, a clear path for reporting bias or harassment and plans to develop more ways to recruit and retain minority students and faculty. She added that during the spring semester, UD expects to have a full synthesis of current diversity and inclusion efforts and how they are working, followed by a gap analysis of what else is needed and the additional resources necessary to support such recommendations.

Dr. Targett also discussed the University’s commitment to continuing its role as an institution that creates leaders as it fosters and creates an innovation and entrepreneurial ecosystem that sets UD apart from its peers in the highly competitive world of 21st century academics. She noted the excellent resources at the Delaware Technology Park and the STAR Campus, and said that, regardless of students' majors or passions, the University is encouraging them to become the next generation of innovators, with support groups that include the Horn Program Advisory Council and the President’s Leadership Council.

Dr. Targett also discussed re-engaging alumni and encouraging their continued support while cultivating the financial support of generous friends and dedicated UD faculty and staff, and engaging relationships encompassing the entire UD community.
University Provost Domenico Grasso updated trustees on faculty achievements, diversity efforts, infrastructure and research investment, and the scheduled rollout of the University’s newest blueprint for the future, “Delaware Will Shine.” Dr. Grasso noted that the plan does not exist as a silo unto itself, but rather sets a framework that informs everything the University does while setting a high bar of excellence. Dr. Grasso also noted the release of the draft of the University’s blueprint to help integrate diversity and inclusion across areas of the UD campus titled ‘Inclusive Excellence: An Action Plan for Diversity at UD.’ He added that the document was issued out of the Office of the Provost by Carol Henderson, vice provost for diversity, who has been working with partners all across UD to build and refine the plan.

Dr. Grasso complimented the remarks made earlier in the meeting by Targett, and said the University needs to continue its efforts in creating a more welcoming, engaged and equitable campus community for everyone at UD.

Dr. Grasso noted the infrastructure and research investment efforts that included the opening of the new Caesar Rodney dining and residence hall, the grand opening of the JPMorgan Chase Innovation Center, and the nanofabrication facility housed in the Harker Interdisciplinary Science and Engineering Laboratory, which is slated for completion in January.

Dr. Grasso also cited award-winning achievements by faculty and researchers in each of UD’s seven colleges.

CALL TO ORDER:
Mr. Borel convened the meeting at 10 a.m. and welcomed all in attendance.

UNDERGRADUATE ADMISSIONS REPORT:
Mr. Lucier reported that the Office of Admissions is on pace to meet the enrollment goals for the fall 2016 incoming class, with a focus on recruiting academically talented and broadly diverse students. Of special note, the efforts in this recruitment cycle have yielded gains in international applications and strong gains in international admits. Strong numbers remain with respect to Delaware resident applicants, a group whose numbers reached an historic high last year.

The University is receiving about the same number of applications from underrepresented groups of students as it did last year which was a record year for diverse applicants to the University. However, the record is mixed; while the pool of African American applicants continues to grow, the Latina/o pool declined this year.

Mr. Lucier also reviewed highlights of:
- International recruitment efforts and improved servicing for international students;
- Applications by college;
- New strategies to increase domestic applications.

Mr. Lucier also outlined the continued success of the Delaware in DC and the World Scholars programs. New enrollment management initiatives for the year include Get Ahead and Delaware Innovation Fellows (DIF). The Get Ahead program is open to all incoming first-year students and
gives them the opportunity to enroll in up to 8 credits of coursework in the summer, propelling them to advanced standing as they begin their first year. The DIF program is a four-year program that provides students from every discipline the opportunity to develop their entrepreneurial skills and talents, and includes a project-based internship.

PROMOTION AND TENURE:
Dr. Kinservik provided an overview of the University of Delaware promotion and tenure process, which is founded upon peer review and administrative evaluation, and is similar to nearly all other American colleges and universities. In spring 2014, Provost Grasso issued a letter to the faculty explaining his interpretation of the promotion and tenure standards (provided for the Committee’s review).

Dr. Kinservik also reviewed the minimum standards for promotion as included in the Faculty Handbook’s statement on promotion and tenure. As part of the campus-wide revision of promotion and tenure documents this year, departments are establishing a clear promotion path for non-tenure track faculty (minimum standard is excellence in teaching or service) and all departments have been encouraged to exceed the minimum standard for promotion on the tenure track established in the Faculty Handbook.

As is common at other schools, candidates create a dossier that documents their achievements in teaching, scholarship, and service. This dossier is sent to external reviewers, experts in the field who submit a confidential report on the strengths of the case. The dossier, including the external reviews, is then reviewed in this order: the department’s P&T committee, the department chair, the college’s P&T committee, the dean, the university’s P&T committee, and then the provost. The Vice Provost for Faculty Affairs is responsible for overseeing the promotion and tenure process.

Dr. Kinservik noted that some aspects are unique to UD’s process, such as every academic unit establishes its own guidelines and criteria for promotion, approved by the dean and the provost and published on the provost’s Web page. Cases are to be judged against those guidelines. Unlike many other schools, at UD candidates receive a copy of the ruling at each level of review and they have the right to appeal at any (or every) level of review. Another uncommon feature is that candidates may add favorable material to the dossier at any (or every) level of review.

GRADUATE AND PROFESSIONAL EDUCATION:
Dr. Ardis provided an overview of UD’s Graduate and Professional Education. The Carnegie Foundation for the Advancement of Teaching classifies the University of Delaware as a research university with very
high research activity—a designation accorded less than 3 percent of U.S. colleges and universities. UD also ranks among the nation’s top 100 universities in federal research and development support for science and engineering.

Dr. Ardis noted that a signature feature of a research university’s mission is the vertical integration of faculty research, scholarship and creativity activity into graduate and undergraduate education. To come to UD for graduate study is to be part of UD’s research enterprise. As graduate students work side-by-side with and are mentored carefully by UD’s faculty, they make significant contributions to the University’s objectives of creating new knowledge and cultivating new and emerging fields of research, scholarship and artistic expression. They also benefit tremendously from our faculty’s success in securing external research funding support from federal agencies, corporations and foundations.

Dr. Ardis added that UD is somewhat unusual as a research university with very high research activity with respect to the “intellectual density” of our student body—that is, the ratio of doctoral candidates to undergraduates. At UD, this intellectual density is very low, while the number of master’s and doctoral candidates has historically been fairly equal. At most AAU institutions, ~25% of the total student enrollment is at the graduate level, whereas ~17% of UD’s overall enrollment has historically been at the graduate level. Dr. Ardis noted that changing UD’s intellectual density would require rethinking internal funding allocations and enhancing both development activities for graduate education and external grant-activity related to graduate education and research training.

Current inclusive excellence initiatives related to doctoral education are designed to: 1) strengthen ladders of access to the PhD; 2) improve future faculty preparation for undergraduate STEM teaching, and 3) enhance doctoral funding support while also addressing time-to-degree and career pathway issues.

REVIEW OF FACULTY AND PROFESSIONAL PERSONNEL ACTIONS:

The Committee reviewed the personnel actions outlined in the meeting booklet, including new tenurable appointments, emeritus appointments, and appointments to named professorships.

ACADEMIC PROGRAM RESOLUTIONS:

The Committee reviewed several academic program resolutions. Following review, on a motion made and seconded, the resolutions were approved as presented.
UPDATE ON PROPOSED REVISIONS TO UD BYLAWS ARTICLE 3:
Dr. Targett and Mr. Sparks reviewed the process, timeline, and proposed revisions to Article 3 of the University’s bylaws. Dr. Hofstetter expressed appreciation to Dr. Targett and Mr. Sparks for the work they have done and for the openness with which the process has been conducted. Mr. Cochran in turn expressed appreciation to Dr. Hofstetter and members of the faculty who have been involved in this process. Dr. Targett and Mr. Sparks noted that the proposed revisions to Article 3 will be finalized and brought to the Executive Committee for further review at its May meeting.

CALL TO ORDER:
Dr. Puglisi convened the meeting at 1 p.m. and welcomed all in attendance.

BOND FINANCING UPDATE:
Mr. Oler provided an update on expected actions on the 2013C Variable Rate Revenue Bonds and the 2005 Variable Rate Demand Bonds. The update was provided for the Committee’s information and no action was required.
403(b) UPDATE:
Mr. LaPenta provided an update on the revisions to the 403(b) plan offered by the University. Aon Hewitt Investment Consulting was retained to evaluate the Plans’ administrative service providers (TIAA and Fidelity) and the underlying investments. Aon also assisted in the formation of two Committees, the Retirement Plans Administrative Committee and the Retirement Plans Investment Committee to effectively and efficiently evaluate the plan.

Mr. LaPenta reviewed the recommendations of the two Committees, which include
- Moving to a single administrative service provider resulting in simplification of the plan;
- Providing a new "best in class" investment menu;
- A reduction in investment fees;
- Enhanced communication, education and advice services.

Mr. LaPenta noted that TIAA had been selected as the administrative service provider with implementation expected January 1, 2017. Benefits to plan participants and the University include:
- Enhancing participant enrollment experience;
- Simplifying the plan to assist employees in fund selection;
- Reducing participant fee structure;
- Creating administrative efficiencies;
- Improving plan compliance.

Mr. Townsend asked for reassurance that all new participants in the 403(b) plan are made of aware of liquidity restrictions. Mr. LaPenta and Mr. Walter noted that the funds will be reviewed on a regular basis.

INVESTMENT VISITING COMMITTEE UPDATE:
Mr. Walter provided an update on the management and reporting oversight roles of the Investment Visiting Committee, as delegated by the Trustee Committee on Finance. Recent additions to the management oversight responsibilities are the University’s 403(b) plan and the Intermediate Investment Pool.

Mr. Walter noted that as of March 31, 2016 the pooled investment portfolio had a market value of $1.42 billion, which represents a decrease in market value due to the $16 million distribution to the University in March 2016.

With respect to long-term performance, the endowment has achieved better returns while taking less risk than other endowments. The annualized performance results have exceeded the benchmark by 79bps
annually, and the endowment has better long-term risk-adjusted returns than both the benchmarks and peers.

Mr. Walter also discussed the challenging market environment, noting that the endowment is well-positioned for this type of market with a defensive bias relative to benchmark. Mr. Walter also reviewed allocations in the various asset classes.

ENDOWMENT SPENDING RATE RECOMMENDATION:
Mr. Oler reviewed the University’s Endowment Spending principles, noting that the twelve trailing quarter average market value as of December 31, 2015 was $94.00 per unit, a 3.70% increase from the prior year of $90.64. The December market value per share was $92.07 compared to the 2007 high of $101.77. For FY 2016, the approved unit distribution is $3.90 which is equal to 4.30% of the December 31, 2014 twelve trailing quarter average market value.

Mr. Oler stated that for FY 2017, management is recommending the proposed unit distribution to remain at $3.90, which is 4.24% of the December 31, 2015 twelve trailing quarter average market value. This recommendation contemplates the current volatility in the market as well as a lower projected long-term rate of return of the pooled portfolio.

He added that the $3.90 distribution rate is expected to provide approximately $29.4 million for the FY 2017, unrestricted operating budget ($29.4 million in FY2016, $27.9 million in FY 2015) and $22.5 million for restricted and designated purposes ($22.5 million in FY 2016, $21.3 million in FY 2015). In addition, Mr. Oler noted that these estimates do not include the effect on income created by additional gifts to the endowment.

The Committee engaged in a detailed discussion of the prudence of continuing to move the endowment payout rate toward the four percent (4%) level. Following discussion, and on a motion made and seconded, the Committee approved the resolution to maintain the proposed unit distribution rate at $3.90 for FY 2017. Mr. Sparks requested that the record reflect that the Committee’s discussion on this matter indicated a bias in terms of moving toward the level of four percent (4%) for next year and also requested a budget impact statement for FY 2018.

ACCOUNTS RECEIVABLE DELINQUENCIES:
Mr. Oler reviewed delinquencies over 90 days past due from tuition, room and board, library and parking fines, noting that all were fairly routine. He reviewed a summary of student accounts receivable write-offs and net bad debt expense since September 1, 2015, noting that the EVP had authorized the write-off of 56 uncollectible accounts aggregating $198,228 and the President had authorized the write-off of three (3) uncollectible
accounts aggregating $46,832. Mr. Oler also reviewed past due miscellaneous receivables, noting that since March 1, 2015, the EVP had authorized the write-off of seven (7) uncollectible accounts aggregating $25,052.

Mr. Oler noted that there was one account recommended for write-off totaling $20,103, an amount due from a second semester international Freshman who withdrew after the free drop/add period. The student has presumably returned to their home country making collection efforts unsuccessful.

Following review, on a motion made and seconded, the Committee approved the accompanying resolution for the write-off of this account in the total of $20,103.

The Committee engaged in a discussion of the level of accounts receivable write-offs brought forward for consideration and approval. On a motion made and seconded, the Committee approved a change to the Committee’s Responsibility #4 to provide for the Committee’s review and approval of write-offs in excess of $100,000.

STUDENT LOAN PROGRAM DEFAULT:
The Committee received information on default rates for Perkins Program loans, Nursing Program loans, and Federal Direct Loans. All relatively low compared to peers and national averages.

RESTRICTED GIFT CERTIFICATION:
The meeting materials included a report on Details of Gifts Received during the period of July 1, 2015 through December 2015. No gifts with undue financial obligations were noted.

ENDOWMENT MARKET VALUE VERSUS ORIGINAL GIFT VALUE:
Materials were provided to the Committee indicating that, as of January 31, 2016, income for zero accounts is being reinvested due to the Underwater Endowment Policy.

MORRIS SPECIAL PROJECTS ENDOWMENT REPORT:
Endowment income available in 2015-16 from the Morris Family Special Projects Fund is approximately $658,000. The income in fiscal 2016 will be used to honor the Morris family by being applied toward support of the Cyber Security Initiative and also, in combination with other funds, to enhance special collections in the Morris Library.

The University has launched a Cyber Security Initiative, which includes developing educational programs for undergraduate and graduate students. Funds will provide partial support for the initiative.
The University has begun a planning process to increase the visibility of, and programming related to, our special collections. This will integrate with the University’s strategic planning process. Funding for the enhancement of special collections in the Morris Library will be used in support of the forthcoming recommendations from that plan.

PROPERTY PLANT AND EQUIPMENT INVENTORY:
University policy calls for an annual physical inventory of equipment to be completed by each University unit.

A total of 148 items with an original cost value of $4,495,355; accumulated depreciation of $4,224,649 and a net book value of $270,707 were removed from Property Records during FY 2015 at an average original cost of $30,374 per item. There were 17 items with original cost of $50,000 or more. The items written-off were primarily scientific equipment, computer equipment and vehicles. The total write-offs at original cost represent less than one percent (1%) of the total cost value of the equipment inventory. The write-offs at net book value represent less than one percent (1%) of the equipment inventory’s net book value. A complete detailed physical inventory was performed in FY2015 by the responsible unit administrators.

ADJOURNMENT:
With no additional business, the meeting was adjourned at 1:50 p.m. for an Executive Session.
